

Jakarta's Interconnection Capital

**MT Haryono St, Jatinegara,
East Jakarta**

Digital Realty's CGK11, strategically located between East and South Jakarta, is Indonesia's home of interconnectivity.

This state-of-the-art facility offers high-performance access to a diverse ecosystem of 25+ network providers, clouds, partners, and internet exchanges. With more than 2,300 m² of world-class data center space, CGK11 provides scalable colocation solutions, from single racks to multi-megawatt deployments.

Benefit from robust security, reliable power, and efficient cooling, all backed by Digital Realty's global expertise and commitment to sustainability.

At a Glance

- 2,336 m² IT space
- 25+ network providers
- Uptime Tier IV facility
- 24x7 onsite security and technical staff
- Advanced fire detection and suppression systems
- Less than 1 km to fire brigade, police station, and hospital
