METAL CEILINGS

# SAS740

Selected projects featuring premium aluminium linear ceilings.

20 Fenchurch Street
LONDON

Westpac Barangaroo
SYDNEY

ABOUT THE SYSTEM

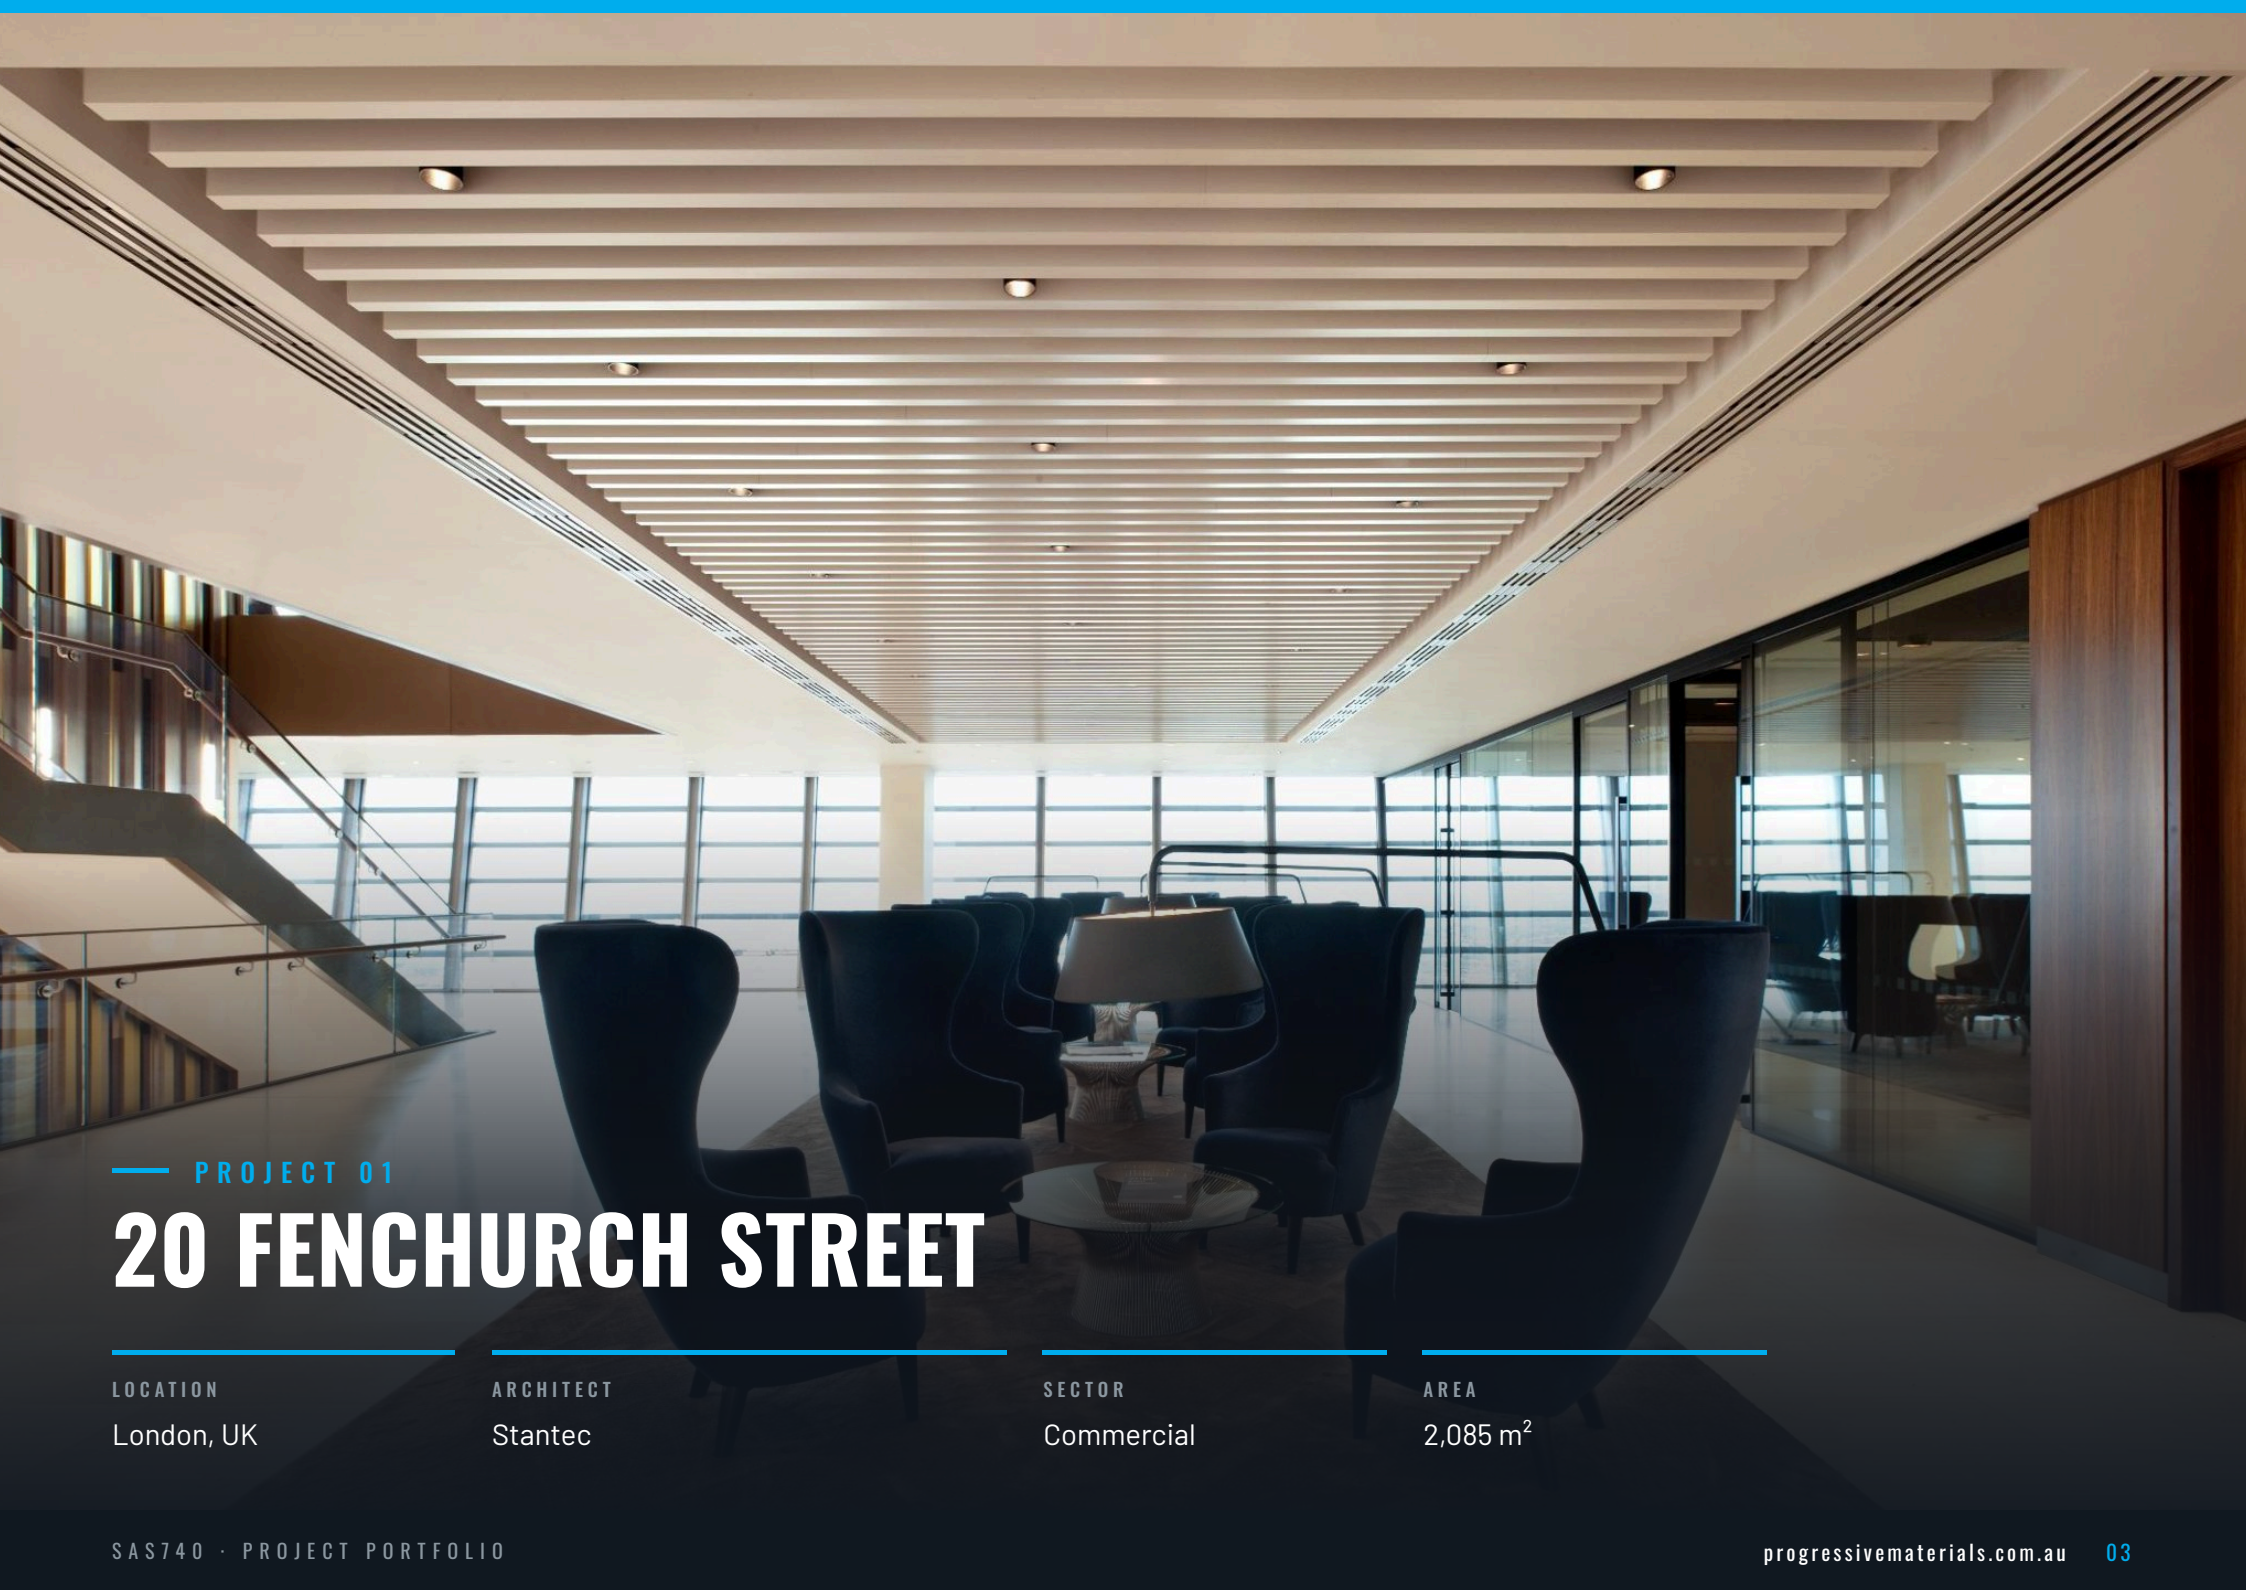

# SAS740

SAS740 is the most versatile of SAS' linear ceilings, able to accommodate complex geometry and void access. Unlike other continuous linear profile systems, SAS740 can intersperse with acoustic infill panels. The aluminium system is suitable for spaces requiring a premium aesthetic alternative to suspended tile or open ceiling.
