6x DECODABLE TALES Level 8 Books 1 – 10
60 Books – 6 copies of each title

This set of Decodable Readers have been created to give children the opportunity to master the identification of the letter/sounds aw (draw), ew (drew), ou (touch), air (chair), are (dare), ear (pear), eer (cheer), ore (more), dge (edge), tch (match) (Level 8 sounds x 10 books) and how to blend and read words using these letter/sounds. All Decodable Tales books contain pre reading word warm ups to build word blending skills prior to text level reading.

This new series of decodable readers is a collection of stories to widen student's imaginations and engage them in a range of wonderful narratives. The Decodable Tales books have a lesser word count than our Main Fiction Series but higher than our Early Readers. It is on par with our Nonfiction Series.

Meg can do tricks for Pam.

Meg digs in the mud pit.

"A rainbow trail! That trail might lead to a pot of gold Aiden. Let's follow the trail," said Aiden. Gail and Aiden went back to the track and spotted the rainbow trail. Gail was leading the way and Aiden had to keep up with her. "It might be a trap Gail. It might lead us to a bear that will tie us up or eat us," Aiden was afraid.

As the wind died down, the girls turned their bikes in and decided to go and collect shells. "Let's check the dunes. I find big shells there often," Molly said. Ivy went to collect the shells in the dunes. "I'll go this way and you go that way. Then we can meet back here," Ivy suggested. Molly agreed and off they went. As Ivy was looking for shells, she spotted a tiny thing in the distance that was struggling. As she got closer, she found that it was a baby turtle. "Molly! Molly! Quick!" Ivy shouted. Molly ran to Ivy as quickly as she could.

Fluency - Time to Shine Fluency Passages

Our Time to Shine Fluency Passages are a great tool to use to build fluency at a phonics focus level. As each grapheme is introduced, these fluency passages allow for practice and building of decoding automaticity with newly introduced content.

TIME TO SHINE FLUENCY PASSAGES

\$99

Level 5 = 5 Fluency cards x 2 copies of each card

Level 6 = 6 Fluency cards x 2 copies of each card

(22 Dry Erase Fluency cards in total)

- Level 5 sounds: ai (trail), ay (play), ea (beach), ee (tree), ie (pie), igh (sight), oa (boat), ow (slow), ew (few), ue (cue). Level 6 sounds: oi (soil), oy (boy), oo (book), oo (moon), ou (loud), ow (cow), er (term), ir (stir), ur (turn), ar (star), or (for).

- Each Fluency card offers 2 passages. One easier one with lower word count and word complexity and then a passage that's slightly more challenging. This allows for differing abilities of students but with the same focus.

- Students are timed as they read for one minute and their WCPM (words correct per minute) is recorded. Upon repeated readings, students try to improve on their score.

The SPARKLE Kit is a testing series that has been created for teachers to evaluate and monitor the reading skills of their students. The SPARKLE Kit consists of 8 screeners, 16 texts (in Main Fiction Series) and 8 texts (in Early Reader Series) that assess decoding skills, text comprehension and fluency. Systematically sequenced into 8 levels, the SPARKLE Kit includes comprehensive student recording forms to assist teachers to accurately determine reading proficiency.

Individually administered, the student screener and reading evaluation data can be used for instructional planning purposes and to formulate interventions.

The SPARKLE Kit was predominantly designed as an assessment tool to be used alongside the Decodable Readers Australia books. However, this resource is a tool that provides educators with a comprehensive report detailing the reading skills that a student has or has not acquired regardless of the instructional program used.

IMPLEMENTATION GUIDELINES

(updated October 2023 based on new curriculums)

For schools and educators choosing to use Decodable Readers Australia, the following table provides a guideline for the sequential implementation of both the readers and the SPARKLE kit.

Teaching Sequence	Staged Implementation of the Decodable Readers Australia Series		Resources
Stage 1:	Explicitly teach each phoneme/grapheme in the Sound Set. Resources found in our SOR Toolkits. Recommend 3 - 4 phoneme/graphemes per week.	Goal: Automatically recognises each phoneme/grapheme in the Sound Set.	<div>SOR TOOLKITS</div> 
Stage 2:	Explicitly teach blending, segmenting & manipulating using phoneme/graphemes in the Sound Set. Resources found in our SOR Toolkits.	Goal: Reads words comprised of phoneme/graphemes in the Sound Set (and those taught in previous Sound Sets) that use various spelling patterns.	
Stage 3:	Modelled, guided and independent reading practise using readers in the Sound Set.	Goal: Reads words in continuous text with increased fluency.	<div>DECODABLE READERS LEVEL 1 - 8</div> 
Stage 4:	Developing rate of fluency through consistent practise using readers in the Sound Set.	Goal: Fluent reading of books within the Sound Set.	
*students will remain at this stage to develop fluency while moving to the next level for the explicit teaching of the next Sound Set

For a student to make successful progress through the stages in this guide he/she must be engaged in a program that explicitly teaches systematic, synthetic phonics.

This table is a guideline only and provides a benchmark to assist with planning instruction. Individual developmental stages need to be taken into consideration as students will move through the stages and levels at varying rates.
