

Section 17 of the Freedom of Information Act 1982

FOI 2026\5830

Date created: 16 September 2026

Purpose: To identify any existing electronic register, database extract, matter list or, where reasonably producible under section 17 of the FOI Act, a document listing APVMA regulatory matters concerning veterinary vaccines using messenger RNA (mRNA) technology between 1 January 2018 and the date of the request (10 August 2026). This includes applications for registration or approval, permit and research permit applications, pre-application assistance matters, formal regulatory enquiries from developers, and regulatory assessment matters.

The table below identifies the products specified by the applicant and the categories of data located by the APVMA. The table is intended to assist the applicant to understand the nature of the records held and to refine the scope of the request if required.

Date or Year	17 April 2023	13 January 2026
Registrant	NSW Department of Primary Industries	NSW Department of Primary Industries
Matter/application/permit reference	PAA 139362	PAA 151874
Intended animal species	Cattle and Buffalo (LSD) Sheep and Goats (BD) Pigs and Cattle (FMD)	Cattle and Buffalo (LSD) Sheep and Goats (BD) Pigs and Cattle (FMD)
Intended disease or indication	Lumpy Skin Disease (LSD) Border Disease Virus (BD) Foot & Mouth Disease (FMD)	Lumpy Skin Disease (LSD) Border Disease Virus (BD) Foot & Mouth Disease (FMD)
Status/outcome	PAA advice given	In progress
Whether food-producing animals involved	Yes, but not used for any human consumption during testing phase	Yes, but not used for any human consumption during testing phase
Human food-consumption safety, residues, metabolism, kinetics or withholding periods were recorded as an assessment requirement	Yes	Advice in progress
