INDUSTRY INVITED TO REGISTER INTEREST IN PARRAMATTA LIGHT RAIL STAGE 2

The NSW Government is encouraging industry to register their interest to deliver the first phase of Parramatta Light Rail Stage 2, linking two communities with a new bridge over the Parramatta River between Wentworth Point and Melrose Park.

Minister for Transport, Veterans and Western Sydney David Elliott said he was delighted the registration of interest was now open for industry partners to be part of Western Sydney's latest megaproject.

"We have reached the next phase of the procurement process to deliver the first significant bridge crossing over the Parramatta River since 1987," Mr Elliott said.

"The works will include a 320-metre-long bridge and approaches on either side of the river – totalling 1.3 kilometres, which will provide a much-needed connection for these growing communities and unlock access to the Sydney Olympic Park peninsula and its world-class sporting, recreational and economic facilities,"

"This is a fantastic opportunity for our industry partners to find out more about the project, and work with us to deliver innovative and reliable transport connections,"

"We have seen the incredible transformation Parramatta Light Rail Stage 1 is delivering for the people of Western Sydney, and we want interested parties to come forward and be part of the exciting next phase."

Interested parties are encouraged to visit [eTendering - Current Tender Detail View - ROI for IPD-22-12894 \(nsw.gov.au\)](https://www.nsw.gov.au/tenders/eTendering-Current-Tender-Detail-View-ROI-for-IPD-22-12894) to find out more and to register their interest.

Following this, an Expressions of Interest process will open in January 2023 for shortlisted industry partners, with construction of the Enabling Works expected to commence in 2024.
