

BUD – MyCompApp DOCUMENTATION

Initial Account Sign In and Creation Process

1. **NOTE:** BUD MyCompApp is completely separate to CCF's MyCompApp. If you have an account with CCF's Winter\Summer MyCompApp, it will not work for BUD's, and vice versa. If you have any issues with the following procedure, please do not send anything to CCF. Just send an email to: infotomarty@gmail.com and we will get back to you. Thanks.
2. From a web browser go to:

<https://bud.mycompapp.com/>

(Again, Note: CCF's will have "ccf" in the URL instead of "bud", so make sure you're on the right one)

3. From the top right of the main MyCompApp page, you can choose whether to LOGIN, or REGISTER a new account:

- a. **If you have registered for any BUD Summer Comps previously, you will already have an account.**

Choose "LOGIN" from the top right, and use the email address you registered with last time.

If you can't remember which email address you used, please send an email to:

infotomarty@gmail.com

Include your full name and date of birth. We will reply with the registered email address.

Once you have the correct email address, enter your password and click "Sign In".

All user passwords have been reset to the following default:

- First letter of first name – capital
- Date of birth as 8 numbers – DDMMYYYY
- Last letter of last name – capital

E.g. Bob Smith, born 1st Jan 1990 would be:

B01011990H

If your password doesn't work, or if you ever forget it once it's set up, click on the "Forgot your password" link and follow the prompts to have a new password sent to the registered email address.

Please don't create a new account if you have registered in a prior BUD summer comp.

If you now have a completely new email address to what you last registered with, send an email to us including your full name, date of birth and the new email address you want.

BUD – MyCOMPAPP DOCUMENTATION

Initial Account Sign In and Creation Process

- b. **If you haven't register for any BUD Summer Comps before, you will need to create a New Account:**

Choose "REGISTER" from the top right. A new screen will appear to enter your details:

The registration form is displayed within a blue border. At the top, a yellow box contains text about password resets. Below this are input fields for 'First Name' and 'Last Name', each with a red eye icon. An 'Email' field follows. The 'Birthday' field shows '20/10/2007' with a calendar icon and a close button. The 'Gender' section has radio buttons for 'Male' and 'Female'. A blue box contains a warning about the immutability of personal details. Below are 'Password' and 'Confirm Password' fields, both with red eye icons. A green checkmark and 'Success!' message are shown, along with the Cloudflare logo. At the bottom, there is a checkbox for 'Agree with the Privacy Policy', a link for 'Already registered?', and a blue 'Register' button.

receiving the password reset email, submit a **recovery request** here. Our team will assist you promptly.

First Name Last Name

Email

Birthday
20/10/2007

Gender
Male ☐ Female ☐

Your name, birthday, and gender cannot be changed after account creation. Please ensure they are correct.

Password (minimum 8 characters)

Confirm Password

Success!

☐ Agree with the [Privacy Policy](#)

[Already registered?](#) [Register](#)

Fill in the fields.

In the "Password" field, enter a password that has at least eight characters. Being a public facing website, we suggest using a strong one, including an uppercase letter, a number, and a special character, like a \$ or @ symbol. It's a good idea to use a phrase that's easy to remember but change some of the letters with these stronger characters. For example:

Instead of "I love Mondays" you could use "I Love Mond@y5"

Click the "Register" button.

Once registered, go to the LOGIN screen (<https://bud.mycompapp.com/login>).

If you have trouble and can't work it out, please send the details (with screen shots if possible) to:

infotomarty@gmail.com

4. From the "LOGIN" screen enter your email address and password. You can click the "Remember me" box to save entering your email address each time you sign in. Then click "Login":
