I would just like to say that I am in strong support of the Newcastle Urban Renewal Strategy and I can't wait to see the changes implemented. For too long Newcastle city has been cut in half by a clunky old train that nobody really uses anyway. I sit at the gates at Honeysuckle most days and regularly see trains with only 2 cars upto 6 cars with only a handful of passengers on it.

I'm excited to live in what I consider a world class city and I'm pleased that finally we will get to see it at its full potential.

Kind regards  
Christian Booth
