YOUTH RECOGNITION PROGRAM

WHAT IS THE YOUTH RECOGNITION PROGRAM?

The Youth Recognition Program (YRP) offers youth members the opportunity to formally record their experiences and service and receive recognition.

What will you learn?

There are three levels to the Youth Recognition Program for you to work towards achieving – Bronze, Silver and Gold. Each level has specific requirements and involvement in various roles associated with the surf lifesaving components of Lifesaving, Training and Surf Sports.

What will you do?

You will be able to participate across a broad range of surf lifesaving activities, gaining invaluable experience and becoming a well-rounded club member.

To achieve the various levels:

- **Bronze:** A minimum of 60 hours in total and must include at least four hours across each of the program's components: Lifesaving, Surf Sports and Training.
- **Silver:** After attaining Bronze level. A minimum of 80 hours in total and must include at least six hours across each of the program's components: Lifesaving, Surf Sports and Training.
- **Gold:** After attaining Bronze and Silver levels. A minimum of 90 hours in total and must include at least eight hours across each of the program's components: Lifesaving, Surf Sports and Training. This represents the highest level of achievement within this program. Usually taking two years plus to achieve.

As well as accruing hours through club based activities, SLSWA offer a number of Youth Pathway Programs that you can also participate in and accrue hours through.
