2019 RIESLING

SOUTH AUSTRALIA

VINEYARD

Angove Organic Riesling is grown from organically certified grapes grown in our own Nanya Vineyard, near Paringa South Australia.

Vintage 2019 started normally following a dry, yet cool, uneventful spring. As harvest progressed this changed and an unprecedented heatwave in early January caused the vines to shut down for a couple of weeks. With decades of experience in the region our vineyard team was well prepared and provided the vines with adequate water prior to this, ensuring healthy full canopies and fruit that was unaffected by this extreme weather event. As the weather moderated into February the vines awoke from their slumber and ripened the fruit to perfection. We harvested a slightly below average quantity of high quality fruit, possibly the best we have seen in farming this section of the vineyard Organically.

WINEMAKING

Picked late at night to harvest the grapes as cold as possible the grapes were transported to the winery and pressed using modern tank presses. After cold setting the clear juice was carefully racked to cooled fermentation tanks and inoculated with selected yeasts. Cool fermentation was followed by minimal handling filtration and bottling at the Angove organically certified winery.
