Dear Kerrie

Thank you for your letter about tree planting but something is deeply amiss with your advice.

On 26 April 2024 a tree planting request was made for 4 Turner St, Chelmer ref 19137820, 9 months before the January storms and almost 1 year before the March cyclone. Follow ups by my office revealed the tree was due to be planted between March and June 2025, one year later. Its about to be June. Can you confirm that this tree will be planted as promised?

Sadly, this is not an isolated incident.

In April 2024 a tree planning request was made for 153 Park Rd, Yeerongpilly ref 18969346, also 9 months before the January storms and almost 1 year before the March cyclone. Follow ups reveal the tree planting might occur by October 2025, some 18 months after the request. Why is taking 18 months to get some street trees planted?

If Council is planting trees as you say, why are they not planting them for residents in Tennyson Ward who have been waiting for a year or more?

Do you think an 18 month wait for a street tree to be planted is acceptable service from Council?

I look forward to your reply.

Regards

**Nicole Johnston**  
Councillor for Tennyson Ward
