

## UNIVERSAL TAU-M™

The UNIVERSAL TAU-M™ is non-gating, partially reusable crash cushion designed to meet MASH TL-2 and TL-3 testing requirements and comes in a compact design.

Available for concrete and asphalt applications it can shield hazards with widths up to 760mm.

Easy to install with fast on-site repairs the TAU-M system has numerous transition options making it an ideal crash cushion to shield most roadside and median hazards.

The TAU-M system is also available as an upgrade kit to retrofit existing NCHRP 350 TAU-II installations into MASH qualifying systems.

### FEATURES

- Minimum number of anchors needed to secure the system
- Reduced length vs. NCHRP 350 TL-3 system
- Upgraded slider panels for increased durability
- Can be installed over bridge expansion joints
- Numerous non-proprietary transition options
- NCHRP 350 to MASH retrofit kits available
