

Transport & Logistics Pathway Program

Creating Pathways to Employment

Information for schools, parents and students

What is Transport & Logistics Pathway Program?

Transport & Logistics Pathway Program is a school to work transition program developed for the Transport & Logistics industry.

The program prepares students for employment while they are still at school, through structured workplace learning. It includes unpaid work experience placement and completion of an industry-endorsed and nationally recognized qualification – TLI21815 Certificate II in Logistics.

Students enter the program in Year 11 or 12.

Transport & Logistics Pathway Program is a partnership between the following stakeholders:

- Employers who provide the work placement experience and future employment opportunities for participants
- Registered training organisations (RTO) which provide the training and assessment services required for the delivery of the industry endorsed and nationally accredited qualification
- Secondary schools which supply and support the students undertaking the program
- School students who participate and commit to completion of the program whilst at school
- Parents/guardians who support the students to participate and complete the program
- Department of Employment, Small Business and Training, which provides funding for the provision of the qualification through the VET In Schools (VETiS) program.

Benefits for Schools

Schools are able to:

- Provide training and employment opportunities for students
