ABOUT THE SYSTEM

SAS500

SAS500 acoustic baffles offer a visually engaging alternative to suspended acoustic ceiling systems, ideal for exposed soffit areas. Baffles offer exceptional absorption characteristics, effectively controlling reverberation within these highly sound reflective interiors. Available in numerous colours and sizes, the baffles can be suspended at a range of heights for further visual interest.

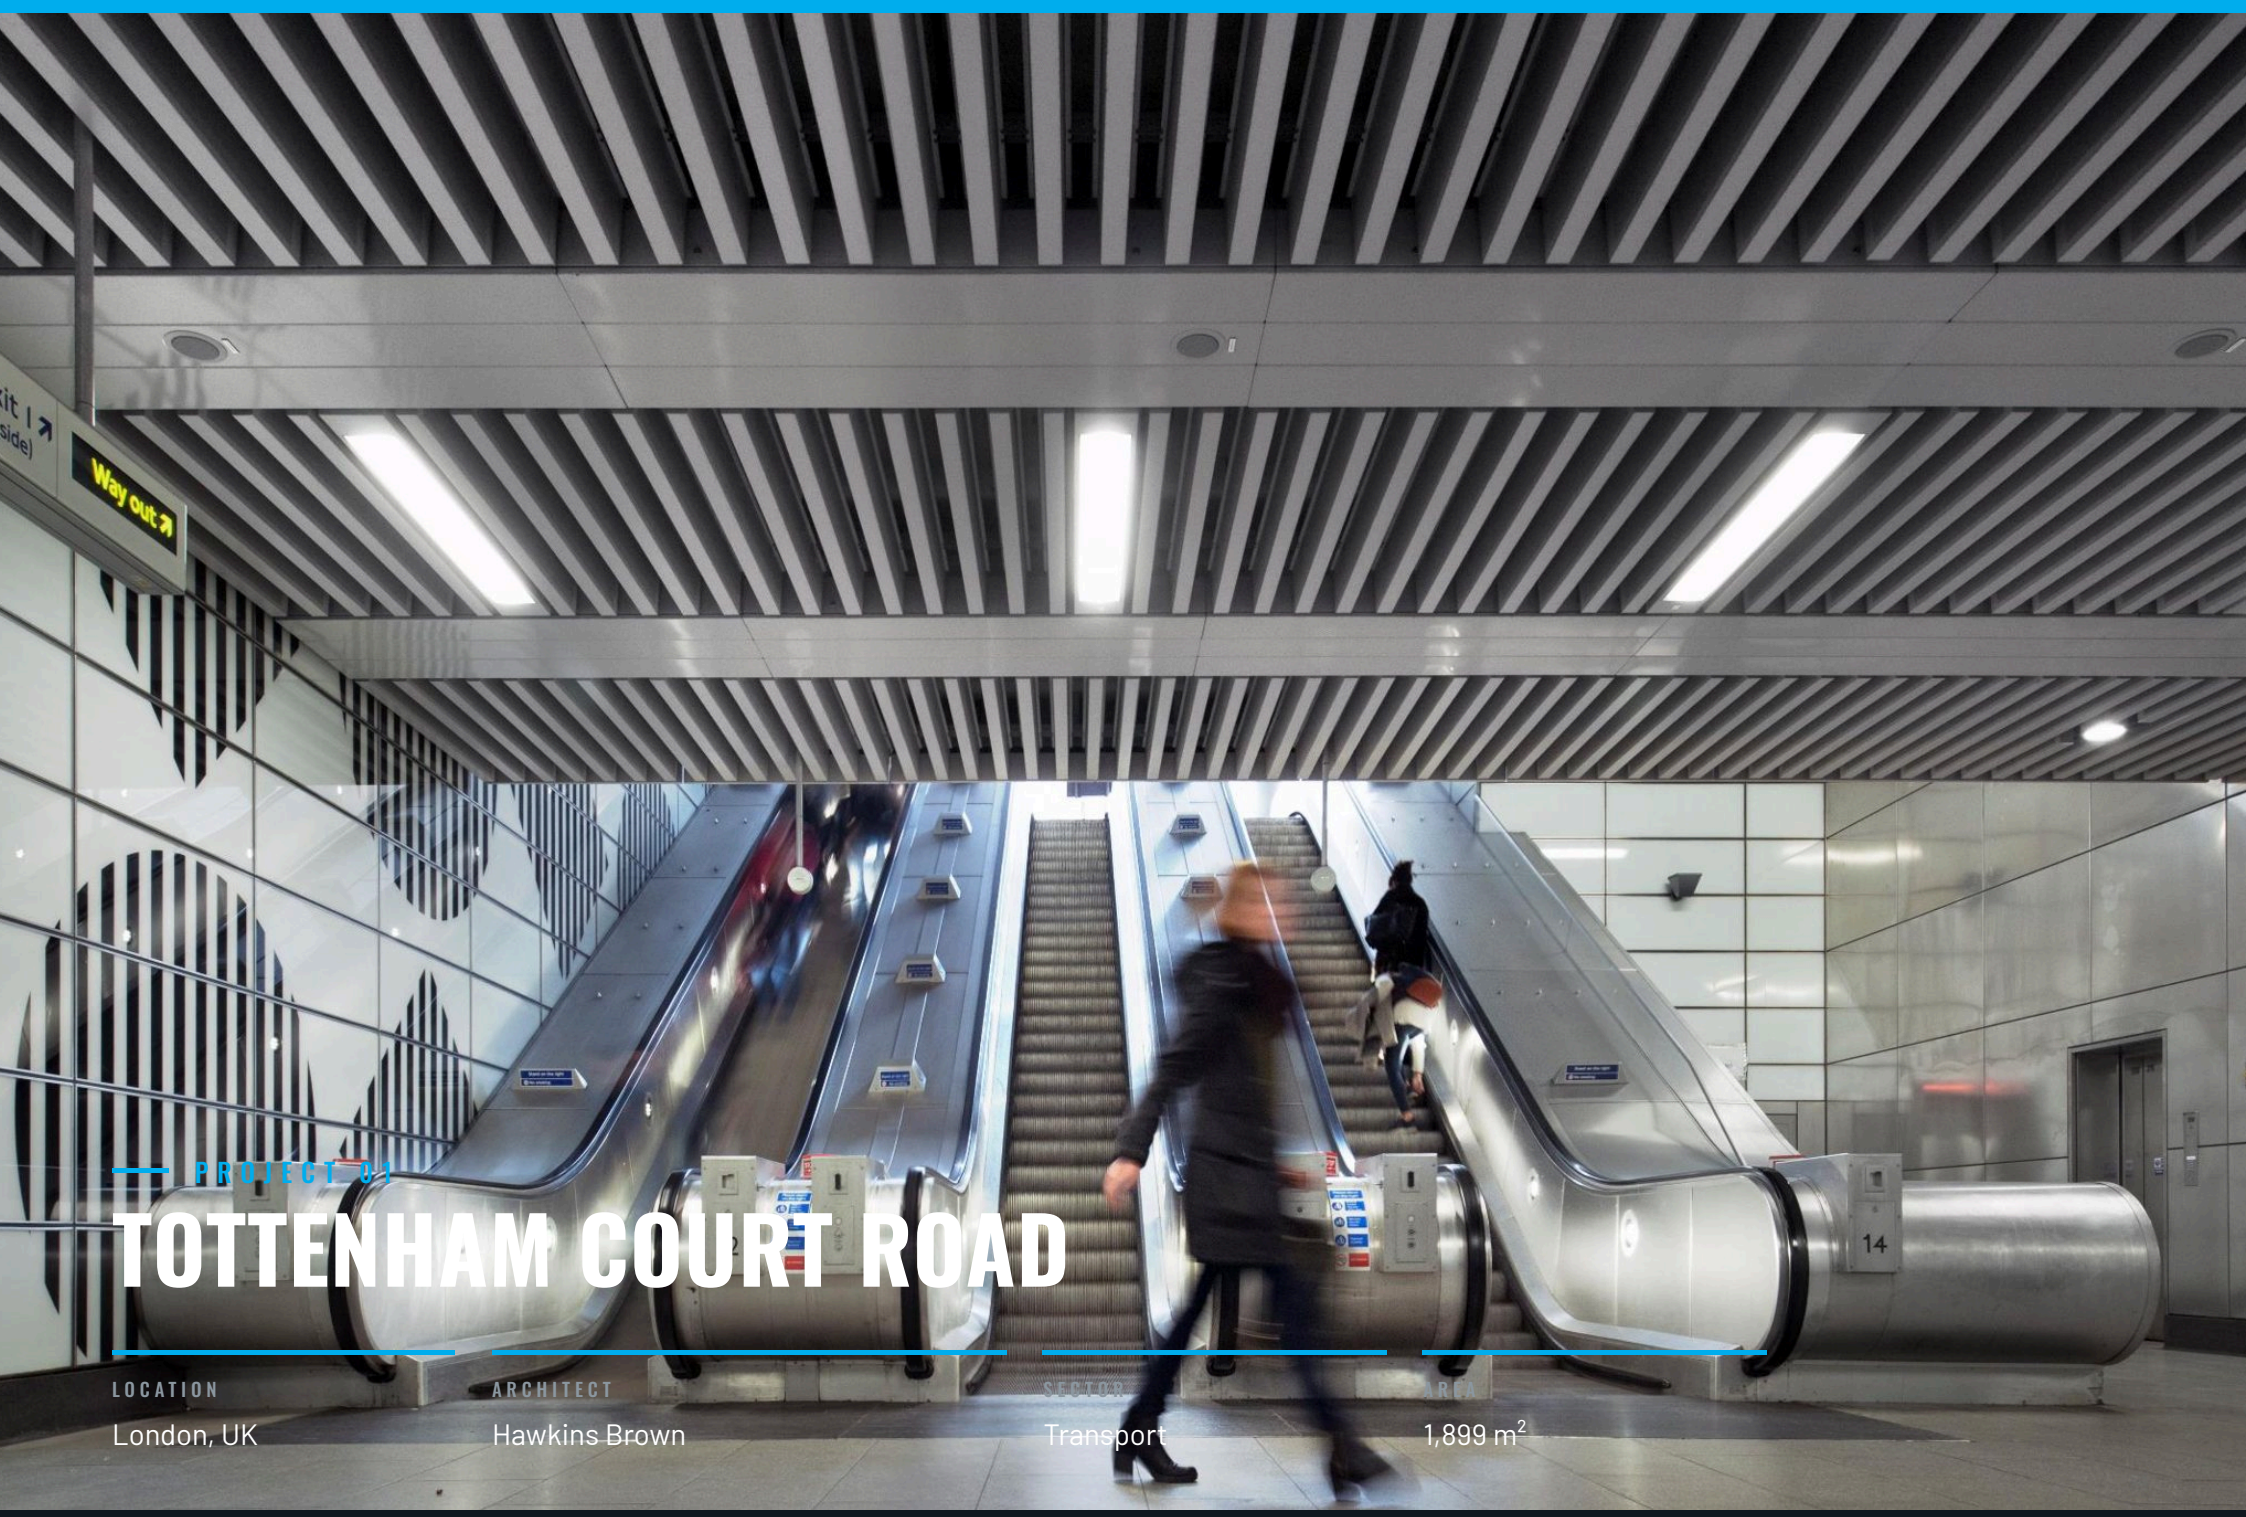

PROJECTS

7 featured

SECTORS

Commercial, Education, Retail, Transport

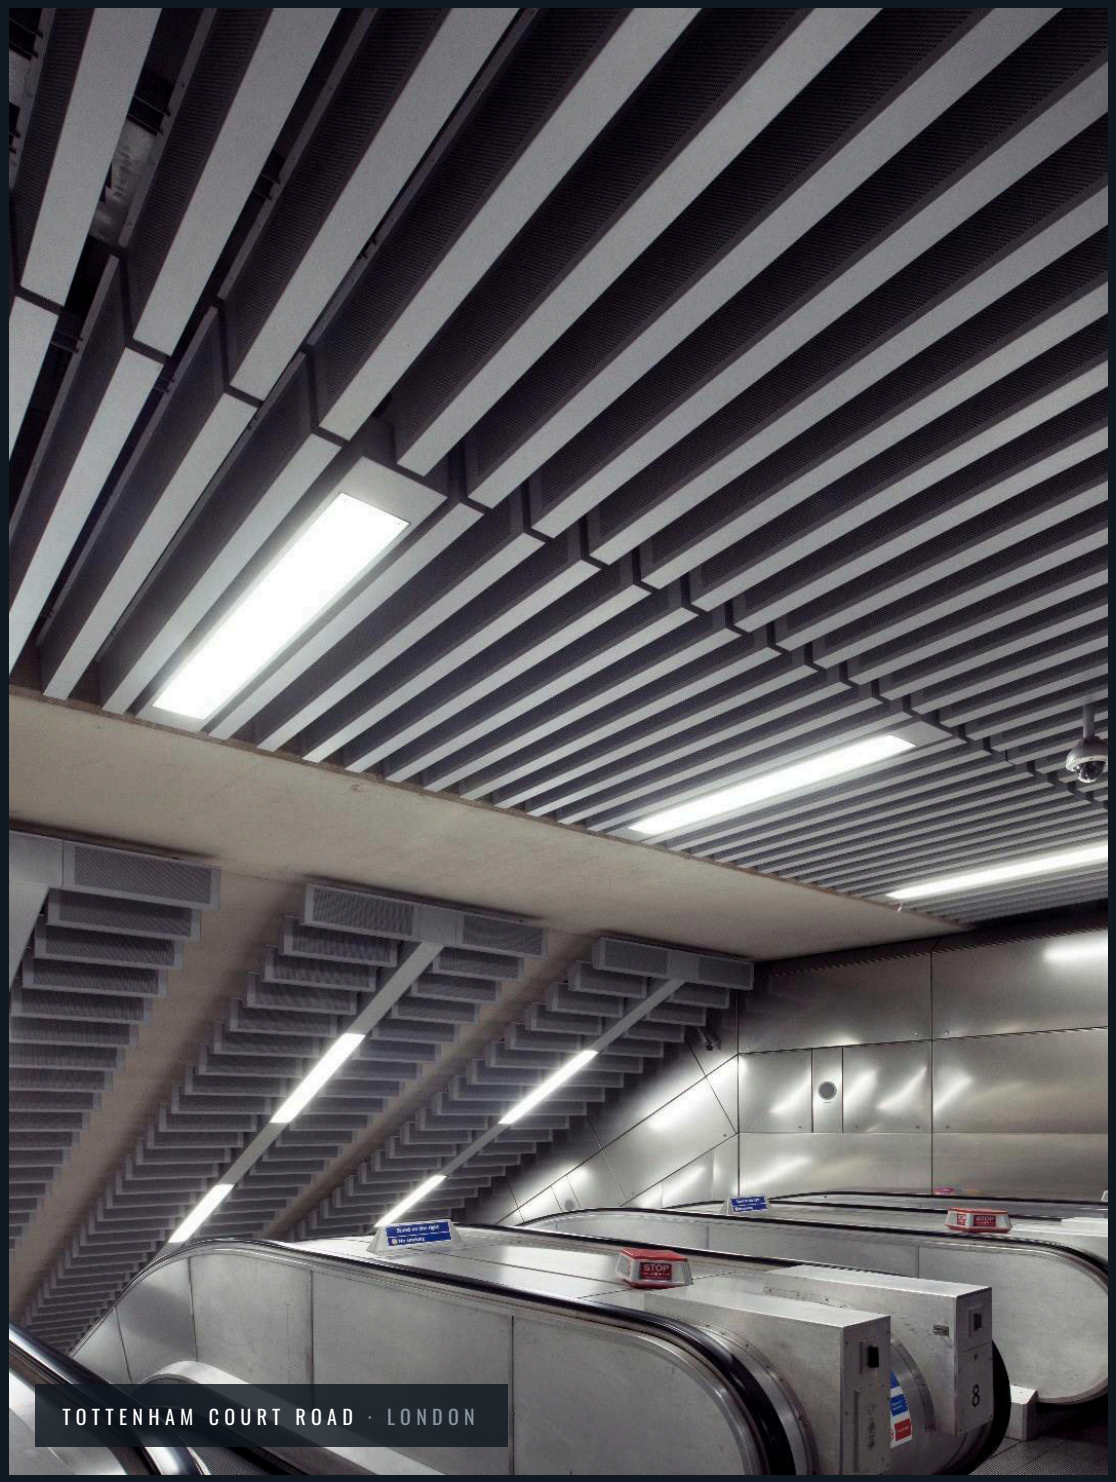

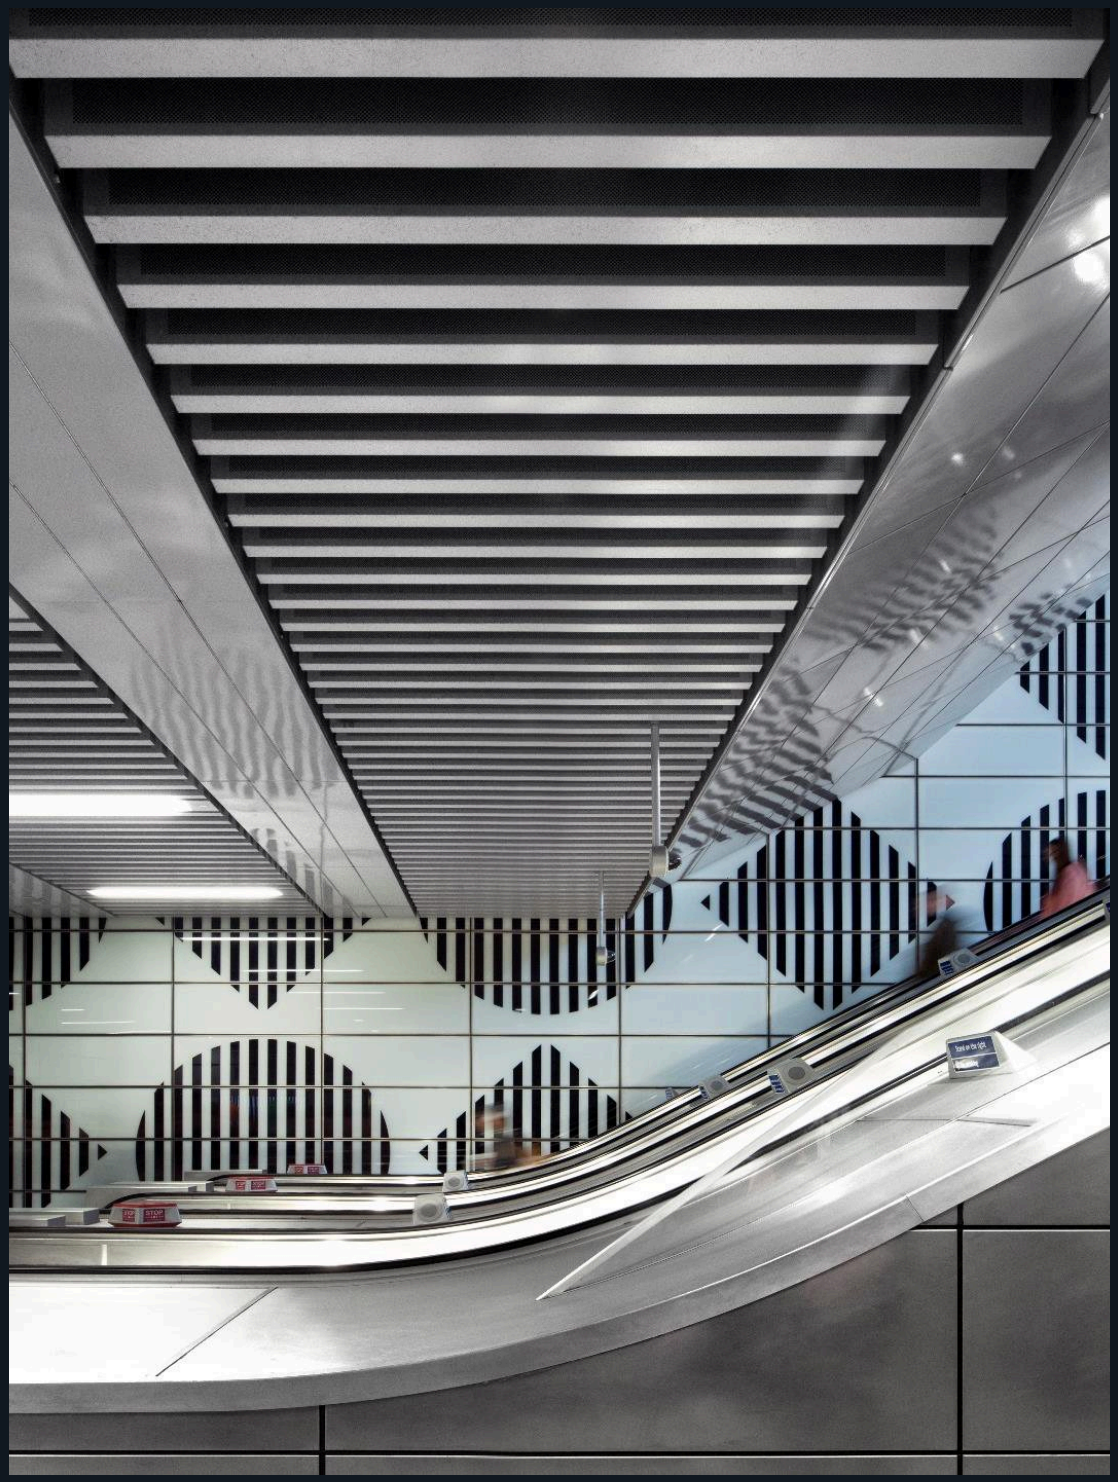

PROJECT 01

TOTTENHAM COURT ROAD

LOCATION	ARCHITECT	SECTOR	AREA
London, UK	Hawkins Brown	Transport	1,899 m^2
