WILD OLIVE

2016 Shiraz

McLAREN VALE

HERALD SUN - TONY LOVE - 31.11.17 - 4 STARS

“The Angove family wines are renowned for great value and this certified organic (grapes and winemaking) shiraz has a great honesty to it. It’s straight forward in styling and feels and tastes pure and unaffected with very little oak influence in play. The result is a fresh, vital, crimson-fruited, modern shiraz with some regional earthiness and also a note of bay leaf and mint.”

SYDNEY MORNING HERALD - 31.10.17 - 89 POINTS

“This is the best shiraz I’ve tasted to date from this certified organic brand. It has pleasing depth as well as drinkability, delivered with some polish. Spice and dark-cherry aromas, a bright and nicely balanced palate with appropriate tannin grip and a clean aftertaste. I can enjoy it straight away.”

STEVE LESZCZYNSKI - Q WINE - 05.10.17 - 90 POINTS

“Delivery is smooth, not too dissimilar to the old Glenn McGrath bowling action. Line and length hitting the spot with accuracy. Dark berry fruit the main players. Some chocolate, but this is more about that McGrath-esque delivery - easing into the crease offering consistency and getting results. Fine spices peer through at the death. If you looking for a pleaser, this is right on the money.”
