

ANGOVE

SINCE 1886

FAMILY WINEMAKERS

ORGANIC

2017 ROSÉ

SOUTH AUSTRALIA

VINEYARD

Angove Family Winemakers is one of Australia's leading Organic winemakers.

The Shiraz for this wine was grown in the Angove family's certified organic Nanya vineyard in Paringa, perched high on the cliffs overlooking the mighty River Murray. 15+ year old vines growing in deep, light sandy loam over a bed of limestone on gently undulating east-west ridges. This Magnificent vineyard is a showpiece for organic viticulture and we work towards improving the health of the vines and the soil with extensive undervine mulching, no artificial herbicides or pesticides and only natural fertiliser to achieve outstanding fruit quality with the added benefit of caring for our environment.

WINEMAKING

Harvested in the cool light of dawn in early February whilst the berries still had a reasonable acidity but also good sugar and flavour ripeness, they were crushed and held on skins for a short period to allow a little colour pickup and then drained and pressed to ensure minimal tannin in the final juice. Fermentation occurred under cool, temperature controlled conditions in stainless steel with a specially selected yeast to ensure retention of maximum flavours and aromas.

TASTING NOTES

COLOUR	Pale salmon pink.
AROMA	Fresh cherry, watermelon and blueberry.
FLAVOUR	Cherry, red berry and a clean finish.
CELLAR POTENTIAL	Drink Now!

HAVE IT WITH ...

Fresh summer salad or smoked salmon bruschetta

Certified Organic
Vegan Friendly
Minimal Preservatives
