

MSA Carcase Competition Model

Grading Data Required for Carcase Competition

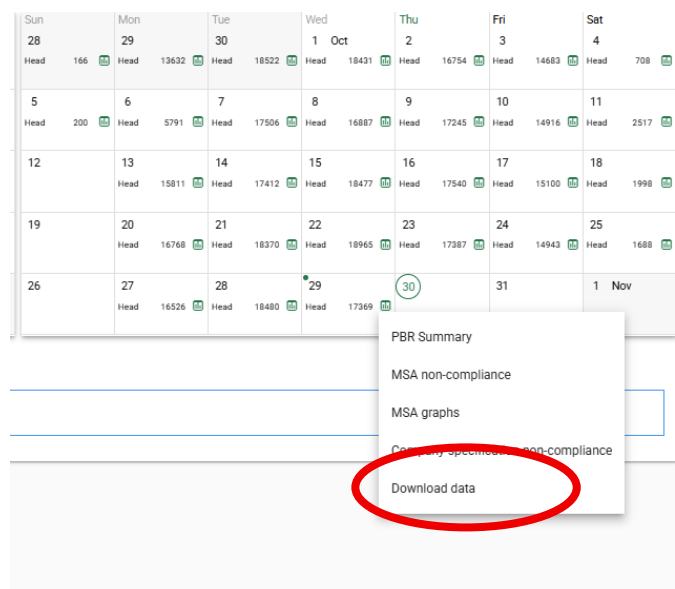

The steps below are to ensure Processor staff provide the correct grading file to further send onto carcass competition organisers.

Step1: From within the myMSA Menu select Beef > Reports

Step 2: Select download data from the desired date of kill.

Step 3: This will initiate the download of the required grading data for the competition.

Note: You can delete any rows/bodies not associated with the competition before forwarding to the competition delegate.
