# Term 2 Work Experience

Jordan Lacey @  
Sweetly Simple

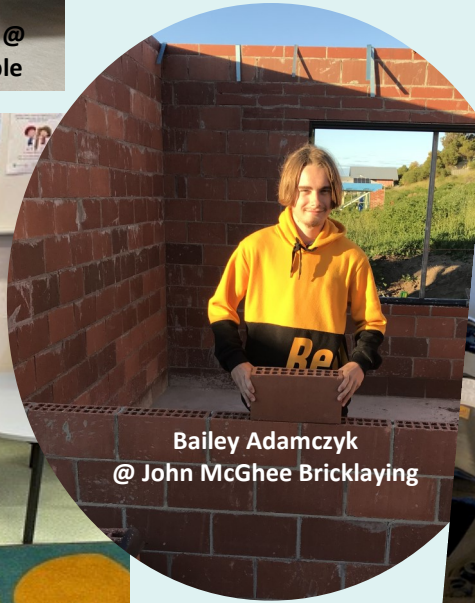

Term 2 was a very busy term for our Year 10 – 12 students who attended work experience. For most of our students it was a very successful program with some students being offered part-time work as a result of the great impression they made during their work placement. Well done to all involved and a big thanks to Mrs Partington for her hard work in organising the placements.
