Program Brief

As the Young Leaders Camp is a new initiative for 2024/25 season the program will be trialled with a small cohort with the aim to further enhancing development and leadership opportunities for members in the 18–25-year-old age bracket.

The pilot program will provide members with the opportunity to become aware of their personal leadership style and the strength and weaknesses of that style. Attendees will have the opportunity to meet SLSWA leaders and participate in an advanced coasteering where they will need to use skills developed over the camp.

Attending this camp is highly recommended to any member interested in attending the SLSA National Leadership College (NLC) or Masterclass.
