# ABOUT US

AIET partners with schools to provide quality vocational education and training (VET) to students as part of their senior secondary certificate of education. Our friendly team boasts years of experience in the VET in schools space and is committed to our focus on support, providing teachers and coordinators with industry-leading assessments and resources, and ongoing flexibility to suit the unique needs of secondary schools and their students.

Our programs are designed in consultation with industry and offer a range of flexible assessment strategies and frameworks. VET strengthens a school’s curriculum by giving students the opportunity to gain knowledge that complements their other senior secondary studies, and provides practical workplace skills for a range of careers.

AIET programs are designed to reflect best practice in the workplace and meet the skills needs of each industry qualification, while providing flexibility for students and teachers alike. Our support processes for teachers and VET Coordinators make it easier for schools to deliver quality VET programs, inside a simple and user-friendly platform.

AIET encourages Structured Workplace Learning (SWL) as a valuable component of any VET program. SWL involves on-the-job training in which students are required to master a designated set of skills and competencies related to VET programs, and complements the training undertaken at the school by providing the context for:

- Enhancement of skills development
- Practical application of industry knowledge
- Increased employment opportunities

All hours listed are Nominal Hours, taken from the relevant Purchasing / Nominal Hours Guide.

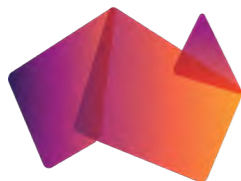

## ARE YOUR TEACHERS VET READY?

Grow your TAE qualified staff as you grow your VET program offering

Ripponlea Institute (RTO 21230)  
Specialising in providing the TAE40122 Certificate IV in Training & Assessment to teachers in secondary schools

- A personalised approach
- Contextualised course materials
- Ongoing support for teachers

Enquire today at [www.ripponleainstitute.com](http://www.ripponleainstitute.com)

## AUR20720 CERTIFICATE II IN AUTOMOTIVE VOCATIONAL PREPARATION

This qualification provides students with vocational skills, knowledge, and preparation for an apprenticeship in the automotive industry. Depending on the electives chosen, the qualification includes industry research, operating electrical testing equipment, using, and maintaining measuring equipment and resolving routine problems in an automotive workplace.

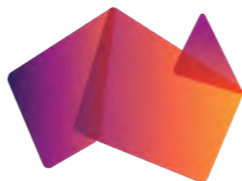

**COURSE DURATION:** 2 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **12 units of competency (7 core, 5 elective)**, of which:

- all 5 units may be from the elective units listed
- up to 2 units may be from a Certificate I or Certificate II qualification in this Training Package or another endorsed Training Package or accredited course

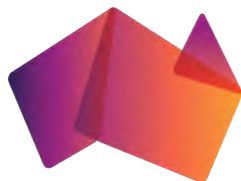

## AUR20720 CERTIFICATE II IN AUTOMOTIVE VOCATIONAL PREPARATION

### AVAILABLE UNITS OF COMPETENCY

UNIT CODE	UNIT TITLE	TYPE	NOMINAL HOURS	
			VIC	WA
AURAEA002	Follow environmental and sustainability best practice in an automotive workplace	Core	25	20
AURAF103	Communicate effectively in an automotive workplace	Core	20	20
AURAF104	Resolve routine problems in an automotive workplace	Core	20	20
AURASA102	Follow safe working practices in an automotive workplace	Core	20	20
AURETR103	Identify automotive electrical systems and components	Core	25	10
AURLTA101	Identify automotive mechanical systems and components	Core	25	15
AURTTK102	Use and maintain tools and equipment in an automotive workplace	Core	20	30
AURTTA127	Carry out basic vehicle servicing operations	Elective	40	35
AURETR115	Inspect, test and service batteries	Elective	10	20
AURETK003	Operate electrical test equipment	Elective	40	35
AURETR006	Solder electrical wiring and circuits	Elective	20	20
AURVTW010	Set up and use welding equipment	Elective	40	35
AURTTB007	Remove and replace brake assemblies	Elective	20	20
AURTTE007	Dismantle and assemble single cylinder four-stroke petrol engines	Elective	40	35
AURTTE008	Dismantle and assemble multi-cylinder four-stroke petrol engines	Elective	40	35
AURTTJ003	Remove and replace wheel and tyre assemblies	Elective	10	10
AURETR048	Construct and test basic electronic circuits	Elective	40	35
AURLTJ113	Remove, inspect and refit light vehicle wheel and tyre assemblies	Import	20	20

### OTHER DETAILS

**Victorian Schools:** In Victoria, students are required to undertake additional Units of Competency to meet nominal hours requirements for VCE credit. Please note, when registering your program with AIET you will need to select additional units (more than 12 total) in order for your students to meet the 360 nominal hours required.

## CPC10120 CERTIFICATE I IN CONSTRUCTION

This qualification introduces the student to the construction industry, its culture, occupations, job roles and workplace expectations. The units of competency cover essential work health and safety requirements, the industrial and work organisation structure, communication skills, work planning, and basic use of tools and materials.

The qualification is built around a basic construction project unit that integrates the skills and embeds the facets of employability skills in context.

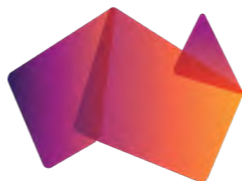

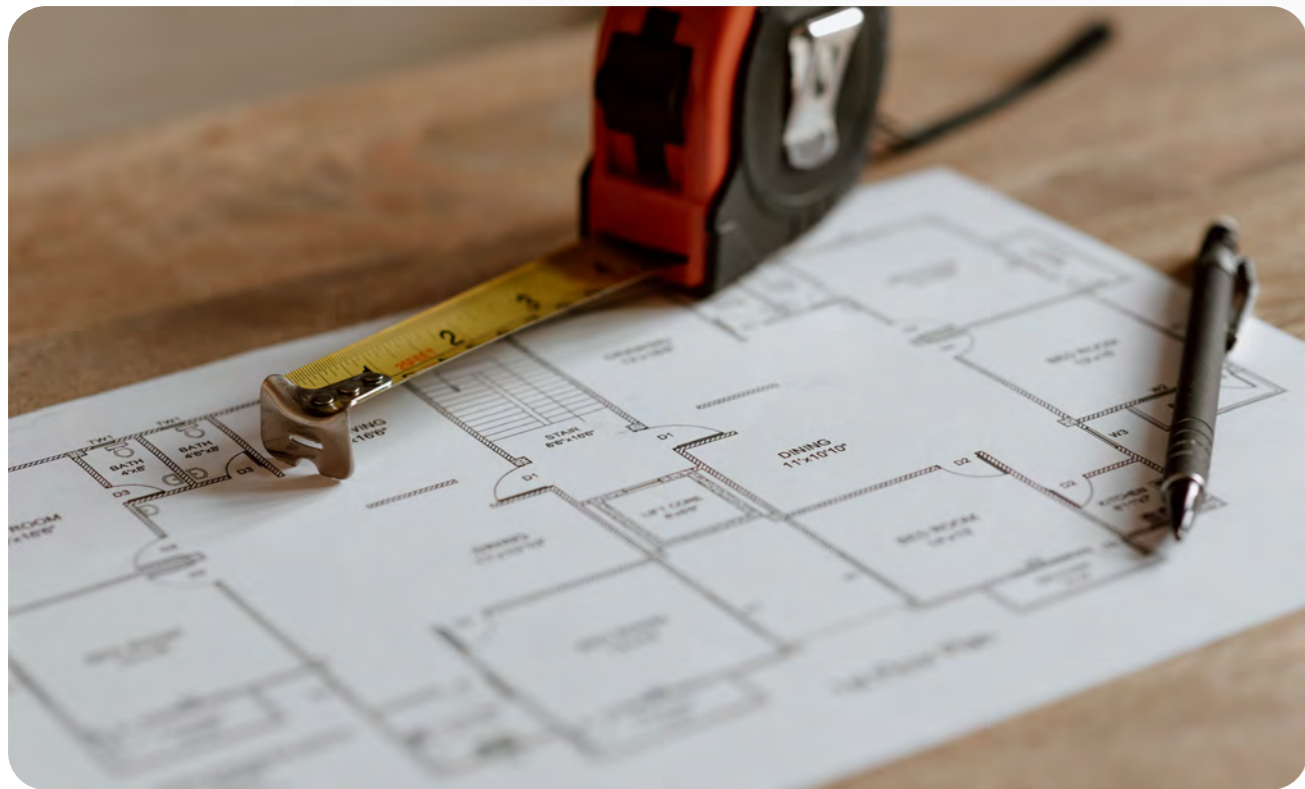

**COURSE DURATION:** 1 year

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **11 units of competency (8 core, 3 elective)**, consisting of:

- up to 3 units from the elective units
- 1 unit from Certificate I or II qualifications in the CPC Training Package or another current Training Package or accredited course

## CPC10120 CERTIFICATE I IN CONSTRUCTION

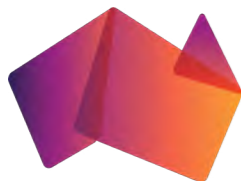

### AVAILABLE UNITS OF COMPETENCY

		NOMINAL HOURS		
UNIT CODE	UNIT TITLE	TYPE	VIC	WA
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry	Core	20	32
CPCCOM1012	Work effectively and sustainably in the construction industry	Core	20	16
CPCCCM2005	Use construction tools and equipment	Core	96	40
<i>Pre-requisite unit: CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry</i>				
CPCCCM2004	Handle construction materials	Core	16	16
<i>Pre-requisite unit: CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry</i>				
CPCCOM1013	Plan and organise work	Core	20	16
CPCCCM1011	Undertake basic estimation and costing	Core	16	14
CPCCVE1011	Undertake a basic construction project	Core	40	24
<i>Pre-requisite unit: CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry</i>				
CPCCWHS1001	Prepare to work safely in the construction industry	Core	6	6
CPCCOM1014	Conduct workplace communication	Elective	20	16
CPCCOM1015	Carry out measurements and calculations	Elective	20	16
CPCCCM2006	Apply basic levelling procedures	Elective	8	16
CPCCOM2001	Read and interpret plans and specifications	Elective	36	32
<i>Pre-requisite unit: CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry</i>				

### OTHER DETAILS

**Victorian Schools:** This qualification is not available as a VCE VET program in Victoria, however schools may seek block credit arrangements with the VCAA.

**Pre-requisite Units:** One or more Units of Competency in this qualification have pre-requisite entry requirements. The listed unit(s) should not be commenced until their pre-requisite requirements have been delivered and satisfactorily completed.

## CPC20220 CERTIFICATE II IN CONSTRUCTION PATHWAYS

This qualification provides students with the knowledge and skills that will enhance their employment prospects in the building and construction industry. Students gain a broad knowledge of building, bricklaying, and tile laying by understand a range of practical tasks and projects.

The aim of the Certificate II in Construction Pathways is to provide students with basic industry specific skills and knowledge to enable transition into an apprenticeship within the building and construction industries at the certificate III level.

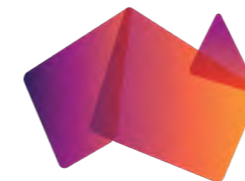

**COURSE DURATION:** 2 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **10 units of competency (5 core, 5 elective)**, of which:

- *Elective units are to be chosen from at least two but no more than four of groups A to I*
- *1 elective may be chosen from any current training package or accredited course as long as it contributes to a valid industry-supported vocational outcome, maintains the AQF level of this qualification, and does not replicate the content of another unit used to achieve this qualification*

### OTHER DETAILS

**Pre-requisite Units:** One or more Units of Competency in this qualification have pre-requisite entry requirements. The listed unit(s) should not be commenced until their pre-requisite requirements have been delivered and satisfactorily completed.

## 22614VIC CERTIFICATE II IN BUILDING AND CONSTRUCTION PRE-APPRENTICESHIP

The the Certificate II in Building and Construction Pre-apprenticeship provides students with basic industry specific skills and knowledge to enable transition into an apprenticeship of a particular trade stream within one of the building and construction industry sectors at the Certificate III level.

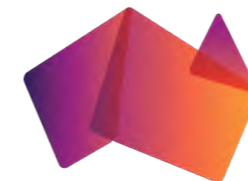

**COURSE DURATION:** 2-3 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **19 units of competency (9 core, 10 elective)**, of which:

- All 10 electives must be chosen from one elective group / trade stream
- (please note: all elective units listed are from the **Carpentry stream**)

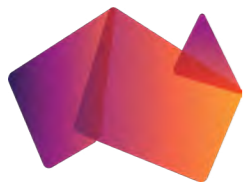

## 22614VIC CERTIFICATE II IN BUILDING AND CONSTRUCTION PRE-APPRENTICESHIP

## 22569VIC CERTIFICATE II IN PLUMBING (PRE-APPRENTICESHIP)

This pre-apprenticeship qualification is designed for students who are considering a career in the plumbing industry. It will prepare them for employment as an apprentice in the plumbing trade.

The course equips students with the skills and knowledge to enhance their employment prospects, with a strong emphasis on sustainability and safe plumbing principles. It helps to develop social and personal skills relevant to the workplace, as well as provide an understanding of the nature of the work and conditions.

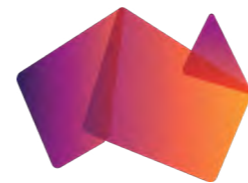

**COURSE DURATION:** 2-3 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **19 units of competency**, all of which are compulsory

## 22569VIC CERTIFICATE II IN PLUMBING (PRE-APPRENTICESHIP)

### OTHER DETAILS

**Compulsory Units:** This qualification does not have any elective units. All Units of Competency are listed above as core and must be completed to achieve the qualification

**Assessment Structure:** Assessments for this qualification are offered as clustered projects

## 22499VIC CERTIFICATE II IN ELECTROTECHNOLOGY (PRE-VOCATIONAL)

This qualification prepares students to enter the electrotechnology industry. It covers competencies at work entry level providing grounding in safety and basic skills and knowledge for work in many electrotechnology disciplines.

The training is mainly project based and gives industry relevant hands-on experience in a realistic simulated environment. It also includes training in the fundamentals of electrical, telecommunication, refrigeration, and air conditioning systems as well as workshop experience in fabrication and assembly techniques, wiring, cabling, basic installation skills and use of test equipment. Students learn how to read circuit diagrams, take electrical measurements, and perform electrical calculations.

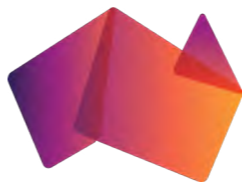

**COURSE DURATION:** 2 years

**QUALIFICATION PACKAGING RULES:**

To achieve this qualification, competency must be demonstrated in **15 units of competency (13 core, 2 elective)**

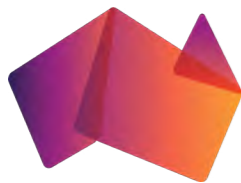

## 22499VIC CERTIFICATE II IN ELECTROTECHNOLOGY (PRE-VOCATIONAL)

**OTHER DETAILS**

**Pre-requisite Units:** One or more Units of Competency in this qualification have pre-requisite entry requirements. The listed unit(s) should not be commenced until their pre-requisite requirements have been delivered and satisfactorily completed.

## UEE22020 CERTIFICATE II IN ELECTROTECHNOLOGY (CAREER START)

The Certificate II in Electrotechnology (Career Start) qualification is the standard pre-apprenticeship pathway for students to begin a career as an electrician. Students learn foundational skills in safety and first aid, as well as technical skills in electrotechnology components, accessories, and equipment.

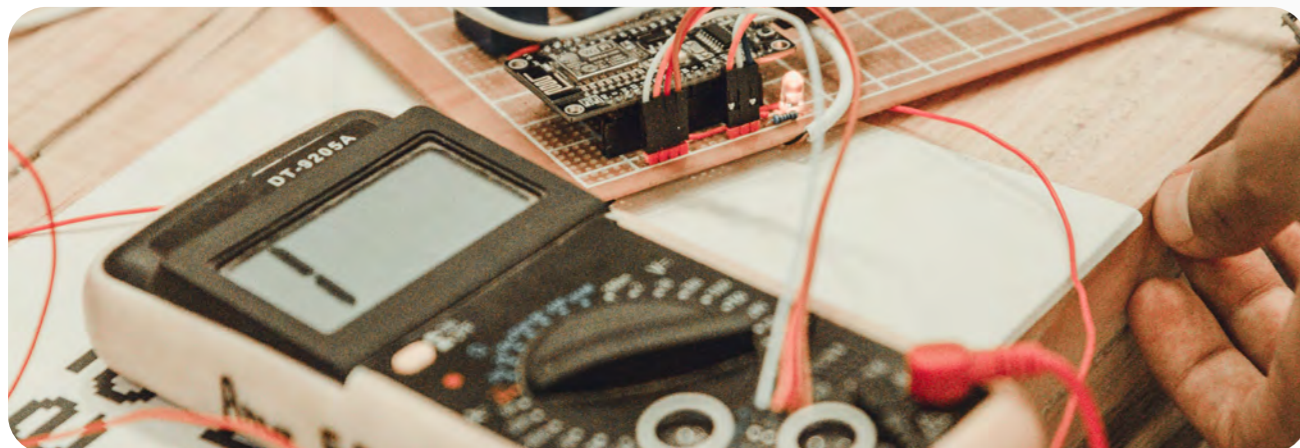

**COURSE DURATION:** 2 years

### QUALIFICATION PACKAGING RULES:

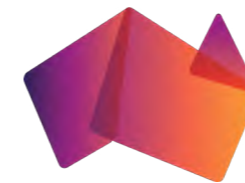

To achieve this qualification, competency must be reached with a total of 410 weighting points, 270 x core weighting points and 140 elective weighting points, of which:

- A total of 140 weighting points elective from the groups, of which between 0 and 60 can be taken from Group A
- A maximum of 60 weighting points can be selected from Group A, or from any training package / accredited course
- A minimum of between 80 and 140 weighting points from Group B, or,
- All 140 weighting points can be taken from Group B

### OTHER DETAILS

**Pre-requisite Units:** One or more Units of Competency in this qualification have pre-requisite entry requirements. The listed unit(s) should not be commenced until their pre-requisite requirements have been delivered and satisfactorily completed.

## MEM20422 CERTIFICATE II IN ENGINEERING PATHWAYS

This qualification is designed to develop trade-like skills and offers an introduction to essential engineering practices. Students explore the world of welding, machining, and utilising engineering tools and equipment to create and modify objects.

With a focus on safe practices and simulated work environments, this qualification is ideal for those seeking exposure to the engineering industry. Students gain valuable knowledge and skills that enhance their employability in engineering or related workplaces.

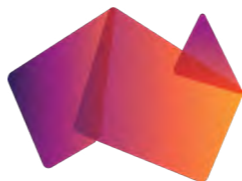

**COURSE DURATION:** 2 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **12 units of competency (4 core, 8 elective)**, of which:

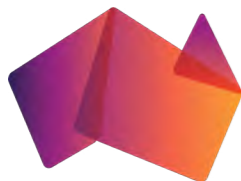

- a minimum of seven (7) Group A electives must be chosen, and
- a maximum of one (1) Group B elective must be chosen

## 22470VIC CERTIFICATE II IN ENGINEERING STUDIES

The aim of this qualification is to provide students with skills and knowledge in machine processing, fabrication techniques and using power tools and computers for engineering related work activities.

It provides pre-employment training and pathways in the engineering, manufacturing or related industries and accommodates entry into the wider engineering industry.

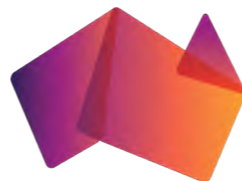

**COURSE DURATION:** 2 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **11 units of competency (7 core, 4 elective)**, of which:

- The four (4) elective units may be selected from the elective unit list
- Alternately, a maximum of two (2) of the four (4) electives units may be selected from any endorsed training package or accredited course provided they are consistent with the course outcomes and the AQF level of the qualification.

## MSL20122 CERTIFICATE II IN SAMPLING AND MEASUREMENT

This qualification is designed to launch a science career as there is a strong demand for sample collection and laboratory skills across diverse industries such as mining, food manufacturing, construction, and pharmaceutical production. This program provides the foundation-level skills necessary to proficiently collect, handle, and transport samples.

Students develop essential knowledge in data recording, storage, simple calculations, and result presentation. Successful completion of this qualification equips students with the ability to gather samples for various industry testing scenarios. It also lays a solid foundation for further studies in environmental sciences, health, or trades.

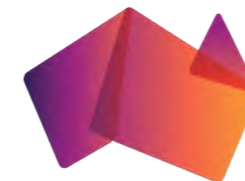

**COURSE DURATION:** 1-2 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **8 units of competency (3 core, 5 elective)**, consisting of:

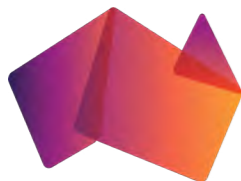

- *at least 2 units from Group A*
- *at least 1 additional unit from Group A or B*
- *2 units from the electives listed or any endorsed Training Package or accredited course*

## MSL20122 CERTIFICATE II IN SAMPLING AND MEASUREMENT

### AVAILABLE UNITS OF COMPETENCY

UNIT CODE	UNIT TITLE	TYPE	NOMINAL HOURS

MSL973027	Perform techniques that prevent cross-contamination	B	40	40
MSL973028	Perform microscopic examination	B	40	40

## MSL30122 CERTIFICATE III IN LABORATORY SKILLS

This qualification is designed as the entry-level requirement for laboratory personnel across all industries, this program prepares individuals for job roles such as laboratory technicians and instrument operators. As laboratory technicians, students engage in basic laboratory work within a specific scientific discipline. Following set procedures, they utilise their technical skills and basic scientific knowledge to prepare and test samples meticulously. Operating test equipment and instruments, students also make limited adjustments and accurately process and record data.

Through this qualification, students develop essential communication skills, learn laboratory and field work planning, and contribute to quality objectives. They also gain a comprehensive understanding of safety protocols, sample preparation, basic testing, and environmentally sustainable work practices.

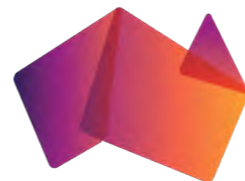

**COURSE DURATION:** 1-2 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **13 units of competency (5 core, 8 elective)**, consisting of:

- *at least 4 units from Group A*
- *at least 3 additional units from Group A or B*
- *1 unit from the electives listed or any endorsed Training Package or accredited course*

### OTHER DETAILS

**Victorian Schools:** If you are wanting to deliver a scored VCE VET Units 3&4 program, please contact AIET to discuss Victorian Scored Assessment Task options

**Victorian Schools:** This VCE VET program is currently under review. We are currently awaiting unit endorsement and selection from VCAA

## SIS20122 CERTIFICATE II IN SPORT AND RECREATION

This qualification is designed to provide students with hands-on experience, and equipping individuals with the essential skills and knowledge to thrive in community recreation centres, outdoor sporting grounds, aquatic centres, and beyond. It also serves as a steppingstone for further studies in the sporting industry.

From learning workplace health and safety practices to assisting in conducting recreation sessions, students develop a wide range of competencies as they are trained in providing quality service, responding to emergency situations, maintaining activity equipment, and staying up-to-date with industry knowledge.

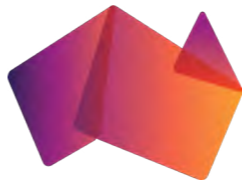

**COURSE DURATION:** 1-2 years

**QUALIFICATION PACKAGING RULES:**

To achieve this qualification, competency must be demonstrated in **10 units of competency (6 core, 4 elective)**, consisting of:

- 2 units from the listed electives
- 2 units from the listed electives, elsewhere in SIS Training Package, or any other current Training Package or accredited course

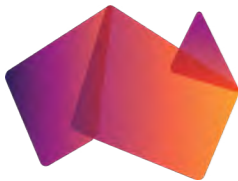

## SIS20122 CERTIFICATE II IN SPORT AND RECREATION

<i>Work Placement: Minimum work requirement of 20 hours in an organisation with a structured volunteer program</i>				

**OTHER DETAILS**

**Work Placement:** One or more Units of Competency in this qualification have a work placement requirement. These requirements may be able to be completed at your school, subject to RTO approval and depending on the facilities and equipment at your delivery location. If you believe that your school meets these requirements, please contact your RTO.

## SIS20321 CERTIFICATE II IN SPORT COACHING

Certificate II in Sport Coaching will give the student a head start on a career in the sports industry. This entry-level qualification will give the student practical skills to conduct coaching sessions in community-based sports clubs and organisations.

Students gain a range of basic coaching skills required to work under the supervision of a coach to engage participants in sport. They learn how to provide equipment for activities, participate in conditioning training for sport, conduct sport coaching sessions with foundation level participants, and assist supervisors to prepare, conduct, monitor and evaluate activity sessions.

Successful completion of this qualification will qualify the student to work or volunteer in assistant coaching roles at community-based sports clubs and organisations.

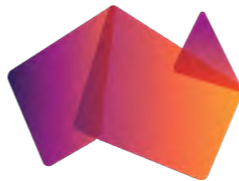

**COURSE DURATION:** 1-2 years

**QUALIFICATION PACKAGING RULES:**

To achieve this qualification, competency must be demonstrated in **7 units of competency (3 core, 4 elective)**, consisting of:

- 1 unit from Group A
- at least 1 unit from the electives listed in Group A or Group B
- up to 2 elective units can be selected from elsewhere in the SIS Training Package, or from any other current Training Package or accredited course

**OTHER DETAILS**

**Work Placement:** One or more Units of Competency in this qualification have a work placement requirement. These requirements may be able to be completed at your school, subject to RTO approval and depending on the facilities and equipment at your delivery location. If you believe that your school meets these requirements, please contact your RTO.

**Pre-requisite Units:** One or more Units of Competency in this qualification have pre-requisite entry requirements. The listed unit(s) should not be commenced until their pre-requisite requirements have been delivered and satisfactorily completed.

**Victorian Schools:** This qualification is not available as a VCE VET program in Victoria, however schools may seek block credit arrangements with the VCAA.

## SIS20419 CERTIFICATE II IN OUTDOOR RECREATION

This qualification is packed full of adventure, and self-development. It is designed to provide the student with exciting opportunities to develop skills and knowledge in a variety of outdoor endeavours.

Students work under direct supervision and with guidance from supervisors. This qualification provides a pathway into advanced outdoor leadership qualifications.

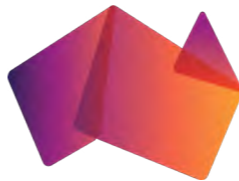

**COURSE DURATION:** 2 years

**QUALIFICATION PACKAGING RULES:**

To achieve this qualification, competency must be demonstrated in **11 units of competency (4 core, 7 elective)**, consisting of:

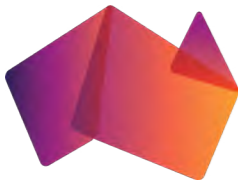

- 3 units from Group A
- 4 units from Group A, Group B, elsewhere in the SIS Training Package, or from any other current training package or accredited course

## SIS30122 CERTIFICATE III IN SPORT, AQUATICS AND RECREATION

This qualification is designed for individuals with well-developed skills and a passion for delivering recreational services. This program empowers students to work independently and make informed decisions guided by established plans, policies, and procedures.

Through this qualification, students gain comprehensive knowledge of the sporting industry and develop essential workplace skills. They learn about session preparation, equipment requirements, client interaction, and first aid. The flexibility of this qualification allows students to cater to their own sporting interests.

Upon completion, students can pursue opportunities in fitness centres, sporting grounds, leisure and aquatic centres, and community recreation centres.

**COURSE DURATION:** 2 years

### QUALIFICATION PACKAGING RULES:

To achieve this qualification, competency must be demonstrated in **15 units of competency (6 core, 9 elective)**, consisting of:

- 7 units from the listed electives
- 2 units from the listed electives, elsewhere in SIS Training Package, or any other current Training Package or accredited course

### SPECIALISATION OPTIONS:

Specialisations are available but are not mandatory to achieve this qualification. AIET offers the following specialisation options:

- To achieve a 'Customer Service Officer' specialisation, 5 units from Group A must be selected
- If less than 5 units from Group A are selected, there will be no specialisation

### OTHER DETAILS

**Victorian Schools:** This VCE VET program is currently under review. We are currently awaiting unit endorsement and selection from VCAA

## VET PARTNERSHIPS WITH A READCLOUDVET RTO FREQUENTLY ASKED QUESTIONS

### WHAT ARE VET IN SCHOOLS PARTNERSHIPS?

Partnerships in the **Vocational Education and Training (VET)** sector involve a **Registered Training Organisation (RTO)** entering into a partnership (or third party) arrangement with a secondary school. This is necessary in order to have the training and assessment delivered by the school endorsed, so that a nationally recognised qualification can be issued by the RTO.

### HOW DO READCLOUDVET RTOs PARTNER WITH SECONDARY SCHOOLS?

The group of **ReadCloudVET** RTOs allows the secondary school (once approved) to deliver the VET program on its behalf. It also provides the teacher with everything they need for successful delivery, including all resources and assessment materials within the **ReadCloudVET** RTOs' **Learning Management System**.

### WHAT AND HOW IS VET (COMPETENCY BASED LEARNING) DELIVERED?

Each Unit of Competency covers a range of skills and knowledge. Students must satisfactorily complete assessment tasks to demonstrate competency in all areas of the unit. Methods for assessing and gathering evidence may include **observations, written or verbal questions, portfolios, projects, videos, photos, production of documents or items**.

### WHAT IS REQUIRED FOR A TEACHER TO DELIVER VET?

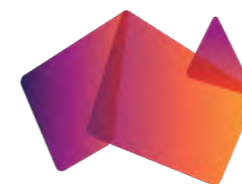

Teachers delivering a VET program in partnership with a **ReadCloudVET** RTO must hold a current **TAE40122 Certificate IV in Training and Assessment** or approved equivalent, and have the relevant vocational competencies / experience, at least to the level being delivered. This includes recent experience or currency in industry, not just teaching experience.

As you prepare for delivery, a representative from the relevant **ReadCloudVET** RTO(s) will review the documentation provided by each teacher to ensure they meet the minimum requirements and, if required, provide advice around what they need to do to be approved.

### WHAT WILL MY SCHOOL NEED IN ORDER TO DELIVER VET?

In order to be approved for in VET in Schools partnership with a **ReadCloudVET** RTO, a prospective Partner School will require:

- A **qualified teacher**, as described above
- **Equipment and facilities** required for the course
- **Teaching resources** to support delivery

## VET PARTNERSHIPS WITH A READCLOUDVET RTO FREQUENTLY ASKED QUESTIONS

### IF I CHANGE RTO PROVIDERS, WILL MY STUDENTS' RESULTS TRANSFER ACROSS?

For schools moving from another RTO to a **ReadCloudVET** RTO, students who have already begun their qualification elsewhere will need to enrol with their new RTO. Once this is complete, they will receive recognition via Credit Transfer for any previously achieved units, provided we have a copy of the relevant **Statement of Attainment** from the previous provider.

### WHAT SUPPORT WILL MY SCHOOL BE PROVIDED WITH BY READCLOUDVET?

All schools who partner with a **ReadCloudVET** RTO are given everything they need to deliver their programs, but also assigned a dedicated **School Partnership Consultant (SPC)** to answer and assist with any queries. **SPCs** also support new teachers and VET Coordinators throughout the year in accessing the **ReadCloudVET** platforms and completing requirements.

### HOW DO MY STUDENTS OBTAIN THEIR CERTIFICATES?

Once teachers have met all compliance requirements, including submission of final results, the RTO will issue a **Certificate** if the student has achieved a competent outcome in all of the required units for the qualification. When a student has not completed all required units, they are issued a **Statement of Attainment** for the units they have successfully completed.

### WHAT ARE THE FEES FOR AN AUSPICE ARRANGEMENT WITH A READCLOUDVET RTO?

Annual **ReadCloudVET** RTO fees are comprised of two key line items; an **Auspice Fee** and a **Student Fee**. The Auspice Fee is charged 'per qualification' / 'per year', irrespective of the number of classes, year levels or streams. The Student Fee (*or Student Resource Fee*) is charged 'per student' / 'per year' and is invoiced at the completion of the enrolment window, and then periodically throughout the year for approved late enrolments.

For Partner Schools delivering programs across multiple **ReadCloudVET** RTOs, the Auspice Fee may be reduced. For more information, view the **Schedule of Fees**.

### HOW CAN I ENQUIRE, REQUEST A DEMO OR GET FURTHER INFORMATION?

Simply register your interest via one of the following, and one of our friendly team members will be in touch with you to answer your questions and provide further details:

- The **ReadCloudVET** website (at [readcloudvet.com/contact](https://readcloudvet.com/contact))
- The individual **ReadCloudVET RTO website**, or
- Contact the **ReadCloudVET Sales Team** directly at [vetsales@readcloud.com](mailto:vetsales@readcloud.com).
