Standing Together

Let's stand together to create healthy relationships and a community where everyone feels respected and safe

Standing Together is an Anglicare WA initiative offering free one-hour presentations on the signs and drivers of family & domestic violence and how as a community we can work together to prevent it.

Parish & Community Presentations

We can all support the prevention of family and domestic violence whether or not we are likely to experience violence in our own lives.

Facilitated by Anglicare WA, the Standing Together presentation provides an opportunity to grow awareness and understanding of the many forms of family and domestic violence, what drives its prevalence, and how as a community we can all participate in its prevention.

Parish Council - Safe Ministry Discussion point

Safe Ministry is a shared responsibility across all areas of the Diocese – it is everyone's responsibility to ensure our places are safe for all people, especially for children and young people.

As introduced in the E-Bulletin on 5 May the National Principles for Child Safe Organisations provide a framework to guide the Diocese in ensuring safe cultures and practices are in place.

National Principle 1 states that child safety and wellbeing is embedded in organisational leadership, governance and culture. The discussion point for this month is:

How do you, both as Parish Council members and in your individual roles, help nurture and uphold a culture of safety, care, and integrity in your parish?
