

Key changes to USC's Early Offer Guarantee

2020 has been an unsettling and challenging time for everyone, particularly for Year 12 students. There's never been more reason for your students to gain some certainty in their plans for 2021 through USC's Early Offer Guarantee program.

The Early Offer Guarantee enables eligible Year 12 students to receive an early and guaranteed place at USC as early as August. These offers are made before the release of Year 12 results, so students do not have to wait until the December or January QTAC offer rounds to start planning their uni journey.

Key changes in 2020

- Offers can be made to students as early as 21 August
- Offers will be made most Fridays between 21 August and 23 October
- Offers will not be made during the Year 12 external examination period
- Offers made before 20 November will be conditional on the student completing Year 12
- Applications can be submitted via email, in person or by post
- We will accept applications throughout the application, however you can still hold all applications and send in bulk if preferred
- Applications received in the last week of the application period will be made offers on 20 November
- If your school isn't producing Semester 1 report cards for Year 12 students, we'll accept the student's most recent progress report or report card

View the [Guidelines for schools](#) for further information or contact our Student Central team to discuss the assessment process on (07) 5430 2890 or information@usc.edu.au.
