

Out of hours work - Camellia to Carlingford

Parramatta Light Rail Stage 1 project

December 2023 – SOM 148

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Parramatta Light Rail is one of the NSW Government's latest major transport infrastructure projects being delivered to serve a growing Sydney.

Parramatta Light Rail Stage 1 will connect Westmead to Carlingford via the Parramatta CBD and Camellia. It is expected to open in 2024.

Following completion of the tracks and stops, work continues on the testing of the power substations, signalling and overhead wiring.

Great River City Light Rail has been engaged by Transport for NSW to complete this work.

What work are we doing?

Testing and commissioning activities to support the functionality and performance of the light rail network will take place between Camellia and Carlingford in late December and January 2024.

Activities will include testing the light rail assets including systems, vehicles, and signalling.

Traffic controllers will be in place while these activities are carried out.

When and where we'll be working

Testing and commissioning activities between Camellia and Carlingford will take place during the day and night.

Standard construction hours are from **7am to 7pm Monday to Friday**, and from **8am to 6pm on Saturday**.

Some testing and commissioning work outside standard construction hours will take place during **week commencing 17 December from 6pm to 6am Sunday to Friday**.

Managing our impacts

Every effort will be made to minimise the impact of the work on you.

Some of the ways we manage these impacts are by:

- using non-tonal reversing beepers
- monitoring and reviewing noise levels
- consulting with directly affected residents and businesses
- turning off equipment and vehicles when not in use.

We will continue to notify the community, including nearby businesses, ahead of any upcoming work.

Shared path impacts

While the shared walking and bike riding path will remain open between Camellia and Carlingford, some temporary closures may take place from time to time, to enable the movement of vehicles and equipment. Traffic controllers will be in place. Please visit our website to check the latest shared path updates.
