

PRINCIPAL'S RECOMMENDATION SCHEME

CQUniversity's Principal's Recommendation Scheme is an early offer program that provides Year 12 students with an alternate entry pathway to a CQUniversity course. Through this Scheme, Year 12 students can apply for a course and receive an unconditional* offer based on the recommendation of their school Principal, rather than an ATAR.

With entry based on a Principal's recommendation, this Scheme recognises that factors such as motivation, talent and passion play an important role in student success at university.

HOW IT WORKS

The Principal's Recommendation Scheme is an ideal entry pathway for all Year 12 students, whether they are on track for an ATAR or not.

The application process is simple and fast. Students apply direct to CQUni and attach their school Principal's recommendation letter with their online application.

Applications are processed within 48 business hours, so students can receive an early unconditional offer for a CQUni course before their senior results are released.

We've also kept the requirements of the Principal's recommendation letter as lean as possible. The recommendation letter must:

- » be on school letterhead
- » list the student's full name and the name of the course that the student is being recommended for
- » be signed and dated by the Principal.
