

# Out of hours - overhead wiring works

## Parramatta Light Rail Stage 1 project

December 2023 – SOM 147

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Parramatta Light Rail is one of the NSW Government's latest major transport infrastructure projects being delivered to serve a growing Sydney.

Parramatta Light Rail Stage 1 will connect Westmead to Carlingford via the Parramatta CBD and Camellia. It is expected to open in 2024.

Work continues on the Parramatta Light Rail project, with construction nearing completion on the light rail stops and power substations, wiring and signalling along the alignment to support future operations.

**Great River City Light Rail** has been engaged by Transport for NSW to complete this work.

### What work are we doing?

Work is required to install overhead wiring along the light rail track between Camellia and Carlingford.

Work activities will include:

- vehicle movements between work locations
- finishes to overhead wiring

### When and where we'll be working

The work will be carried out between **7pm on Friday 8 December to 7am Saturday 9 December and recommence on Sunday 10 December**

**between 7am and 7pm.** Working times and conditions are detailed in the project's [Environment Protection Licence](#). We will not work during periods of heavy rain. The work will be undertaken progressively along the corridor between Camellia to Carlingford.

A detailed work schedule can be found at [parramattalightrail.nsw.gov.au/weekly-works](http://parramattalightrail.nsw.gov.au/weekly-works).

### What equipment will be used?

Equipment will include but is not limited to powered and non-powered tools, and hi-rail vehicles.

### Traffic and pedestrian impacts

Work will have no impacts to traffic or parking.

The Active Transport Link will remain open. Please follow the directions of the traffic controllers when crossing light rail tracks.

Visit [parramattalightrail.nsw.gov.au/path](http://parramattalightrail.nsw.gov.au/path) to plan your trip.

### Managing our impacts

There will be some noise and dust associated with this work. Some of the ways we will manage these impacts is by:

- using traffic controllers and signage to assist with crossing of light rail tracks.
- using non-tonal reversing beepers on vehicles.
- monitoring and reviewing noise levels.
- turning off equipment and vehicles not in use.

Location of work area

Key

- Work area
- Alignment

Please note:  
The shared walking and bike riding path will remain open between Camellia and Carlingford.
