Chardonnay

SOUTH AUSTRALIA

FINE WINE CLUB - MAY 2016 - BARRY WEINMAN

"Smells like a proper Chardonnay, with quite ripe stonefruit characters. The palate has gentle creamy notes, hints of honey, musk and even a touch of minerality. The finish is clean and neutral, with a textural component that will work well with food. Good value quaff and great value for those on a tight budget."

FROST ON THE VINE - MIKE FROST - MAY 2016 - 90 POINTS

There's stone fruit, melon and a dash of oak on the nose and palate of this well-priced white from South Australia. It's one to enjoy young and fresh by itself or with fresh seafood or chicken kebabs."

WINSOR DOBBIN - MAY 2016

"There are days when you don't want to splash out on a bottle of wine; days when you are satisfied with a chardonnay that is clean, well made and refreshing. This is a wine for those days; tropical fruit salad flavours dominate with the merest hint of oak in the background, but it is well balanced and ideal for serving chilled, maybe paired with fried seafood dishes, or some spicy Portuguese chicken. Terrific midweek drinking."

QWINE - MARCH 2016 - RATING: 'GOOD +'

"White fleshed peach, lemons, tropical melon and pineapple husk aromas. Fresh with a youthful vibe and not bogged down by clumsy or chunky oak often found at this price point. An easy drinking wine driven by good fruit, and whilst there's not oceans of depth, some toasty oak is guided by a gentle hand. A touch of hazelnut adds interest at the death."
