What is WA Day?

WA Day celebrates the people, places, cultures and stories that make Western Australia extraordinary.

Produced by Celebrate WA, the free WA Day Festival brings together more than 100,000 people across two days for live music, culture, food, family entertainment and shared community experiences.

Held at Burswood Park on 21–22 November, the WA Day Community Chorus will take to the stage on both days, performing as part of one of the State’s largest community celebrations.

The Community Chorus embodies the spirit of WA Day, bringing Western Australians together through music, connection and a shared sense of belonging.
