## **CRANAplus Basic Life Support course**

Information and preparation for the practical assessment

Your BLS practical assessment can be completed by a CRANAplus Educator either face-to-face or via Zoom. If a CRANAplus Educator is not available, an External Assessor (appointed by CRANAplus) will be arranged by the CRANAplus Educator.

It is your responsibility to organise the required documentation, equipment and venue for your assessment.

Register via <u>CRANAplus</u> website

Complete online learning (Access via the <u>CRANAplus Dashboard</u>)

Organise required equipment for practical assessment

Submit enquiry via the CRANAplus Dashboard

Arrange practical assessment with CRANAplus assessor

Complete practical assessment

Certificate issued within 7 days

## **Equipment required**

- Adult, paediatric and infant BLS mannequins (with the ability to have inflating lungs for ventilation)
- Automated external defibrillator (AED) and adult sized defibrillator pads
- Face shields/mannequin wipes (only if performing mouth-to-mouth in assessment)
- Adult sized resuscitator/bag-valvemask (if available)

## For assessments via Zoom

 Computer/laptop/smart phone/ tablet with working camera and Zoom (<a href="https://zoom.us/">https://zoom.us/</a>) which has been tested and is in working order.
