

Velocity
POWERED BY  **SUMMIT**

Velocity, the easy way home.

Building a home shouldn't feel complicated, stressful, or out of reach.

But for most West Australians, it does — rising prices, limited land, and endless delays make it harder than ever to start.

That's where Velocity steps in.

We make new home ownership fast, easy, and achievable — without the confusion or the wait.

about
Velocity

What is Velocity?

Velocity is a smarter way to build, powered by Summit Homes Group, one of WA's most trusted builders with almost 50 years of experience. We've simplified the process from start to finish:

- Pre-curated home designs ready to go
- Fixed-price packages you can trust
- Faster site starts so you can move in sooner
- Energy-efficient, stylish homes made to suit your lifestyle
-

Velocity gives you momentum — helping you go from dream to done.

Why Choose Velocity?

Easy

Every home is designed specifically for its block, factoring in design guidelines, compliance checks, and solar orientation. No extra hurdles, no hidden surprises.

Exclusive

Thanks to our strong developer partnerships, Velocity offers land opportunities you won't find anywhere else. These packages are available only through Summit Homes Group.

Fast

With reduced pre-construction timelines, you'll unlock your new home sooner.

Complete Housing Solution

From house & land packages to spec homes and ex-display homes, Velocity gives you flexible options to suit your lifestyle and timeline.
