### 2018 Sauvignon Blanc

SOUTH AUSTRALIA

GRAPE EXPECTATION - MAX CRUS - 24.02.19 - 8.8/10

"Vegan friendly and minimum preservatives allegedly, which is better than friendly preservatives and minimum vegans. The marketing might be unsustainable but the drinking isn't."

QWINE - STEVE LESZCZYNSKI - 13.09.18 - 87 POINTS

"Simple pleasures - Organic Sauvignon Blanc from the Riverland. Tropical fruit, spoonfuls of passionfruit, guava, grassiness and green herbs. Not a lot of depth, it's crisp to finish. Good refreshment and would be a simple fix for fish 'n' chips by the seaside."
