BY EMAIL ONLY: ██████████

Dear ██████████

Approval of Infrastructure Works (Package 4) Construction Environmental Management Plan, Heritage Management Plan and Noise and Vibration Management Plan: Condition C8: Parramatta Light Rail (SSI 8285)

I refer to your submission dated 11 November 2019 requesting approval of the Infrastructure Works (Package 4) Construction Environmental Management Plan, Heritage Management Plan and Noise and Vibration Management Plan in accordance with condition C8 of SSI 8285. I also note the inclusion of the Noise and Vibration Monitoring Program required to be submitted for information under condition C13 within the associated Noise and Vibration Management Plan. I acknowledge your response to the Department's review comments and requests for additional information.

I note that the Infrastructure Works (Package 4) Construction Environmental Management Plan, Heritage Management Plan and Noise and Vibration Management Plan:

- have been prepared in consultation with the relevant government agency/stakeholders
- have been reviewed by Transport for NSW and no issues have been raised
- have been endorsed by the Environmental Representative
- contain the information required by the conditions of approval.

As delegate of the Planning Secretary, I approve the following documents pursuant to condition C8.

Document	Revision and date
Construction Environmental Management Plan	Revision 12, dated November 2019
Heritage Management Plan	Revision 7, dated October 2019
Noise and Vibration Management Plan	Revision 6, dated November 2019

I note that the following plans and construction monitoring programs have been provided to the Department for information pursuant to conditions C3 and C13:

- Traffic, Transport and Access Management Plan
- Flood Management Plan
- Flora and Fauna Management Plan
- Water Quality (Turbidity) Monitoring Program
- Noise and Vibration Monitoring Program

- Grey-headed Flying Fox Monitoring Program

You are reminded that if there is any inconsistency between the documents listed above and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that you make the approved Construction Environmental Management Plan, Heritage Management Plan and Noise and Vibration Management Plan publicly available on the project website, before the commencement of any works to which they relate as required by condition B11.

If you have any questions, please contact [REDACTED]

Yours sincerely,

Eratta 21/11/2019

Dear [REDACTED]

**Parramatta Light Rail (CSSI 8285)
Infrastructure Works (Package 4) Heritage Management sub-plan and associated
documents**

I refer to your submission dated 30 September 2020 requesting approval of the Infrastructure Works (Package 4) Heritage Management sub-plan (Rev 10) (the Plan) in accordance with condition C8 of SSI 8285.

I note that the Plan was previously submitted to the Department on 15 July 2020 for information following inclusion of minor amendments. These minor amendments included the incorporation of the Movable Heritage Item Strategy to within the project's Heritage Archival Recording and Salvage Report, rather than the Heritage Interpretation Strategy, as is required by REMMM HE-13. The Department wrote to Transport for NSW on 27 July 2020 seeking clarification of these minor amendments and confirmation that they were consistent with the requirements of the planning approval.

On 28 August 2020, Transport for NSW responded to the matters raised in the above-mentioned letter and I note that a revised Plan has now been submitted for the Department's approval. Other minor changes have also since been made to the Plan as a result of the annual review of the Infrastructure Works (Package 4) Construction Environmental Management Plan.

I acknowledge your response to the Department's request for additional information. I note that the revised Plan:

- has been reviewed by Transport for NSW and no issues have been raised
- has been endorsed by the Environmental Representative, and
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the Infrastructure Works (Package 4) Heritage Management sub-plan (Rev 10) September 2020, pursuant to condition C8.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that you make the Infrastructure Works (Package 4) Heritage Management sub-plan (version 10) publicly available on the project website.

If you wish to discuss the matter further, please contact [REDACTED] on [REDACTED]
[REDACTED]

Yours sincerely

13/01/2021

Dear ██████████,

**Parramatta Light Rail – Stage 1 (CSSI 8285)
Infrastructure Works (Package 4) – Updated Construction Environmental Management Plan and
Sub-Plans**

I refer to your submission dated 5 November 2020 of the Infrastructure Works (Package 4) - updated Construction Environmental Management Plan and Sub-Plans for information in accordance with condition C8 of CSSI 8285.

I note that minor amendments have been made to the following documents, which have been approved by the project's Environmental Representative in accordance with Condition C8, and submitted to the Department for information:

Document	Revision and date
Construction Environmental Management Plan	Revision 15, 8 October 2020
Construction Traffic, Transport and Access Management Sub-Plan	Revision 9, 8 October 2020
Construction Noise and Vibration Management Sub-Plan	Revision 10, 8 October 2020
Construction Flora and Fauna Management Sub-Plan	Revision 6, 26 August 2020
Construction Flood Management Sub-Plan	Revision 7, 27 August 2020
Construction Waste and Resource Management Sub-Plan	Revision 10, 8 October 2020
Construction Air Quality and Dust Management Plan	Revision 4, 26 August 2020
Construction Landscape and Temporary Works Management Sub-Plan	Revision 6, 8 October 2020
Construction Contaminated Land Management Sub-Plan	Revision 7, 28 August 2020
Construction Soil and Water Management Sub-Plan including Water Quality (Turbidity) Monitoring Program (Appendix D)	Revision 10, 5 November 2020

I also note that the project's Acoustics Advisor has endorsed the minor amendments to the Construction Noise and Vibration Management Sub-Plan (Revision 10, 8 October 2020).

You are reminded that if there is any inconsistency between the documents listed above and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that the updated plans are placed on the project website at the earliest convenience.

If you have any questions, please contact S [REDACTED]
