A MESSAGE FROM THE PREMIER

**“...the role
of the surf
life saving
movement
in WA is
even more
relevant and
crucial to our
way of life.”**

The past six months have presented enormous difficulties and challenges for Australian communities as we have all fought tenaciously to overcome the devastating impact of COVID-19.

I have been extremely proud of the resilience and the self-discipline of Western Australians who have accepted and complied with the stringent measures which had to be imposed as we fought to contain this global pandemic.

It is no surprise that the surf life saving movement in this State has played a significant role in our quest to maintain some level of a normal lifestyle by ensuring we have been able to continue to safely enjoy a recreational pursuit so deeply engrained in the Australian culture - the beach.

Of course, it is unfortunate that Surf Life Saving WA was unable to hold the Nipper and Senior State Championships at summer's end. However, the fact that WA clubs and members were able to maintain regular patrols and other essential safety services is testimony to the strong community commitment of your organisation.

As we emerge from the global pandemic, it has become obvious that the role of the surf life saving movement in WA is even more relevant and crucial to our way of life. During the months of lockdown and cancellation of all organised sports, our beaches became a much more valuable recreational option.

The important role played by the surf life saving movement in WA has always been recognised and appreciated by State Governments.

My thanks to President Craig Smith-Gander and the board, Chief Executive Officer James O'Toole and his staff and all the clubs involved in organising thousands of hours of volunteer patrols and training. The role of your organisation and the countless hours volunteers put in each year patrolling beaches and saving lives are greatly valued by all Western Australians.

Mark McGowan MLA
Premier of Western Australia

A MESSAGE FROM THE PRESIDENT & CEO

Craig Smith-Gander - President

James O'Toole - CEO

It is our pleasure to present to you our Annual Report for the 2019/20 season. Undoubtedly, this season was one like no other however, despite the impact of COVID-19 and the challenges that it presented us, we still finished the season with some significant wins and progress across all of our pillars, in no small part thanks to the efforts of our clubs and members.

The season started off on a high as we saw year one of our new Woodside Nippers partnership roll out across WA beaches, and what an impact that had, with every Nipper kitted out in their new Woodside Nippers uniform. Thanks to a Lotterywest grant, we also saw every club receive a new Woodside Nippers equipment trailer filled with essential equipment, plus an additional seven nipper boards to each club thanks to partner AGL Energy. All of this support helps us to continue to grow our program and we saw participant numbers up 4% on the previous season.

Despite the last-minute cancellation of our SunSmart Nipper and Open Championships in March as COVID-19 restrictions came into place, overall, our surf sports season saw many triumphs. At the start of the season, we welcomed partner Healthway back on board for a further three years, which will see us continue to promote the important SunSmart health message across our surf sport season.

We were delighted to be able to send three WA teams to contest the new national Super Surf Teams League and, with some exceptional performances by our roster of athletes, come away victorious with the inaugural winner's trophy.

We also hosted our first ever carnival at Smiths Beach over the Australia Day long weekend, our largest of 2020 with more than 1,100 competitors from 20 clubs.

In training and education, we saw the introduction of two new member training opportunities, being the Drone Operators Award and Advanced Lifesaver Training,

both of which saw significant uptake. Unfortunately, training delivery was impacted by COVID-19 with all training ceasing in March. Despite this, award activity was comparable to last season and we will see this activity recommence as restrictions ease.

One activity that did not stop was that of patrolling. As West Australians flocked to our beaches during this period of uncertainty, it was to the credit of our clubs and members that they continued to put the safety of the beach-going community to the forefront, implementing modified formats around patrol activities to enable continuous essential service delivery during this much needed time.

Over the past season we were also successful in securing a number of new Lifeguard Service contracts, which sees our people patrolling an additional five WA beaches.

Despite the disappointment of having to cancel a number of member events, including the inaugural Nipper & Youth Awards, the Sporting Hall of Fame & Life Member Dinner, and our 2020 Awards of Excellence, these challenges were met head on as the team were able to deliver two high quality, professional video ceremonies to ensure the achievements of our clubs and members were appropriately recognised.

Another significant announcement made late last year was the purchase of a property in Margaret River, which will serve as a development centre for our surf life saving community. We are excited about the potential for this new facility and the opportunities it will provide for our clubs and members into the future.

Our new strategic plan, which outlines how we envisage surf life saving in WA will look over the next five years, was recently released and we would like to thank the membership, whose involvement in pulling together this document was integral.

We thank our partners, who continued to support us across this period of uncertainty, and we are grateful for their ongoing support as we head into a new season. We also thank our many community supporters, whose contributions through our fundraising activity are invaluable in helping us keep the WA beach-going community safe.

We thank the McGowan state government, which has continued to provide significant support to our movement and the delivery of essential lifesaving services to the WA community, and commend their leadership in these exceptional times.

We also acknowledge and respect the leadership of our Club Presidents over the past season. The challenges encountered have been unprecedented and, in the face of this, our Presidents have led their members with clear and concise direction.

We would like to recognise the Surf Life Saving WA Board of Directors and the staff, who have met and overcome the challenges of the recent months.

As we close out the 2019/20 season with a record number of members and significant achievements to our collective names, we recognise that there is still some uncertainty on the horizon. We do know that as an organisation we are well placed to meet these challenges, and we encourage our members to continue to support their clubs and each other as together, we move forward.

We look forward to seeing you all on the beach again soon.

Craig Smith-Gander
President

James O'Toole
Chief Executive Officer

LEGENDS OF THE SURF

The Legend of the Surf status is the single highest honour bestowed upon individual competitors and teams affiliated with SLSWA. This award signifies the exceptional and outstanding achievements of an individual or team within their chosen surf sport discipline.

Donald Morrison OAM

Cottesloe SLSC - Inducted in 2012

In Don Morrison's era, the belt race was the most prestigious individual event, equivalent to the Ironman event today.

A true champion of the surf, Don Morrison dominated the belt race in WA for more than a decade and won four national surf belt gold medals between 1948-1953, among a number of silver and bronze. He also toured with the Australian team, represented Western Australia on 16 occasions and was a member of WA's successful R&R teams in 1958 and 1963.

Kenneth Vidler

Scarboro SLSC - Inducted in 2012

When Ken Vidler retired from top-level competition, he was Australia's most-decorated surf lifesaving representative; he won more than 50 medals during his surf life saving career, which spanned 23 years at junior and senior level.

Ken was a natural athlete who represented both his state and country, with notable success in Ironman, single ski and double ski events, as well as kayaking, where he went on to represent Australia in a four-man kayak team in the 1980 Moscow Olympics.

North Cottesloe J Crew

North Cottesloe SLSC - Inducted in 2015

In 100 years of surf lifesaving competition, only four clubs have managed to win the national Open Surf Boat title on multiple occasions, with the North Cottesloe J Crew (2006-09) the only team to win four of these titles back-to-back.

North Cottesloe J Crew members: Jack Allis (Sweep), Peter Charles, Shaun Colton, Kim Greville, Jonathon Fievez, Derek Knox and David Porzig.

SPORTING HALL OF FAME

Western Australia has a strong history and track record of producing outstanding surf sports athletes.

Our state is home to many present day and former sporting champions who have honed their skills at our local surf clubs and gone on to dominate surf sports at a state, national and international level.

The Surf Life Saving WA Sporting Hall of Fame recognises these outstanding athletes and their exceptional efforts, and welcomes deserving new inductees each year at the Surf Life Saving WA Awards of Excellence.

LIFESAVING SERVICES

Photo credit: Mandurah SLSC

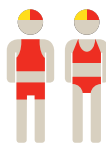

Saving lives is at the core of what we do. Our Lifesaving services include a range of volunteer and paid services, delivered to the community based on service need and profile. These essential and critical services are provided to mitigate the exposure of the beach-going public to coastal hazards and risks and enable us to make a considerable contribution to communities in WA by enabling safer participation in coastal aquatic recreational activities, through the saving of lives and a focus on enhancing injury prevention.

Through our clubs, SLSWA coordinates volunteer surf life saving patrols at many of Western Australia's most popular accessible beaches during the surf life saving season.

While the volunteers put themselves in hazardous situations to perform many rescues when people get into trouble, they also play an active role in preventing potentially life threatening situations as well as regularly being called upon to administer first aid for a variety of situations that occur both on and off the beach.

While the implementation of a range of restrictions and behaviours around COVID-19 influenced the nature of services provided toward the end of the season, our 5,475 volunteer surf lifesavers from clubs across Western Australia completed 100,853 patrol hours. Our clubs and members who continued to deliver these essential services to the community in light of the pandemic are to be commended.

SLSWA is the largest provider of professional beach lifeguard services in Western Australia, managed under contract for local and state government agencies. Lifeguard services provide a pathway of development for our membership, as well as employment opportunities.

In the 2019/20 season, we successfully secured two additional lifeguard service contracts, including the City of Mandurah and the Shire of Augusta-Margaret River, which saw us deliver lifeguard services to a further five beaches in WA.

The following beaches were serviced by SLSWA Lifeguards throughout the 2019/20 season:

- Middleton Beach (Albany)
- Smiths Beach, Yallingup Beach, Meelup Beach, Bunker Bay
- Margaret Rivermouth Beach
- Pyramids Beach, Town Beach, Falcon Bay, San Remo
- Secret Harbour
- Mersey Point (Penguin Island)
- Cottesloe Beach
- The Basin (Rottne Island)
- City Beach and Floreat Beach (inc. a roving service)
- Mullaloo Beach, Sorrento Beach, Hillarys Boat Harbour
- Quinns Beach, Yanchep Lagoon (inc. a roving service)
- Cable Beach (Broome)

SLSWA's state government funded Westpac Lifesaver Rescue Helicopters play a crucial role in coastal safety and identifying emergencies. These highly trained crews (both paid and volunteer personnel) conduct coastal surveillance patrols on the lookout for people in distress, incidents on beaches, potential threats including rip currents and marine life including sharks, and search and rescue missions as tasked.

SLSWA operates two services, with coverage along the metropolitan and south west coast. Based out of Rous Head, Fremantle, the metro service patrols from Port Bouvard in the south to Yanchep in the north and Rottnest Island in the west, while the south west service, based out of Busselton Margaret River Airport, provides coverage over popular coastal destinations between Bunbury and Hamelin Bay.

Last season, both services operated from the start of September through to the end of April performing 1,040 patrol hours, up 17% on the previous season and commensurate with a 17% increase in km's patrolled.

*Direct Warnings - Helicopter sounds alarm (and may use public address system) to warn of imminent danger.

*Preventions - the number of people exiting the water due to the issuing of a Direct Warning.

FISHERMEN SWEEPED OFF ROCKS NEAR MARGARET RIVER

On the morning of Saturday 25 April 2020, Surf Life Saving WA's Busselton based Westpac Lifesaver Rescue Helicopter (WLRH) was contacted by the WA Water Police advising that two fishermen had been swept off rocks near Contos Beach, south of Margaret River. Arriving on scene approximately 20 minutes later, air crew identified two persons in the water, sadly one appeared deceased.

The WLRH deployed a Rescue Crew member who dropped

into the water from the helicopter and, with a rescue tube, swam to the aid of the conscious fisherman, supporting him in the water for some 30 minutes as they awaited the arrival of water-based emergency services.

Were it not for the arrival of the WLRH, whose crew was quickly able to locate the fishermen and provide immediate assistance as they awaited other support services, it is likely neither individual would have survived.

OPERATORS

SLSWA's Drone Patrol continues to add value to our lifesaving services through the provision of localised aerial surveillance, providing important support to on beach patrol activities and our Westpac Lifesaver Rescue Helicopters, and increased member pathways and opportunities for participation.

This season was the second in a partnership between Westpac and Surf Life Saving Australia, delivering the Westpac Lifesaver Rescue Drone Patrol (WLRDP) program, which is delivered by seven WA clubs including City of Perth, Cottesloe, Fremantle, Mullaloo, Secret Harbour, Smiths Beach and Trigg Island.

In addition to these WLRDP locations, SLSWA's Drone Patrol operates across a further five locations including Coogee Beach, Pyramids Beach, Quinns Beach, Scarborough Beach and, new last season, Swanbourne Beach, through either the local club or SLSWA lifeguard services.

Last season, our drone patrol activity clearly demonstrated the ability to achieve these outcomes in a dynamic operational environment including:

- 1,977 flights conducted – a 98% increase on the previous season.
- Nearly 600 hours of localised aerial surveillance delivered – a 97% increase on the previous season.
- Twelve endorsed clubs; and two locations associated with abalone patrols.
- Thirty-nine new operators successfully completed training and were endorsed to operate an SLSWA drone, taking the total number of endorsed operators to 74.
- Endorsement of Swanbourne Nedlands SLSC to deliver localised aerial surveillance at Swanbourne Beach.

Growing the operational footprint in the regions will be key to the future success of the program, while continuing to achieve and sustain operational compliance is important to the reputation of the service.

SEARCH & RESCUE
MISSIONS

SLSWA's Wesfarmers Jet Ski Program is an integral element of our lifesaving services, providing an additional resource for clubs to deliver effective lifesaving patrols, provide support to external agencies such as the WA Water Police through emergency response actions and search and rescue missions, and provide additional training and pathway opportunities for our members.

Currently, 36 jet skis are available at 23 locations across WA to deliver these capabilities, with 144 members trained and endorsed to operate the craft. During the 2019/20 season, over 1,000 hours of on-water time was delivered by these trained members.

The Wesfarmers Jet Ski Program is implemented across three levels of operations:

- **Wesfarmers Jet Ski Team** - Typically involved in providing patrol services at their club location and water safety services in association with club activities, these teams are managed by individual clubs. Last season, Trigg Island SLSC joined the team, adding a jet ski to their patrols within the City of Stirling and becoming our 20th club involved in the Wesfarmers Jet Ski Program.

With the introduction of state-wide restrictions and social distancing measures due to COVID-19, the Wesfarmers Support Operations Team delivered roving patrols between City Beach and Leighton Beach on key weekends throughout April, in support of on-beach lifesaving patrols with modified service profiles or teams.

These roving patrols were vital to sustaining coastal safety during a time when beach visitation remained high despite the pandemic.

- **Wesfarmers Support Operations Team** - Managed by SLSWA for the purposes of providing water safety at SLSWA managed events and activities including surf sports, lifesaving, and training and development initiatives, these teams are also integral in providing high levels of on water support during abalone patrols. Last season, operators and assets were mobilised from eight clubs during each of the four, one-hour fishing sessions between Yanchep and Penguin Island.
- **Wesfarmers Emergency Response Team** - An elite service that may be called upon at any time of the year to respond in potentially life-threatening situations, often in extreme and hazardous conditions, these teams operate within a regional space and are managed by, and report directly to, SLSWA.

Ongoing training for new and existing team members is essential to ensure attainment and maintenance of essential skills. Last season, team members participated in marine search and rescue training scenarios alongside WA Water Police divers and volunteer marine rescue in the Yallingup/Cape Naturaliste region, ensuring they were equipped to respond should a situation necessitate.

Last season, the Wesfarmers Emergency Response Teams were tasked to support 13 search and rescue missions spanning from Geraldton to Esperance.

WESFARMERS EMERGENCY RESPONSE TEAM RESPOND TO MISSING PERSON SEARCH IN ESPERANCE

On Thursday 2nd January 2020, SurfCom received a call through 13SURF advising that an individual had gone missing off Picnic Cove near Esperance. Within 10 minutes of receiving the call, key members of the Wesfarmers Emergency Response Team (WERT) from Esperance Goldfields Surf Life Saving Club had responded and were on-site. Less than 20 minutes after having received the call, with no further sightings of the individual, a search and rescue was declared.

Between Thursday and Sunday, members of the WERT spent 19 hours conducting on water search. The jet skis were vital

in the search activity as their manoeuvrability enabled them to operate within close proximity to the rocky coastline, towing members of the WA Police Dive Squad.

Tragically, on Tuesday 7th January, the WERT was called upon by the WA Police to assist in the recovery of the body of the missing individual from local waters.

The WERT was commended by the WA Police Dive Squad for the professionalism and high performing skillsets demonstrated during the search.

SUPPORT OPERATIONS

SURFCOM

As the State Operations Centre, SurfCom plays a crucial role in frontline communication and coordination support to all SLSWA lifesaving services. The range of supporting activity includes 13SURF tasking, media coordination, operational asset tracking and distress monitoring, incident logging and recording, monitoring of the Emergency Rescue Communications Network, and call taking and dispatching.

SurfCom is resourced to provide frontline services with ready access to information such as lifesaving operational procedures and local laws to provide key links between external lifesaving and emergency service agencies that require incident response.

SurfCom also plays a pivotal role in beach safety messaging through the live public updates provided via Twitter and BeachSAFE.org.au, which include notification of beach closures, shark sightings and general coastal safety advices.

During the 2019/20 season, SurfCom received almost 400 requests from frontline services that required additional resources to be despatched, including paramedics, police and other Surf Life Saving resources.

13SURF AND ST JOHN AMBULANCE FIRST RESPONDER PROGRAM

13SURF is an emergency services hotline number manned by SurfCom and SLSWA Duty Officers and is key to providing a direct communication link for external emergency management agencies to Surf Life Saving first response resources, or to request the tasking of relevant lifesaving services to assist during coastal emergencies. External agencies that regularly use the 13 SURF program include St John Ambulance and the WA Water Police.

Over the 2019/20 season, 100 calls were received via 13SURF seeking assistance from Surf Life Saving resources to respond to active incidents.

CAPITAL EQUIPMENT SUPPORT PROGRAM

The Capital Equipment Support Program, supported by the WA Government through the Department of Fire and Emergency Services, completed its second of a five-year program. This generous and ongoing support demonstrates strong recognition of the value of SLSWA's services to the safety of the community. In 2019/20, the grant facilitated clubs receiving Side by Side All-Terrain vehicles, Inflatable Rescue Boat hulls and outboard engines.

ABALONE FISHING PATROLS

ABALONE PATROL

1,019
PREVENTATIVE
ACTIONS

Recreational abalone fishing in WA's West Coast Zone is the world's shortest licenced fishing period, open for up to five hours each season. It is also one of the most dangerous. With around 16,000 recreational licences issued each year, the hugely popular activity sees fishers descend on inshore reef around the metropolitan area during the one-hour fishing periods, relying on SLSWA and our members to provide critical incident prevention and rescue services.

In February, through the state government's Recreational Fishing Initiative Fund, we were successful in securing a three-year grant to support the delivery of our critical incident prevention and rescue services. This financial support will enable sustainable service delivery by both SLSWA and our participating clubs and volunteers and will be applied to initiatives across the key areas of prevention, rescue, education, research and regulation.

15
RESCUES

35
FIRST AIDS

Last season, we continued to apply improvements adopted in previous seasons, along with increased levels of on beach, on water, and aerial services across the four fishing periods.

In addition, five surf life saving clubs hosted abalone patrol across 10 locations, while a further 11 provided support by way of personnel and equipment, which included members travelling from the Mid-West and Great Southern regions of WA.

The combined efforts of SLSWA and our clubs to deliver this vital safety service required:

- 125 volunteer surf life savers
- Over 400 person hours across 11km of coastline
- 9 Inflatable Rescue Boats
- 14 Wesfarmers Jet Skis
- 2 Drones
- Westpac Lifesaver Rescue Helicopter

Overall, outcomes were extremely positive with good weather conditions, improved fisher behaviour, and high levels of lifesaving resources provided resulting in a fatality free West Coast Zone season.

SCARBOROUGH SUNSETS

Surf sports play a key role in the Surf Life Saving movement and aid in developing the necessary skills to carry out surf lifesaving's core purpose – saving lives.

Annually, thousands of members utilise and challenge their lifesaving skills in a competitive sporting environment by participating in various surf sports events throughout the year.

KEY EVENTS & ACTIVITIES

SUNSMART WA SURF LEAGUE

The WA Surf League returned for its third year, along with a new naming rights partner, SunSmart, thanks to a new three-year partnership with long term surf sports partner Healthway.

The series was once again a great success as it showcased WA's best surf lifesavers racing in team format, with rounds held at Scarborough, Sorrento and Secret Harbour, plus new events in the mixed Ski and Board relays, and the Ocean M relay.

All three rounds were once again livestreamed across YouTube and both SLSWA's and Surf Life Saving Australia's Facebook pages, achieving in excess of 49,000 views, up approximately 50% on the previous year.

City of Perth continued their dominant form from the previous year, once again taking out all three rounds to claim the overall title, with North Cottesloe in second and Trigg Island in third.

NIPPER CLINICS

During the 2019/20 season SLSWA delivered three free Nipper Clinics for our young members, providing them with the opportunity to access high level coaches across a range of skill areas.

The first clinic for the U12 & U13's featured local coaches including Australian sprint champion Jackson Symonds,

who put our older Nippers through four skill sessions in testing conditions, while we once again engaged east coast based former Ironman Phil Clayton, bringing him over to WA to conduct an additional two clinics focussing on water skills for our U10's to U13's.

Each of the clinics was hosted in conjunction with the SunSmart WA Surf League, providing an opportunity for participating Nippers to stay on and watch the competition between WA's leading surf sport athletes.

NATIONAL SUPER SURF TEAMS LEAGUE

Last season saw Surf Life Saving Australia launch the inaugural Super Surf Teams League (SSTL), a carnival style competition based on our own WA Surf League format. The three-round series, run over summer in conjunction with the Nutri-Grain Ironman & Ironwoman Series, saw 13 teams from across Australia, comprised of four male and female athletes apiece, compete in the Ski, Swim, Board and beach events, as well as mixed Board, Ski and Ocean M Relays.

WA fielded three teams, the Scarborough Sunsets, Margaret River Waves, and Broome Pearlers, with SLSWA fully funding the roster of 34 athlete's participation in the series. Standout performances from WA athletes across all 3 rounds saw our Scarborough Sunsets finish the series victorious, bringing home the inaugural Super Surf Teams League Trophy.

WESTERN SUNS TEAMS

Over the 2019/20 season, SLSWA supported five Western Suns touring teams, providing athletes and support staff the invaluable opportunity of being exposed to national level competitions around the country.

The level of support provided by SLSWA far exceeds that provided by other states and we are immensely proud of their achievements as they represent Western Australia. Thanks also to Engine Swim, the official apparel partner of the Western Suns.

- **Surf Rowers Team** - The Western Suns Surf Rowers team, comprised of eight crews from North Cottesloe, City of Perth, and Scarborough, were set to contest the Interstate Championships at Mollymook Surf Beach, NSW in February however, the event was cancelled due to the surf conditions and resultant time issues. The Australian Surf Rowers League (ASRL) Open, scheduled to run concurrently with the Championships, was able to proceed.
- **Ocean/Beach Team** - Our 24 strong Western Suns Ocean/Beach team headed to Alexandra Headlands on the Sunshine Coast in January to take on the 2020 SLSA Interstate Championships. After a hard-fought competition with some impressive performances including a number of gold medals, the team came away with a third-place finish, better than last year's fourth placing.
- **Youth Pathway Cup Team** - Twenty of WA's emerging surf sports athletes headed to Alexandra Headlands in January this year to contest the Youth Pathway Cup. For many of the U14 and U15 athletes this was their first taste of national competition and an exciting opportunity to test their skills against the best youth talent in Australia. Tricky conditions on the day tested the water athletes with the final placings seeing WA close out the event in fourth place overall, an improvement on last year's fifth.
- **Pool Rescue Team** - Competing at the Gold Coast Aquatic Centre last August, the Interstate Pool Rescue Championships were run concurrently with the Australian Pool Rescue Championships, as more than 600 athletes battled for glory. The team of 24 Western Suns athletes from U14 to Open made the west coast proud, coming away with a third place overall, matching last year's podium finish, and a number of Australian records.
- **Inflatable Rescue Boat Team** - The Western Suns IRB team of 16, comprising of crews from Scarborough and Mullaloo, contested the SLSA IRB Interstate Championships, held over four days at Kingscliff Beach, NSW last July. Putting up a strong fight, the team secured a fourth-place finish, one better than last year's fifth.

Photo credit: Harvpix

SUNSMART WA SURF LIFE SAVING CHAMPIONSHIPS

The SunSmart WA Surf Life Saving Championships are the pinnacle events of the year where athletes have the opportunity to showcase their skills across the range of surf sport disciplines. This season was the second year of the separation of summer and winter championship events.

Following the Prime Minister's announcement on the 13 March implementing restrictions around mass gatherings due to COVID-19, both our SunSmart Nipper and Open Championships were cancelled. Shortly thereafter, SLISA followed suit cancelling the Australian Surf Life Saving Championships, effectively bringing an end to the season.

Whilst our two big championship events were cancelled, the following championships were able to be delivered:

WA IRB Racing Championships

Mullaloo once again successfully defended their title as the best IRB racing club in WA achieving the hattrick with a win in the 2019 championships. Held at Sorrento Beach in June, the event was originally scheduled for Mullaloo Beach but was relocated due to weather forecasts. The racing was superb all day with Scarborough finishing second overall, tight on the heels of Mullaloo, while Fremantle rounded out the podium in third.

SunSmart WA Pool Rescue Championship

The SunSmart Pool Rescue Championships were held over three days in June, with racing starting on a Friday evening and continuing over the weekend. The racing this season was exceptional, with many records broken by the likes of Fremantle's Harrison Hynes and Trigg Island's Chalise Pratt. Trigg Island brothers Jake and Callan Smith also performed extremely well claiming numerous individual titles and team golds.

In a close fought event, Trigg Island wrestled the Champion Club title away from last year's winners Fremantle, who had to settle for second, whilst North Cottesloe were the big improvers finishing in third.

SunSmart WA Masters Surf Life Saving Championships

Three hundred Masters competitors made the trek to Denmark's Ocean Beach over the February/March long weekend to compete in the 2020 SunSmart WA Masters Surf Life Saving Championships, the first time that a championship event was held out of the metropolitan area for some 30 years.

In ideal conditions, with light offshore winds and a nice wave running, it was 2019 runners-up North Cottesloe who got the leg up on their competitors, romping home with a convincing win over the field and relegating 2019 victors Trigg Island to second, with Mullaloo in third.

SunSmart Country Surf Life Saving Championships

Nearly 300 members from WA's country clubs joined Masters competitors in Denmark for the 2020 SunSmart Country Championship. Whilst the conditions were perfect for the Masters championships on the Saturday, a storm front overnight made conditions unsafe and forced the cancellation of all water events on the Sunday.

A modified and shortened program of events was conducted with nipper events moving to the Saturday afternoon and all beach events held Sunday.

Congratulations to City of Bunbury who were once again victorious, pocketing an enviable 26th consecutive WA Country Championship title, and hosts Denmark, who took home the handicap pennant.

SUNSMART WA LITTLE NIPPER CHAMPS

SUNSMART WA MASTERS CHAMPS - DENMARK

SunSmart WA Little Nipper Surf Life Saving Championships

On Sunday 8 March, 478 of our youngest athletes descended onto the sand at Sorrento Beach for the 2020 SunSmart WA Little Nippers Surf Life Saving Championships.

Eighteen clubs were represented as the U8 and U9 athletes hit the sand and water to contest the Beach Flags and Sprints, Board Race and Surf Race, with some families travelling from as far afield as Dongara Denison and Denmark to take part.

The championships provide an exciting and encouraging opportunity for our Little Nippers to get a taste of surf sport competition before stepping it up next year as they move into the more competitive nippers field.

Calm conditions provided the perfect environment and, while competition was fierce amongst our young athletes, the comradery and sportsmanship were just as strong as they cheered on both club mates and rivals throughout the day.

AUSTRALIAN LIFE SAVING TEAM

Congratulations to Jackson Symonds (Sorrento) and Jake Smith (Trigg Island) on their selection to represent Australia.

Symonds, selected for the team that competed in the 2019 International Surf Rescue Challenge in Durban, South Africa in September/October, walked away from the competition undefeated in the Beach Sprint.

After three days of competition the Australian team finished with three trophies and a clean sweep of the International Surf Rescue Challenge, the Trans-Tasman Test and the Tri-Nations Test.

Smith was selected to compete in the 2019 German Cup (Warendorf, Germany; November 2019) and the 2019 Orange Cup (Eindhoven, Netherlands; November 2019).

The Australian team produced the most dominant performance in the history of the German Cup breaking four world records and claiming 16 gold medals out of a total 21. Smith was a member of the 4 x 50m Obstacle Relay that won gold and broke the world record.

NIPPERS & YOUTH

WOODSIDE NIPPERS

The 2019/20 season saw the roll out of the new Woodside Nippers partnership across WA beaches. Key elements of this new partnership included the provision of a Woodside Nippers uniform free to every Nipper, in addition to each club receiving a partnership payment to assist in the delivery of the program each Sunday.

The program also received a significant boost thanks to the receipt of a Lotterywest Grant, which saw every club receive a fully equipped trailer with equipment such as rescue tubes, swim buoys, running lanes, poles and finish flags, to assist in the delivery of the program curriculum each week, along with additional nipper boards for each club thanks to our partner AGL Energy.

Once again, we were delighted to register another increase in the number of Nippers, with 7,820 - a 4% increase on the previous season, along with an increased participation in interclub surf sport carnivals.

YOUTH DEVELOPMENT CAMPS

SLSWA ran two development camps, which were proudly supported by the Scottish Masonic Charitable Foundation of Western Australia. Both camps were run in the summer school holidays, providing opportunities for our youth members to develop their interpersonal and leadership skills.

The Rise Up Camp for U17's, held over four days at the Pemberton Camp School, saw 48 participants from 24 clubs attending, forming friendships with other members from across the state. Activities included mountain biking, canoeing and swimming, while 38 participants completed their Advanced Resuscitation Course while on camp.

The TOAD (Teamwork, Opportunity and Development) Camp for U14 & U15's was held on Rottnest Island with 71 representatives from 27 clubs in attendance. Attendees participated in a range of team building activities, along with the opportunity to gain their Radio Operators Certificate.

YOUTH PROGRAM

Following the launch of SLSWA's new Youth Program in the 2018/19 season, we continued to deliver program updates as we broadened the pathways available to our youth members.

The voluntary Youth Leaders Program (YLP) continued to grow as a further 76 youth members registered, bringing the total in the program to 195 from 17 different WA clubs.

We also saw an overall increase in award activity, with 38 completing Bronze Level, 17 Silver and 5 Gold Level, a significant achievement.

YOUTH LEADERS PROGRAM GOLD RECIPIENTS

Congratulations to all, especially the 5 who have completed the Gold Level namely;

- Kali Grayson-Dharmaputra (Coogee/North Cottesloe)
- Annabelle Macmahon (Esperance Goldfields/Trigg Island),
- Goergia Moar (Trigg Island)
- Jasmine Noorman (Secret Harbour)
- Riley Somers (Scarboro).

TRAINING & EDUCATION

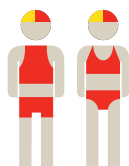

74
DRONE
OPERATORS
ACCREDITED

SLSWA is committed to educating the broader community on coastal safety through training, education and public awareness programs designed for children, parents, school groups, multicultural, and at risk groups. Delivered by our fully trained surf lifesavers who are familiar with the coastal environment and the unique challenges it presents, all revenue generated through these programs is invested back into the organisation to support our clubs and members across WA.

We also continuing to educate and upskill our volunteer members to save lives and, as a Registered Training Organisation (RTO) deliver a range of industry leading, accredited and non-accredited first aid courses and lifesaving programs to both members and the WA community.

ASSESSORS

MEMBER AWARDS

In 2019/20 SLSWA members completed 3,381 awards.

With the implementation of COVID-19 restrictions in late March, a number of courses were either interrupted or training was ceased. Directly impacted were the Surf Rescue Certificate, Bronze Medallion, and Silver Medallion Beach Management, with participants unable to complete final assessments during the season.

Despite these restrictions, the total number of Bronze Medallion and Surf Rescue Certificate recipients was comparable to the previous season, with increases across the Nipper Rescue Certificate, Radio Operator, and Silver Medallion IRB Driver awards.

During the 2019/20 season we also introduced two new member training opportunities, being the Drone Operators Award and Advanced Lifesaver Training. Development also commenced in a range of additional Advanced Lifesaving Training courses, covering operational situations including search and rescue, emergency response, and jet ski rescue.

SLSWA DRONE OPERATORS AWARD

This new award was developed by SLSWA to enable the use of drone technology by club members and SLSWA Lifeguards during lifesaving operations, including patrolling duties and water safety activities.

Six experienced drone operators from amongst our membership were identified to become the inaugural trainers, with 74 members (of which 43 were previous drone operators) from 15 clubs achieving this accreditation.

ADVANCED LIFESAVING TRAINING

To further support the implementation of SLSWA's Abalone Patrol, the Advanced Lifesaving - Rock Rescue Techniques course was developed. This course serves to upskill patrolling members wanting to be involved in the delivery of Abalone Patrol and covers skills specific to this activity, including rock entries, jet ski crew procedures, and associated rescue techniques.

An initial session was held at Sorrento Beach last season, with 28 participants undertaking the training.

SLSA NATIONAL LEADERSHIP COLLEGE

During the first week of February, 23 young surf lifesavers from around Australia and New Zealand came together for the annual SLSA National Leadership College (NLC), a weeklong leadership and development program held in Sydney.

The college offered five days of core leadership components, building from individual skills through to leading a large organisation. Each day was filled with keynote speakers, group discussions, elective sessions, facilitation of group discussions, and fun evening activities. WA was represented by Monica Reinhardt (Mandurah).

SLSA MASTERCLASS

Seventeen participants from around Australia attended the SLSA Masterclass held in September 2019. The 4-day program provides participants with the opportunity to expand their strategic leadership skills through engagement with likeminded members from across Australia. WA was represented by two delegates, Russell Price (Mandurah) and Sandy Clarke (Mullaloo).

MEMBERS

VET SURGE PROGRAM

Following the delivery of a three-year program, the Federal Government VET Surge Funding initiative concluded at the end of the 2019/20 season. During the funding period SLSWA delivered a range of projects and activities to support clubs and members in gaining VET qualifications and to deliver training opportunities within the club environment.

Highlights of the program included:

- **Member First Aid training**
Free-of-charge training, including HLTAID001 Provide CPR, HLTAID003 Provide First Aid, and HLTAID007 Provide Advanced Resuscitation, provided to over 1,500 of our members.

- **Training equipment for clubs**
Every WA club provided with essential equipment for the delivery of First Aid training including QCPR manikins, First Aid kits, training defibrillators and other items such as snakebite bandages.
- **TAE 40116 Certificate IV in Training and Assessment**
Opportunities for members to attain their Certificate IV in Training and Assessing, as well as upgrading from the superseded TAE 40110 award, at no cost to the individual club or member. During the program a total of 31 members from clubs around WA gained their full TAE 40116 Certificate IV in Training and Assessment, enabling them to further their knowledge and skills in the training and education sector, which will allow them to deliver nationally recognised training.

COMMUNITY

FIRST AID TRAINING

As a Registered Training Organisation (RTO 51104), SLSWA delivered a number of nationally accredited First Aid units of competency to participants across a range of industries and organisations.

While core courses delivered are HLTAID001 Provide CPR and HLTAID003 Provide First Aid, we also deliver a number of other accredited and non-accredited training options including the Community Surf Rescue Certificate.

Program and course delivery was significantly affected by COVID-19 and the associated restrictions, with all training ceasing during March 2020, re-commencing following the lifting of restrictions and with delivery adjustments in place. In response to the restrictions, SLSWA developed new innovative techniques, including the additional use of technology and methodology, to provide training delivery solutions.

LIFE SKILLS FOR LIFE

Life Skills for Life is an interactive program that equips students with skills to perform CPR and basic first aid. It is targeted to students in years 5 to 7 to provide the knowledge, skills and confidence to enable them to respond in an emergency situation.

The Life Skills for Life program is delivered in schools across WA and, thanks to the ongoing support provided by Catholic Education WA, to a number of regional and remote locations.

In total, 1,626 students participated in Life skills for Life last season.

SURF SURVIVAL AND BEACH ACTIVITIES

SLSWA beach-based school programs recorded an increase in participants during the 2019/20 season. These programs teach students essential beach safety skills such as how to negotiate the surf break, recognising rips and beach hazards, and where to swim safely. The weekly sessions are delivered by our qualified surf lifesavers and culminate in a carnival style activity whereby participants can use their newly acquired skills in a safe and monitored environment.

Over the past year, we have also been able to expand the delivery of these programs into universities which, having engaged with their international students, identified that many of them did not feel safe recreating at the beach or in the ocean. We were able to respond to these findings by adapting the program specifically for delivery to these students.

During the past season, SLSWA had 3,389 participants attend these courses.

SURF LIFE SAVING CADETS

SLSWA's Cadets is an in-school program delivered to students aged between 13 and 17. The program provides students with the opportunity to learn how to become a lifesaver through participation in a range of activities and courses, including the Community Surf Rescue Certificate, HLTAID003 Provide First Aid and for some participants, the Bronze Medallion.

Last season, we had seven cadet units with over 150 students operating in schools.

INTRODUCTION TO BEACHSAFE

Popular in primary schools, day care centres and multicultural community centres, this in-school presentation identifies and educates participants on the hazards that may be found on our beaches and in the ocean.

The presentation has now also been updated to appeal to older students, with a number of boarding houses at universities requiring the students to watch this presentation before they can obtain a weekend pass out to the beach.

COMMUNITY EVENTS

SLSWA continues to attend a range of community-based events and forums, all of which provide opportunities to educate the public about beach safety, raise awareness of Surf Life Saving and provide information as to how individuals can get involved.

With COVID-19 restrictions impacting methods of engagement, we implemented a number of initiatives, including digital technologies and videography, to enable us to continue to engage with students and the public whilst adhering to social distancing guidelines and gathering restrictions.

SURFBABIES, SURFKIDS AND HOLIDAY NIPPERS

During the 2019/20 season, we once again delivered the popular SurfBabies, SurfKids and Holiday Nippers program across seven WA beaches. This program is a great introduction to beach awareness activities for kids and parents and is also an opportunity to inspire them to join their local surf club to participate in Woodside Nippers.

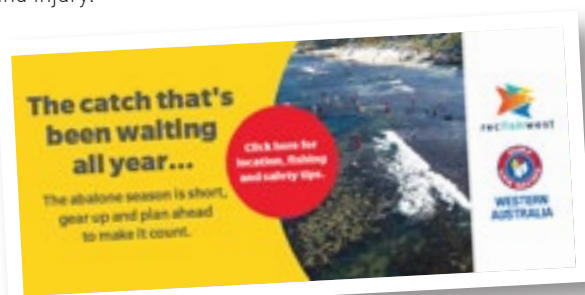

Last season, 1,313 children aged from 2 to 7 years old participated, an increase on the previous season.

ABALONE FISHING SAFETY

SLSWA continued to conduct safety behaviour research, collecting valuable data on abalone fishers' behaviours, perceptions, and experiences during the hour-long fishing periods. Research assistants attended abalone fishing days at select locations to conduct face-to-face surveys, with the responses used to inform our future safety and education campaigns.

While we are happy to report that there were zero fatalities in the West Coast Zone during the 2019/20 season, an additional death, directly related to abalone fishing, was recorded in March 2020 following an incident in the non-patrolled Southern Zone at Sugar Loaf Rock. It is unknown whether the death occurred due to unsafe fishing behaviours, but it highlights the importance of our abalone prevention and education actions.

In February this year, SLSWA successfully applied for funding through DPIRD's Recreational Fishing Initiatives Fund (RFIF) to sustain abalone fisher safety. The 3-year, \$300,000 grant will be applied to initiatives across the key areas of prevention, rescue, education, research and regulation. This supports our activity, and that of our clubs, as well as our ability to develop further specialised lifesaving initiatives, enabling delve deeper into safety behaviour research in efforts to reduce associated drowning deaths and injury.

COMMUNITY

BEACHSAFE COMMUNITIES

Entering its sixth year, our innovative partnership with Lendlease and Development WA continues to position Alkimos as a hub for BeachSAFE activities. Our programs, run from the beach, local schools, community centres, and the Alkimos Surf Life Saving Club provide the residents of Lendlease's Alkimos Beach and Alkimos Vista Estates with

access to a range of beach safety and first aid programs throughout the year.

The BeachSAFE Program scorecard outlines the significant engagement seen over the past season at Alkimos Beach.

COASTAL DROWNING RESEARCH

DROWNING OVERVIEW

OVERALL

- 14 coastal & ocean drowning deaths
- 7% increase from previous season

DEMOGRAPHICS

- 86% were male
- 64% were in the 55+ year life stage
- 21% were known to be of overseas nationality

TIME

- 42% occurred between 6am and 10am
- 50% occurred during the week Mon to Fri
- 50% occurred in autumn & winter

ACTIVITY

- 43% were fishing (inc. rock & abalone)
- 21% were boating
- 21% were diving or snorkelling

CONTRIBUTING FACTORS

- 29% were known to have underlying medical conditions

LOCATION

- 50% occurred in a regional* location
- 14% occurred in a remote^ location
- All metropolitan drownings occurred in waters between Rockingham & Fremantle

*Regional location: coastal areas including the South West Capes, the Great Southern (South Coast) and the Mid-West coast (Geraldton)

^Remote location: coastal areas including the North coast: Pilbara to Kimberley, the Gascoyne coast and Goldfields-Esperance coastline.

The 2019/20 season saw a 7% increase in coastal and ocean drowning deaths, with 14 lives lost on the WA coast.

SLSWA collects and analyses data for all drowning deaths that occur in WA offshore waters to identify trends and support evidence-based decision making for drowning prevention efforts.

Data is collected through media monitors and confirmed through the National Coronial Information System (NCIS).

The table below summarises the past three seasons of coastal and ocean drowning deaths in WA. These deaths are classified as either coastal or ocean, based on the distance from the shoreline, and figures are correct as of 1 July 2020. However, pending the outcome of ongoing coronial investigations, this data may be amended. Figures may also differ to previous annual reports due to pending coronial investigations.

SLSWA SEASON 1 MAY - 30 APR	COASTAL DROWNING DEATHS	OCEAN DROWNING DEATHS	TOTAL
2019-20	13	1	14
2018-19	13	0	13
2017-18	13	3	16

Coastal Drowning Death: Where the location of the drowning is on the coast, in the ocean up to 3NM offshore or inland up to five times the width of the inlet/river.

Ocean Drowning Death: Where the location of the drowning is in the ocean between 3NM and 12NM (the Australian territorial water limit).

Fourteen lives lost on our coast remains too many and we will continue to work towards a goal of zero preventable drowning deaths off our coast. However, we must recognise that this figure would be significantly higher if not for the actions of our lifesaving services along the WA coastline.

According to the 2018 Cost Benefit Analysis of Surf Life Saving in WA, 5% of total rescues* would have resulted in a fatality and 3% would have resulted in critical injury. That means without the 1,500 total rescues performed in WA across the 2019/20 season, the total number of coastal and ocean drowning deaths would have potentially risen by a further 75 fatalities.

*Total rescues = Rescues + (Preventative Actions x 1%)

EVENTS

2020 Surf Life Saving WA NIPPER & YOUTH AWARDS

presented by

With nearly 10,000 nipper and youth members across 31 West Australian surf life saving clubs, the new Nipper & Youth Awards were developed to recognise the contributions of our movement's younger members.

Presented by the Scottish Masonic Charitable Foundation of WA, the 2020 Nipper & Youth Awards recognised more than 60 outstanding young individuals from across Western Australia.

The awards combined the previously recognised Nipper and Youth Club Achiever Awards and introduced four new award categories being Nipper of the Year, Under 15 Lifesaver of the Year, Youth Official of the Year and Youth of the Year. Also recognised as part of the event were individuals who achieved Gold Level status in SLSWA's Youth Leaders Program.

The inaugural presentation ceremony was due to be held in April 2020 however, due to COVID-19 restrictions, the ceremony was instead delivered as an online premiere on 9 May, 2020.

Congratulations to all recipients, finalists, and winners, who are great young ambassadors for their clubs and the surf life saving movement.

A special thank you goes out to our presenting partner the Scottish Masonic Charitable Foundation of WA, whose support of SLSWA's youth members is invaluable.

WINNERS

Nipper of the Year

Hamish Bowles - Albany SLSC

Youth of the Year

Casey Cruttenden - Esperance Goldfields SLSC

Youth Official of the Year

Annika Rasmussen - Mullaloo SLSC

U15 Lifesaver of the Year

Sydney Gould - Mandurah SLSC

EVENT CANCELLATIONS DUE TO COVID-19

With the impact of COVID-19 affecting the ability to deliver in-person events, both the SLSWA Hall of Fame & Life Member Dinner, and the 2020 Coastal Bravery Awards, were cancelled for the 2019/20 season.

The 2020 SLSWA Nipper and Youth Awards, and the 2020 SLSWA Awards of Excellence were delivered via online ceremonies.

2019 SLSA AWARDS OF EXCELLENCE

Surf lifesavers and dignitaries from around the country converged on the Gold Coast Convention & Exhibition Centre in November 2019 to celebrate the continued dedication of members across the country at the 2019 Surf Life Saving Australia Awards of Excellence.

At the event, WA Members Linda Stott and David Quimby (Geraldton) were recognised with a Meritorious Award for their rescue of a man in 2018, preventing a potentially fatal outcome.

Surf Life Saving WA Awards of Excellence

2020

WINNERS

SLSWA members, stakeholders and partners gathered in front of screens and at surf clubs throughout Western Australia on 17 July for the 2020 Surf Life Saving WA Awards of Excellence.

With the annual gala dinner scheduled for June cancelled due to COVID-19 restrictions, the ceremony was instead premiered via video ceremony, which streamed on Facebook, YouTube and the SLSWA website.

Nineteen categories were recognised as part of the event, including the inaugural Woodside Nippers Club, Coordinator, and Volunteer of the Year awards.

Congratulations to all finalists and winners, and a heartfelt thank you to all the members of WA surf clubs who make the movement such a great success.

As always, we also owe a huge deal of thanks to the committees and judges who contributed countless hours to considering and assessing each submission.

Age Group Manager of the Year
Belinda Somers - Scarborough SLSC

Assessor of the Year
Graham Sharpe - Swanbourne Nedlands SLSC

Coach of the Year
Andrew Ridley - Sorrento SLSC

Community Program of the Year
Multicultural Surf and Beach Safety Program - Fremantle SLSC

Official of the Year
Roger Nowell - Sorrento SLSC

Open Athlete of the Year
Jake Smith - Trigg Island SLSC

Support Operations Volunteer of the Year
Chris Brien - Esperance Goldfields SLSC

Surf Sports Team of the Year
Trigg Island Open Male 4x 25m Manikin Relay - Callan Smith, Jake Smith, Joshua Windsor, Lachlan Meldrum

Trainer of the Year
Bernadette 'Bernie' Flint - Mullaloo SLSC

Woodside Nippers Club of the Year
Trigg Island SLSC

Woodside Nippers Program Coordinator of the Year
Keiron Burke - Sorrento SLSC

Woodside Nippers Program Volunteer of the Year
Peter Gray - Albany SLSC

Youth Athlete of the Year
Harrison Hynes - Fremantle SLSC

Youth Lifesaver of the Year
Campbell Shaw - North Cottesloe SLSC

Young Volunteer of the Year
Paige Bajada - City of Perth SLSC

AGL Lifesaver of the Year
Angus McMillan - Scarborough SLSC

AGL Volunteer of the Year
Janine Prinsloo - Yanchep SLSC

Patrol Club of the Year
(IT Birstwistle Trophy)
North Cottesloe SLSC

Lavan Club of the Year
(Reg Trigg Memorial Trophy)
First - Scarborough SLSC
Second - Fremantle SLSC
Third - Trigg Island SLSC

MARKETING & COMMUNICATIONS

The Surf Life Saving brand is an iconic Australian image held in high regard; the red and yellow uniform and flags are an instantly recognisable and trusted presence on the coast.

This iconic imagery is forefront in all marketing and communications activities, as SLSWA continues to grow community awareness of the role the organisation plays in educating the beach going public and providing a vital community service.

KEY MARKETING CAMPAIGNS

Over the past season, we delivered a number of marketing campaigns aimed at educating the public, influencing the behaviours of beachgoers and ultimately, saving lives on our WA coast.

Key activities have included:

- **Woodside Nippers** – Following on from the previous year, and with the introduction of the new Woodside Nippers brand, we once again delivered a comprehensive awareness and recruitment campaign which included large format outdoor, social, and print advertising, along with development of a new website (nipperswa.com.au). All marketing collateral and resources were made available to clubs to assist in leveraging campaign activity and the new Woodside Nippers brand. Our program once again saw growth with a 4% increase in Nipper numbers on the previous year.
- **Summer Safety Campaign** – We continued to target the beach-going community with beach safety messaging across the summer period via a range of advertising mediums including radio, outdoor (including billboards and bus sides), and print, with additional placements around key high beach visitation periods such as Boxing, New Year's and Australia Days.
- **Abalone Fishing Campaign** – We continued to work closely with the Department of Primary Industries and Regional Development (DPIRD) and Recfishwest around abalone fisher safety, which, over the past three years, has included delivery of a fisher safety marketing campaign. This campaign focuses on a series of eight fishing tips, designed to enhance both the fishing experience and catch success whilst reinforcing safe behaviours appropriate to the activity. Our resources are reviewed and updated each season in order to maintain their relevance based on current evidence.

COMMUNICATIONS

Digital channels continue to play a central role in our communications strategies as a way to share information with members and the WA community, including across our websites and social media.

We have increasingly invested in video content to drive engagement across all digital channels. This has seen the livestreaming of our three-round SunSmart WA Surf League series, as well as a number of video premieres across Facebook, YouTube and our website, including our new school holiday "Water Safety Wednesday" sessions for primary school age children.

Significantly, as a result of the cancellation of events due to COVID-19, we premiered our inaugural Nipper & Youth

Awards presented by the Scottish Masonic Charitable Foundation and the 2020 SLSWA Awards of Excellence online, both of which enjoyed high viewership.

Our Twitter account has in excess of 45.5K followers and plays an important role in the WA Shark Mitigation Strategy as the primary communication channel for all shark sighting information in WA, while Facebook and Instagram continue to show excellent growth in both followers and engagement.

We also continue to communicate with members and stakeholders via a number of eNewsletters including the fortnightly My Beach News, which is an important tool for sharing news of the activities and achievements of our members, our clubs, and our organisation. We also continue to distribute the in-season Nipper News eNewsletter to ensure all of our Nipper families are up to date with opportunities.

MEDIA AND PUBLIC AFFAIRS

We continue to proactively work with state and local media outlets to highlight our activities, the activities of our clubs and members, and our work on key coastal safety initiatives. This includes timely dissemination of a range of statistics, activities and the achievements of our organisation, our clubs, and members.

Some key media highlights last season included:

- Leading into the season, comprehensive coverage of our 2018/19 lifesaving season statistics, broken down by local government area and club, highlighting the essential role of our clubs in keeping the beach going community safe;
- Season launch of the Westpac Lifesaver Rescue Helicopter Service with the Premier of Western Australia and Minister for Fisheries, reinforcing the central role the service plays in our aerial surveillance strategy;
- Significant coverage of our inaugural Nipper & Youth Award recipients, highlighting the outstanding achievements of these young West Australians and their contributions to their local communities;
- Recognition for our Westpac Lifesaver Rescue Helicopter Service and Wesfarmers Emergency Response Teams and the essential roles they played across a number of Search and Rescue missions along our WA coastline;
- The continued delivery of essential beach patrol and surveillance activities by our clubs and SLSWA services in the face of COVID-19 restrictions.

We also work closely with other peak industry organisations and government departments to collectively raise public awareness of beach and coastal safety initiatives, and our activities across these key areas.

FUNDRAISING

BOARDIES DAY

Two years after bringing fundraising back to WA, we have seen overwhelming support from the Western Australia community. While we're still in the early stages of this program, much has been achieved. This update highlights the many ways members of our incredible community have supported our clubs, volunteers and ultimately all of us in WA.

WINTER APPEAL

The SLSWA Winter Appeal focussed on raising funds for an exciting new initiative to provide a unique lifesaving service to the most high-risk WA coastal locations. This technology will allow beachgoers at unpatrolled beaches to communicate directly from the beach with Surf Life Saving WA when someone is in danger or needs assistance on the beach.

The incredible support for the SurfAlert project has been instrumental in allowing us to take the first step to bring this exciting life-saving technology to WA coastal areas. We look forward to sharing the launch of this equipment with supporters soon.

As part of the Winter Appeal, we asked the community to 'give a shout out to your local lifesavers' to remind our volunteers that while they might not be on patrol, they were

not out of mind. We received many thoughtful and inspiring words that we shared with clubs, volunteers and our staff. The comments received were moving and inspiring for all and reinforced why we work so hard to make a difference in our community and on our West Aussie beaches. It is incredibly touching when people share their own personal stories and experiences of lifesavers on our beaches over the generations.

"Thank you all for keeping our beaches safe through your constant efforts and dedication. It is reassuring to know that you are looking out for us and our three grandchildren and their parents."

Jan and Tony

"Thank you for saving my girlfriend (now my wife of 60 years) and myself in 1955 at City Beach."

Val and Harry

FUNDRAISING

FUNDRAISING

SUMMER APPEAL

For over 100 years, surf lifesaving volunteers have been part of our West Aussie beach lifestyle – so for this summer's appeal we highlighted the history of SLSWA to help raise the funds needed to keep our lifesavers highly trained and equipped.

We shared some of the moments that have changed the lives of families that visit WA beaches. From the courageous volunteer lifesavers from previous generations who have been performing extraordinary acts of courage up and down our magnificent WA coast for over 100 years, to Harry – a brave young lifesaver who, even though brand new to patrolling, saved eight lives on Christmas Day 2017.

BEACHSAFE STREET APPEAL

As we headed into summer 2019, our volunteers took to the streets of Perth during the annual SLSWA BeachSAFE Street Appeal. Once again, we were overwhelmed by the support of the WA community.

Volunteers from 15 clubs raised over \$20,000 in a few hours in the CBD and in their local centres. These funds directly supported the initiatives of the clubs involved in this appeal. Those around the city that weekend would also have seen a number of buildings and attractions lit up in Surf Life Saving colours to celebrate the good work of the surf lifesaving volunteers.

This important day for our volunteers, not only increases the impact clubs can have on their patrolled beaches, but also raises the profile of the important lifesaving activities conducted along our WA coast.

MY BEACH SUPPORTERS

As some of SLSWA's most committed supporters, the regular gifts of our My Beach Supporters play a vital role in the success of our work.

The My Beach Supporters program provides a platform for supporters who are passionate about their community and preserving the WA way of life to automatically make a regular donation. Donors to this group pledge to help the dedicated, vigilant and highly trained lifesavers give people enjoying WA beaches a second chance at life, all year long.

My Beach Supporters are a vital part of helping save lives between the flags. Their incredible regular monthly donations ensure their impact is as big as possible and enables SLSWA to provide long-term support to clubs.

SUPPORTER SURVEY

WE WANT TO HEAR WHAT YOU THINK

Last season we conducted our first Supporter Survey which provided a great opportunity to connect the community and the people behind the scenes.

Over 500 responses were received, all sharing valuable views about our iconic volunteers and the lifesaving work they do. Participating in the Supporter Survey assists in the development of the future of the lifesaving work we undertake in the community. Thank you to all those who shared their time and thoughts.

GIFTS IN WILLS

All of our supporters seek to make a positive impact on our world. A gift in a Will is the ultimate way to leave a lasting legacy. We call those special supporters that have informed SLSWA they have left a gift in their Will the 'Wave of the Future'.

This newly established program provides a platform for supporters to help save lives and protect our West Aussie lifestyle. Families of the future will be able to make their own memories in safety on our magnificent WA beaches because of our Wave of the Future members. A gift in a Will can be made to SLSWA for the benefit of state-based projects, or through SLSWA but directed to a specific surf life saving club to support local initiatives.

BOARDIES DAY

With our beach-loving culture and special West Aussie way of life, Boardies Day is the ultimate way (other than actually being at the beach) for our supporters to celebrate summer and help save lives on WA beaches.

Although this year's Boardies Day season was cut short due to social distancing measures implemented as a result of COVID-19, an incredible 18 schools and organisations raised over \$7k by 'showing us their boardies'.

WORKPLACE GIVING

Workplace giving is an easy, low cost and low administration way for workplaces to join the Surf Life Saving community and to make an impact as a team. The regular donations that we receive from staff of businesses that participate help fund rescue equipment, medical supplies, and training for our volunteer surf lifesavers.

By donating together, workplaces are making a big difference to their community. Thank you to the businesses that take part in this program.

PARTNERSHIPS

The dedication of our members is matched only by that of our extraordinary partners whose collective commitment and passion for Surf Life Saving in WA enables us to focus on what we do best – saving lives and building great communities. We thank them for their continued and valued support.

NATIONAL PARTNERS

DHL

As a Major National Partner of Surf Life Saving Australia, DHL has been helping surf lifesavers deliver safer beaches since 2003. DHL is the global market leader in the logistics and transportation industry and shares many core values with Surf Life Saving Australia including speed, passion and a can-do attitude.

WESTPAC

Westpac has been proudly partnering with Surf Life Saving Australia for over 40 years through their support of the Westpac Lifesaver Rescue Helicopter Service including WA bases in Fremantle and Busselton. More recently, they extended their partnership to include the Westpac Lifesaver Rescue Drone Program, which was rolled out nationally last year and includes seven WA locations.

HOLDEN

Throughout the partnership, Holden proudly flew the flag for Surf Life Saving Australia. These two iconic organisations, whose history are a part of the fabric of this country and share a commitment to safety, partnered to strive to keep all Australians safe on the road and at the beach.

NATIONAL PARTNERS

STATE PARTNERS

STATE PARTNERS

MAJOR PARTNERS

HEALTHWAY

Healthway are a long-standing supporter of SLSWA, promoting the SunSmart message through their sponsorship of our year-round calendar of surf sport events, including the SunSmart WA Surf Life Saving Championships. Last year, we were delighted to renew our partnership with them to promote the SunSmart message for a further three years.

WESFARMERS

Jet skis are a vital frontline workhorse in surf lifesaving operations in WA, for both emergency response and patrol work. Wesfarmers have supported our Jet Ski Program since 2008 and this support has enabled the growth and expansion of this important service, allowing for placement of new teams at even more locations along the vast Western Australian coastline.

WOODSIDE

Last year, we were delighted to announce the expansion of Woodside's long time safety partnership with our organisation, which sees them supporting our lifesavers of today through the provisions of essential safety equipment such as PFD's and high visibility water safety rash vests, and the development and enhancement of our beach camera network, and now also extends to our lifesavers of the future through the Woodside Nippers program.

GOVERNMENT OF WESTERN AUSTRALIA

SLSWA receives significant support from the WA Government by way of service agreements and grants through the Departments of Premier and Cabinet; Local Government, Sport and Cultural Industries; Primary Industries and Regional Development; and Fire and Emergency Services, which assists in the delivery of a range of services and capital equipment projects.

Lotterywest also provide invaluable support to both SLSWA and many of WA's Surf Life Saving Clubs throughout the state, assisting with grants for vital infrastructure and equipment needs.

COMMUNITY PARTNERS

AGL

AGL may be new to Perth, but they have been supporting local communities across Australia since 1837. Through our partnership with AGL, they have provided both SLSWA and our clubs with funding and equipment to ensure we have the resources to continue to do what we are great at – keeping WA beachgoers safe in the water.

LENLEASE

Thanks to the highly successful and innovative partnership with Lendlease and Development WA at Alkimos Beach and Alkimos Vista, every resident of these estates is provided with free access to our beach safety education and awareness programs, run from the local schools, community centres and the Alkimos Surf Life Saving Club.

SCOTTISH MASONIC CHARITABLE FOUNDATION

The Scottish Masonic Charitable Foundation have long been a supporter of our youth through their generous support of our highly popular Rise Up and TOAD summer camps and Youth Programs. Last year, they extended their support, coming on board as presenting partners to our inaugural Nipper & Youth Awards.

SUPPORTING PARTNERS

ENGINE

SLSWA is proud to have Engine as the official apparel partner of our Western Suns state representative teams and our preferred supplier of swimwear and apparel.

LAVAN

Thanks to Lavan, who continue to generously support our annual SLSWA Awards of Excellence through their sponsorship of the Lavan Club of the Year category.

METRO MOTORS HOLDEN

We would also like to acknowledge the support of Metro Motors Holden who have been our fleet partner for many years.

BOARD OF DIRECTORS

Craig Smith-Gander – President

Elected as President of SLSWA in August 2014. Craig is a former president of North Cottesloe SLSC and a life member of the club. He is a past Chair of Surf Sports for SLSWA and past member of the Australian Surf Sports Advisory Board. He is a Director of Surf Life Saving Australia.

Craig is the owner and Managing Director of Kwik Logistics, Director of the Future Force Foundation and Chairman of the Western Roads Federation. Craig has had a life time involvement in sport, including hockey and surf boats at elite level, and competed in Australia and overseas in cycle road racing. He played plenty of rugby union in the Army and has tried his hand at pretty much every sport available. Craig continues to cycle and competes as a sweep in surf boat competitions.

Jarod Stone

Appointed to the SLSWA Board in May 2012. Jarod is a Chartered Accountant who has worked in the accounting and finance industry for more than two decades. Jarod has previously worked with Ernst & Young, Gooding Partners Chartered Accountants and spent time working in the UK and Europe. Since returning to Perth in 2004 he worked in private family offices for nine years and was most recently Financial Controller at Wabtec Control Systems. Over that time, he has gained experience across industries such as television and film production, aviation, domestic and international property, commercial aquaculture, construction, corporate healthcare, finance, rail communications and labour hire. Jarod is currently the Chief Operating Officer at Hoppr Ltd, a startup specialising in ad placement technology, a Director and Shareholder of Clear Corporate Solutions, an outsourcing company focused on finance and administrative placements, and is a Director of the Azure Capital Foundation.

Garry Williams CSM

Appointed to the SLSWA Board in April 2013. Garry and his family (Megan, Andrew and Jessica) are all active members of Secret Harbour SLSC, having joined the club in 2005, with Garry and Megan being life members of the club. Garry is the clubs RWC Officer and Youth Involvement Program Coordinator. He is a trainer, assessor, competitor and official with a passion for the ongoing development of our youth as not only lifesavers but as future leaders in our community. He was awarded SLS's National Volunteer of the Year in 2009.

Garry is an Aeronautical Engineer, a serving member of the Royal Australian Navy and has significant Heavy Lift Helicopter Aviation Engineering Experience both in embarked Navy Frigates and ashore in Naval Aircraft Squadrons. He is a recipient of the Defence Conspicuous Service Medal for meritorious achievement and devotion to duty. Garry has extensive leadership and project management experience gained through his work in Defence and is currently the Navy Project Manager for the integration of the Navies Sea Hawk (MH60 Romeo) Helicopters into the Navies ANZAC Class Frigate.

Chris Brien

Appointed to the SLSWA Board in August 2014. Chris has been an active patrolling surf lifesaver since 1991, upon gaining his bronze medallion at Scarboro SLSC. After moving to Esperance in 1994 he became a member of Esperance Goldfields SLSC. As well as rowing and sweeping surf boats, Chris is also a trainer, assessor and officiates at carnivals. Chris has held a wide range of positions at Esperance Goldfields including 9 years as president and is a life member of the club. In his early years as a club president Chris sat on the state council until the governance change in 2005. He then attended president forums until he resigned as president in 2012. Chris has been key in establishing the Jet Ski Team in Esperance and is the Coordinator and Duty Officer for the South East region.

In 2010 Chris was awarded a citation of appreciation from the Western Australian Police for his leadership during the Bremer Bay search. In 2011 he was honoured with the inaugural SLSWA Support Operations Volunteer of the Year award. Chris has owned and run several businesses since leaving the Army in 1984. For the past twenty two years has been operating a successful concrete and roof truss business in Esperance.

Sarah Leonard

Appointed to the SLSWA Board in October 2014. Sarah is the Group Legal Counsel at Monadelphous and as formerly a partner at national law firm, Corrs Chambers Westgarth. She is an experienced projects lawyer who has worked on some of Western Australia's largest resources projects, including the Ichthys LNG Project and the Roy Hill Iron Ore Project.

She has strong experience in contract negotiation and risk allocation.

Sarah was recognised in the "Best Lawyers" peer review in Construction/Infrastructure in 2012, 2013, 2014, 2015, 2016 and 2017. Sarah was formerly the Education Officer at City Of Perth SLSC and was a participant in the SLSA National Leadership Development Program.

Heidi Gan

Appointed to the SLSWA Board in September 2017. Heidi is a two-time Olympian in the sport of open water swimming, has competed at the world championships in both surf lifesaving and swimming, and is a multiple medallist at both the State and National Surf Lifesaving Championships. Sporting success aside, Heidi is a solicitor specialising in commercial litigation and dispute resolution and has advised numerous listed and private companies, and individuals on a broad range of areas including contractual claims, Corporations Act matters, corporate disputes, investigations, and directors' and officers' liability.

Heidi has been an active patrolling surf lifesaver since 2005 and has most recently been a member of the City of Perth SLSC. Heidi is also the current President of the Perth City Swimming Club, and a tribunal panel member of Football West, and has extensive experience in the not-for-profit sector as a volunteer and consultant while being a passionate advocate for community clubs and grassroots sports. Heidi is also a highly sought after public speaker having presented to clients of varying ages in both the sport and corporate sector, and is the current 2020 Women Lawyers of Western Australia Junior Lawyer of the Year.

Leesa Equid

Appointed to the SLSWA Board in June 2019. Leesa is SLSWA's Honorary Medical Officer and 2015 SLSWA DHL Lifesaver of the Year. As an active member of Swanbourne Nedlands SLSC since 2009, Leesa has held Higher Education and First Aid Officer positions at her club, and was a member of the SLSWA Lifesaving Advisory Committee from 2015-2016.

In addition to her lifesaving duties, Leesa has also been fierce surf sports competitor, achieving 7 gold, 2 silver and 2 bronze medals at WA Championships and bronze at a National Level.

Leesa is an Emergency Doctor currently working for the Royal Flying Doctor Service. Leesa has completed her Bachelor's Degree in Medicine and Surgery (HONS) in 2012 at the University of Western Australia and has since gained her Certificate IV in Training and Assessment; Introduction to Epidemiology and Introduction to Biostatistics (University of Queensland); and most recently, her Certificate of Clinician-Performed Ultrasound (CCPU) AAA and eFAST (Australasian Society of Ultrasound in Medicine). Leesa was also named the 2016 Emergency Medicine Registrar of the Year at Sir Charles Gairdner Hospital.

CORPORATE GOVERNANCE

Surf Life Saving Western Australia Inc. (SLSWA) is an incorporated body under the Associations Incorporation Act 2015 (WA) and is recognised as the official 'State Centre' and controlling authority for Surf Life Saving in Western Australia. SLSWA is subject to compliance with the Rules and Regulations of Surf Life Saving Australia Ltd (SLSA) and is recognised for administering and focusing on surf lifesaving in Western Australia (WA). This statement summarises SLSWA's governance practices that were in effect during the year, highlighting decisions and reporting in accordance within the Rules and Regulations of SLSWA.

Communications with Members

The SLSWA Board aims to ensure that members are kept informed of all major developments affecting surf lifesaving. Information is communicated to members through this document (SLSWA's Annual Report), bulletins, circulars, minutes and memorandums with respect to changes in business, financial position, future development, results and activities, and quarterly State Council meetings and member advisory board meetings. Electronic information is also available on the SLSWA website: www.mybeach.com.au

General Meetings of Members (State Council)

The State Council is the legal owner of SLSWA. Its role is to amend the SLSWA Constitution, review and elect the Board, review SLSWA's financial position and approve the strategic outcomes presented by the Board.

The State Council comprises the Chairman (President of the Board), Mr Craig Smith-Gander and a Club Delegate from each of the affiliated clubs in WA each with the right to vote at general meetings. The Chairman may exercise a casting vote but no deliberative vote. SLSWA Life Members, Board Members, and the Chief Executive Officer have the right to be present and to debate at general meetings, but not to vote. SLSWA full-time and honorary officers and individual members were allowed to attend general meetings as visitors. In addition to the AGM on 7 September 2019, the Board under Part 21, Para 21.1 of the SLSWA Constitution, convened two State Council meetings held on 8 June 2019 and 7 September 2019.

Board of Director's Composition and Meetings

The Board is responsible to members for overall business performance. It enacts SLSWA's strategic direction and priorities to be both appropriate and achievable; ensures the financial viability and security of SLSWA; establishes the policy and regulatory framework for governing SLSWA; monitors organisational compliance with relevant legislation and regulations; assesses risks facing the organisation; and appoints committees and honorary officers to carry out aspects of their work.

The Board comprised the Chairman and seven Board Members who are individual members of SLSWA, each with the right to one vote on any question. The Chairman has a casting vote but no deliberative vote. These are honorary positions that attract no remuneration except for reimbursement of expenses such as telephone, travel and accommodation costs incurred whilst performing Board activities. Board Members are elected in accordance with Part 25, Para 25(a) of the SLSWA Constitution.

Name	Meetings Held	Meetings Attended	Expires
Craig Smith-Gander	10	8	2020
Garry Williams	10	10	2020
Chris Brien	10	9	2020
Jarod Stone	10	9	2022
Sarah Leonard	10	7	2022
Heidi Gan	10	9	2021
Leesa Equid	10	9	2021
James O'Toole	10	10	Appointed February 2015

Conflict of Interest

Each Board Member declared their interest in any contractual, selection, disciplinary or other matter in which a conflict of interest arose and made absent him/her from discussions of such matters and was not entitled to vote in respect of such matter. In the event of any uncertainty as to whether it was necessary for a Board Member to refrain from discussions or voting, the issue was immediately determined by the Board.

Code of Conduct

The Board has in place a Code of Conduct contained in its Personnel Handbook which all full-time and honorary officers and committee members must adhere to. An induction program, including the provision of the handbook and member brochure was made available to all SLSWA personnel.

Chief Executive Officer

SLSWA's most senior employee, the Chief Executive Officer is appointed by the Board and is subject to annual performance reviews by the Board. The role is responsible for the day-to-day operations of SLSWA. Mr. James O'Toole was appointed to this position, officially commencing on 18 February 2015.

COMMITTEES OF THE BOARD

Committees and member advisory boards are constituted by Part 33 of the SLSWA Constitution to assist the Board in the discharge of its responsibilities. The committees and member advisory boards are for held for one-year term, this term being 2019/2020. The Australian Honours and Awards Committee is held for two-year term, this being 2018/2019 and 2019/2020.

Australian Honours and Awards Committee

The Life Members and Awards Committee recommends to the Board nominations of individual members for SLSWA Life Membership, SLSA Life Membership, appropriate levels of Australian Honours and Awards and the SLSWA Sporting Hall of Fame. The committee comprised Bob Welch OAM (Chair), Mike Smith OAM, Larry Tilbury, Denise Duncan and Mark Irwin (Nominee of the SLSWA CEO).

Lifesaving Committee

The Lifesaving Committee develops, monitors and reviews standards, policy and procedures relating to water safety, patrols, training and assessment. The committee comprised Liam Burke (Chair), Angus McMillan, Elise Stallard, Lian Gould and Nick Pavy (Nominee of the SLSWA CEO).

Sports Committee

The Surf Sports Advisory Committee selects finalists and winners for Awards of Excellence categories and makes recommendations through the CEO to the Board of Directors regarding the direction of surf sports in WA. The committee comprised Thomas Nolan (Chair), Alexis Grayson, Stuart Clarke, Tim Tucak, Ben Carrick, Sonja Belle-Wood and Andrew Mosel (Nominee of the SLSWA CEO).

Development Committee

The Development Advisory Committee recommends initiatives to provide leadership opportunities and pathways to all members and clubs in WA and is involved in establishing good practice models for the development of our junior members. The committee comprised Vicki Rasmussen (Chair), Angela Razvi, Erin Gallagher, Peter Larkin, Jesse Tucak, Kate Burke and David Somers (Nominee of the SLSWA CEO).

Education and Training Committee

The Education and Training Advisory Committee has been tasked to review education and training programs, policies and activities together with undertaking research and development as required. The committee is to participate in moderation and validation of resources and engage in the delivery of the strategic direction of Member Education of SLSWA. The committee comprised Michael Shaw (Chair), Graham Sharpe, Helen Allison, Lauren Darge, Monica Reinhardt and David Gallagher (Nominee of the SLSWA CEO).

Finance and Audit Committee

The Finance and Audit Committee oversee the reliability and integrity of accounting policies and financial reporting. The committee comprised Jarod Stone (Chair), Sarah Leonard, James O'Toole, Rob Murphy and Alexandra Smith.

Risk and Governance Committee

The Risk and Governance Committee oversee the development of a through Risk Management Plan and the continuing assessment of our performance against the plan. The committee comprised Craig Smith-Gander (Chair), Garry Williams and Rob Murphy.

Strategic Committee

The Strategic Committee identifies strategic issues and recommends to the board visions and strategic initiatives. The committee comprised Chris Brien (Chair), James O'Toole, Mike Rees, Andrew Dimsey, Linda Wayman and Reece Baker.

DIRECTORS' REPORT

The Directors submit the financial report of Surf Life Saving Western Australia Inc. ("the Association") for the year ended 30 April 2020.

BOARD OF DIRECTORS

The names of Directors throughout the year and at the date of this report are:

James O'Toole	(CEO)
Craig Smith-Gander	(President)
Garry Williams	
Jarod Stone	
Chris Brien	
Sarah Leonard	
Leesa Equid	
Heidi Gan	

PRINCIPAL ACTIVITIES

The principal activities of the Association during the financial year were:

- The provision of life saving and emergency services, recreation, sport and youth development throughout Western Australia.

The operating activities of Surf Life Saving Western Australia Inc. reported a surplus of \$588,516 (2019: \$879,867).

The surplus will continue to provide support across several areas of the movement, these include:

1. maintaining and improving key assets such as IT infrastructure and the ERCN network;
 2. expediting the rollout of various equipment, and providing for maintenance and replacement;
 3. assistance with the development of new programs to provide long term benefit to clubs and their members, in particular Nippers, Youth and Surf Sport development;
 4. assisting the Association to deploy more services in growth areas, and to assist clubs with their expanding role/s in the delivery of frontline services;
 5. allowing increased focus outside of the metropolitan area, including the substantial re/development of the Margaret River site to create a world class facility for use in training, development and surf sports competition along with providing enhanced local support to members and clubs in the southwest region;
- and
6. enabling continued investment in our internal fundraising capacity for the benefit of all SLSWA clubs.

Signed in accordance with a resolution of the Board of Directors.

Craig Smith-Gander
President

James O'Toole
Chief Executive Officer

Dated this 21st day of August 2020

STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME FOR THE YEAR ENDED 30 APRIL 2020

	Note	2020 \$	2019 \$
Revenue	2	13,575,440	12,864,686
Gain/(Loss) on disposal of property, plant and equipment	3e	8,206	(13,274)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards (including Australian Accounting Interpretations), other authoritative pronouncements of the Australian Accounting Standards Board, the requirements of the Australian Charities and Not-for-Profits Commission Act 2012 and the Associations Incorporation Act 2015.

The financial report covers Surf Life Saving Western Australia Inc. as an individual entity. Surf Life Saving Western Australia Inc. is an Association incorporated in Western Australia under the Associations Incorporation Act 2015.

The financial report of Surf Life Saving Western Australia Inc. as an individual entity complies with all Australian equivalents to International Financial Reporting Standards (AIFRS) in their entirety. Compliance with AIFRS ensures compliance with International Financial Reporting Standards.

The following is a summary of the material accounting policies adopted by the Association in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Basis of preparation

The accounting policies set out below have been consistently applied to all years presented.

Reporting Basis and Conventions

The financial report has been prepared on an accrual basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied. The amounts presented in the financial report are present in Australian dollars and have been rounded to the nearest dollar.

New, revised or amending Accounting Standards and Interpretations adopted

The Association has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the preparation of the Association's annual financial statements for the previous reporting period, except for the new policies resulting from the adoption of new standards effective as of 1 May 2019.

The Association applies, for the first time, AASB 15 Revenue from Contracts with Customers, AASB 1058 Income of Not-for-Profit Entities and AASB 16 Leases. The nature and effect of these changes are disclosed below.

AASB 15 Revenue from Contract with Customers

The Association has adopted AASB 15 from 1 May 2019. The standard provides a single comprehensive model for revenue recognition. The core principle of the standard is that an entity shall recognise revenue to depict the transfer of promised goods or services to customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard introduced a new contract-based revenue recognition model with a measurement approach that is based on an allocation of the transaction price. This is described further in the accounting policies below. Credit risk is presented separately as an expense rather than adjusted against revenue. Contracts with customers are presented in an entity's statement of financial position as a contract liability, a contract asset, or a receivable, depending on the relationship between the entity's performance and the customer's payment. Customer acquisition costs and costs to fulfil a contract can, subject to certain criteria, be capitalised as an asset and amortised over the contract period.

AASB 16 Leases

The Association has adopted AASB 16 from 1 May 2019. The standard replaces AASB 117 'Leases' and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognised in the statement of financial position. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in operating costs) and an interest expense on the recognised lease liabilities (included in finance costs). For classification within the statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities.

AASB 1058 Income of Not-for-Profit Entities

The Association has adopted AASB 1058 from 1 May 2019. The standard replaces AASB 1004 'Contributions' in respect to income recognition requirements for not-for-profit entities. The timing of income recognition under AASB 1058 is dependent upon whether the transaction gives rise to a liability or other performance obligation at the time of receipt. Income under the standard is recognised where: an asset is received in a transaction, such as by way of grant, bequest or donation; there has either been no consideration transferred, or the consideration paid is significantly less than the asset's fair value; and where the intention is to principally enable the entity to further its objectives. For transfers of financial assets to the entity which enable it to acquire or construct a recognisable non-financial asset, the entity recognises a liability amounting to the excess of the fair value of the transfer received over any related amounts recognised. Related amounts recognised may relate to contributions by owners, AASB 15 revenue or contract liability recognised, lease

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

liabilities in accordance with AASB 16, financial instruments in accordance with AASB 9, or provisions in accordance with AASB 137. The liability is brought to account as income over the period in which the entity satisfies its performance obligation. If the transaction does not enable the entity to acquire or construct a recognisable non-financial asset to be controlled by the entity, then any excess of the initial carrying amount of the recognised asset over the related amounts is recognised as income immediately. Where the fair value of volunteer services received can be measured, the Association may elect to recognise the value of those services as an asset where asset recognition criteria are met or otherwise recognise the value as an expense.

Impact of adoption

AASB 15, AASB 16 and AASB 1058 were adopted using the modified retrospective approach and as such comparatives have not been restated. The short-term practical expedient has been applied for the Association's short term leases, where the lease is less than 12 months from the beginning of the 30 April 2020 reporting period. There was no impact on opening retained profits as at 1 May 2019.

Accounting Policies

(a) Income Tax

The Association has obtained tax-exempt status under current Australian Taxation legislation.

(b) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the Association's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the Association's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

(c) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Property

Freehold land and buildings are recorded at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic, but at least triennial valuations by external independent valuers. During the intervening periods, the fair values are determined on the basis of a Directors' valuation.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are recognised against fair value reserves directly in equity; all other decreases are recognised in profit or loss.

Plant and Equipment

Plant and equipment is measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets' employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

Depreciation

The depreciable amount of plant and equipment along with the motor vehicles and building fitouts are depreciated on a diminishing value basis or straight line basis over their useful life from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets (excluding land and buildings) are:

Class of Fixed Asset	Depreciation Rate
Office equipment	25% to 33%
Coastal Safety equipment	25% to 100%
Surf education equipment	30%
Competition equipment	20%
Motor vehicles	12.50% to 25%
Building fit-out	10%

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Assets residual values and useful lives are reviewed and adjusted, if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income.

(d) **Impairment of Assets**

At each reporting date, the Association reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the assets fair value less costs to sell and value-in-use, is compared to the assets carrying value. Any excess of the assets carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the Association estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(e) **Fair Value Measurement**

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interest. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

(f) **Employee Benefits**

Provision is made in respect of the Association's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(g) **Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at-call with banks and other short-term highly liquid investments with original maturities of three months or less.

(h) **Revenue recognition**

The Association recognises revenue as follows:

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the association is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the association: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Grants/ Sponsorship

Grant revenue is recognised in profit or loss when the Association satisfies the performance obligations stated within the funding agreements. If performance obligations are not sufficiently specific, the Association recognises this revenue, at a point in time, which is generally on receipt.

Donations

Revenue from donations is recognised upon receipt of the funds.

Interest

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Volunteer Services

The Association has elected not to recognise volunteer services as either revenue or other forms of contributions received. As such, any related consumption or capitalisation of such resources received is also not recognised.

All revenue is stated net of the amount of goods and services tax (GST).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

(i) **Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(j) **Financial assets**

Initial recognition

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income (OCI), or fair value through profit or loss.

The classification of financial assets at initial recognition that are debt instruments depends on the financial asset's contractual cash flow characteristics and the Association's business model for managing them. Trade receivables that do not contain a significant financing component, are measured at their transaction price.

In order for a financial asset to be classified and measured at amortised cost, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. The Association's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments);
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments);
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments); or
- Financial assets at fair value through profit or loss.

Financial assets at amortised cost

Financial assets at amortised cost are subsequently measured using the effective interest rate ('EIR') method and are subject to impairment. Interest received is recognised as part of finance income in the statement of profit or loss and other comprehensive income. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Association's financial assets at amortised cost include trade and other receivables.

Other financial assets

The Association does not have any financial assets that are measured and recognised at fair value through OCI or at fair value through profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when the rights to receive cash flows from the asset have expired.

Impairment of financial assets

The Association recognises an allowance for ECLs for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Association expects to receive, discounted at an approximation of the original EIR. ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and other receivables due in less than 12 months, the Association applies the simplified approach in calculating ECLs, as permitted by AASB 9. Therefore, the Association does not track changes in credit risk, but instead, recognises a loss allowance based on the financial asset's lifetime ECL at each reporting date. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Association considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Association's historical experience and informed credit assessment including forward-looking information.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 1: STATEMENT OF ACCOUNTING POLICIES (Cont.)

The Association considers a financial asset in default when internal or external information indicates that the Association is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Association. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows and is not subject to enforcement activity.

At each reporting date, the Association assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

(k) **Financial Liabilities**

Initial recognition

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Association's financial liabilities include trade and other payables and accruals.

Subsequent measurement

Trade and Other payables, Accruals

After initial recognition, trade and other payables and accruals are subsequently measured at amortised cost. Gains and losses are recognised in the statement of profit or loss and other comprehensive income when the liabilities are derecognised.

Derecognition

A financial liability is derecognised when the associated obligation is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss and other comprehensive income.

(l) **New accounting standards and interpretations not yet mandatory or early adopted**

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Association for the annual reporting period 30 April 2020. The Association has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

(m) **Critical accounting judgements, estimates and assumption**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Impairment of non-financial assets other than goodwill and other indefinite life intangible assets

The Association assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the Association and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

Employee benefits provision

As discussed in note 1, the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Coronavirus (COVID-19) pandemic

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the Association based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the Association operates. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the Association unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 2: REVENUE

	Note	2020 \$	2019 \$
<i>Revenue from contracts with customers</i>			
Coastal Risk Services		67,904	59,459

7,814,224	6,303,921
------------------	------------------

(a) Balance determined to be the fair value of the State Centre Office at 7 Delawney Street, Balcatta, Western Australia. The property was purchased on 7 May 2012 for \$6,300,000. As at 30 April 2020, the Directors have assessed the fair value of the Land and Building to be \$5,590,000 based on an independent valuation dated 2 April 2020. See Note 13 for the classification of the fair value measurement of the Land and Buildings.

Material valuation uncertainty

The independent valuation undertaken on 2 April 2020 identified significant market uncertainty within the real estate market as a result of the outbreak of the COVID-19, which was declared as a "Global Pandemic" by the World Health Organisation on 11 March 2020. Due to this level of market uncertainty and the associated market volatility, the value assessed on 2 April 2020 may change significantly and unexpectedly over a short period of time (including as a result of factors not reasonably foreseeable at the date of the valuation). The valuation is therefore current at the date of valuation only.

(b) The Association purchased 214-222 Railway Terrace, Margaret River on 6 April 2020 for \$1,350,000. In accounting for the costs directly attributable to the acquisition, the property has been recorded at \$1,423,276.

52,083	33,677
414,681	297,474

Provision for Long Service Leave

A provision has been recognised for employee entitlements relating to long service leave. In calculating the present value of future cash flows in respect of long service leave, the probability of long service leave being taken is based on historical data. The measurement and recognition criteria relating to employee benefits have been included in Note 1 to this report.

NOTE 10: RESERVES

General Reserve

The purpose of the reserve is to provide protection against any adverse effects on major revenue streams to ensure that the critical operational aspects of SLSWA can be provided. The reserve was reviewed prior to the end of the financial year and the Board considered that the amount of \$500,000 to be appropriate. This policy is to be reviewed at the end of each financial year.

NOTE 11: CAPITAL AND LEASING COMMITMENTS

Lease Commitments for short term / low value leases
 Non-cancellable operating leases contracted for but not capitalised in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 13: FAIR VALUE MEASUREMENT

The following tables detail the Association's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
2020				
Assets				
Land and Buildings	-	5,590,000	-	5,590,000
Total Assets	-	5,590,000	-	5,590,000
2019				
Assets				
Land and Buildings	-	5,590,000	-	5,590,000
Total Assets	-	5,590,000	-	5,590,000

There were no transfers between levels during the financial year.

Valuation techniques for fair value measurements categorised within level 2

Land and buildings have been valued based on similar assets, location and market conditions.

NOTE 14: EVENTS AFTER THE BALANCE SHEET DATE

There have been no events after the balance sheet date which significantly affected or may significantly affect the operations of the Association, the results of those operations, or the state of affairs of the Association in future financial years, other than as detailed below:

The impact of the Coronavirus (COVID-19) pandemic is ongoing and it is not practicable to estimate the potential impact, positive or negative, after the reporting date. The situation is rapidly developing and is dependent on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

NOTE 15: CASH FLOW INFORMATION

	2020 \$	2019 \$
Reconciliation of Cash Flow from Operations with Surplus from Ordinary Activities		
Surplus / (Loss) from ordinary activities after income tax	588,516	879,867

Increase / (decrease) in provisions and employee entitlements	117,206	44,095
(Increase) / decrease in other assets	56,091	(33,726)
	572,440	281,081

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 16: FINANCIAL INSTRUMENTS

The Association's activities expose it to a variety of financial risks: interest rate risk, credit risk and liquidity risk. The Association's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Association.

The Association uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and aging analysis for credit risk. The Association does not use derivative financial instruments (such as interest rate swaps) to hedge certain risk exposures. Risk management is carried out by the Board of Directors.

The Association holds the following financial instruments:

	30 April 2020 \$	30 April 2019 \$
Cash and cash equivalents	6,783,182	8,072,738
Trade and other receivables	1,603,591	1,294,446
	8,386,773	9,367,184
Trade and other payables	995,487	1,199,131
	995,487	1,199,131

(i) Interest rate risk

The Association's main interest rate risk arises from cash and cash equivalents. Cash and cash equivalents comprise deposits held at call with bank that are at variable interest rates. Interest rate risks also arise from borrowings.

As at the reporting date, the Association had the following deposits at call with banks.

	30 April 2020		30 April 2019	
	Weighted average interest rate	Balance \$	Weighted average interest rate	Balance \$
Cash and cash equivalents	1.401%	6,783,182	1.487%	8,072,738

Sensitivity analysis – interest rate risk

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) surplus and deficit by the amounts shown below. The analysis assumes all other variables remain constant. The analysis is performed on the same basis as 2019.

Variable rate instruments	30 April 2020 \$	30 April 2019 \$
100bp increase	67,831	80,727
100bp decrease	(67,831)	(80,727)

(ii) Credit risk

Credit risk arises from the financial assets of the Association, which comprise cash and cash equivalents and trade and other receivables. The Association's exposure to credit risk arises from potential default of the counter party, with a maximum exposure equal to the carrying amount of these instruments.

Trade receivables are non-interest bearing and on 30 day terms. A provision for impairment loss is recognised when there is objective evidence that an individual trade receivable is impaired. No impairment loss was recognised in respect of trade receivables in 2020 (2019: Nil).

At 30 April 2020, the ageing analysis of trade receivables is as follows:

	2020 \$	2019 \$
Current	1,513,037	1,130,672
Past due 30 – 60 days	41,627	87,364
Past due 60 – 90 days	1,921	71,628
Past due over 90 days	47,006	5,208
	1,603,591	1,294,871

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 APRIL 2020

NOTE 16: FINANCIAL INSTRUMENTS (Cont.)

The Association trades with only recognised and creditworthy third parties and as such collateral is not requested nor is it the Association's policy to securitise its trade and other receivables.

In addition, receivable balances are monitored on an ongoing basis with the result that the Association's exposure to bad debts is not significant.

The credit risk on liquid funds is limited because the counter party is a bank with a high credit rating.

(iii) Liquidity risk

The Association manages liquidity risk by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Association's financial liabilities include trade and other payables that are paid on a 30 day period.

NOTE 17: KEY MANAGEMENT PERSONNEL REMUNERATION

The total remuneration paid to key management personnel of the Association is \$967,012 (2019: \$897,798).

NOTE 18: CONTINGENCIES

The Association did not have any contingencies at 30 April 2020 (30 April 2019: None).

NOTE 19: RELATED PARTIES

(a) The Association's main related parties refers to the key management personnel (refer to Note 17).

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Association, directly or indirectly, including any director (whether executive or otherwise) is considered key management personnel.

(b) Transactions with related parties

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated. Other than the remuneration of key management personnel, there are no transactions with related parties.

NOTE 20: AUDITORS' REMUNERATION

Remuneration of the auditor for
- auditing the financial report
- auditing of grant acquittals

2020 \$	2019 \$
21,000	24,000
-	8,000
21,000	32,000

The financial year ended 30 April 2020 was the first year the auditors was paid on a fee for service basis. Prior to 2020, the audit was undertaken as a pro-bono basis.

NOTE 21: ASSOCIATION DETAILS

The registered office of the Association and principle place of business is:

Surf Life Saving Western Australia Inc

Balcatta WA 6021

DIRECTORS DECLARATION

In the opinion of the Board of Directors the financial report as set out on pages 54 to 69:

1. Presents a true and fair view of the financial position of Surf Life Saving Western Australia Inc. as at 30 April 2020 and its performance for the year ended on that date in accordance with Australian Accounting Standards, the Australian Charities and Not-for-Profits Commission Act 2012 and the Associations Incorporation Act (WA) 2015;
2. At the date of this declaration, there are reasonable grounds to believe that Surf Life Saving Western Australia Inc. will be able to pay its debts as and when they fall due; and
3. The attached financial statements and notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in note 1 to the financial statements.

This declaration is made in accordance with a resolution of the Board and is signed for and on behalf of the Board by:

Craig Smith-Gander
President

James O'Toole
Chief Executive Officer

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SURF LIFE SAVING WESTERN AUSTRALIA INC.

Opinion

We have audited the financial report of Surf Life Saving Western Australia Inc (the Association), which comprises the statement of financial position as at 30 April 2020, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Association has been prepared in accordance with Division 60 of the Australian Charities and Not-for-profits Commission Act 2012 and the Associations Incorporation Act 2015, including:

- (a) giving a true and fair view of the Association's financial position as at 30 April 2020 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Covid-19

We draw attention to Note 14 of the financial statements, which describes the effects of the World Health Organisation's declaration of a global health emergency on 31 January 2020 relating to the spread of COVID-19. Our opinion is not modified in respect of this matter.

Responsibilities of the Directors for the Financial Report

The Directors of the Association are responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the applicable legislation, including the requirements of Section 15(1) and 15(2) of the WA Charitable Collections Act 1946 and Regulations 1947 and for such internal control as the Directors determine is necessary to enable the

© 2019 Findex (Aust) Pty Ltd

AUDITOR'S REPORT TO THE MEMBERS OF SLSWA

REPORT ON THE AUDIT OF THE FINANCIAL REPORT

preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Association to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting in the preparation of the financial report. We also conclude, based on the audit evidence obtained whether a material uncertainty exists related to events and conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the disclosures in the financial report about the material uncertainty or, if such disclosures are inadequate, to modify the opinion on the financial report. However, future events or conditions may cause an entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S REPORT TO THE MEMBERS OF SLSWA

REPORT ON THE AUDIT OF THE FINANCIAL REPORT

We are also required to provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may be reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Opinion pursuant to the Charitable Collections Act (WA) 1946 and Charitable Collections Regulations (WA) 1947

In our opinion, the Association has complied, in all material respects, with the requirements of the Charitable Collections Act (WA) 1946 and Charitable Collections Regulations (WA) 1947 for the year ended 30 April 2020.
