Subject: On Exhibition

I recently caught the train from Civic to Cardiff at 5:15pm, and struggled to find a seat. Could someone please explain how this volume of people will be moved to a train terminus at Wickham along Hunter Street. Traffic of an afternoon grinds to a halt already. I normally catch a bus from Civic to West Wallsend, a trip taking approximately –1 to 1-1/4 hours! This ridiculous decision will add 15-30 minutes to that trip.

Please have some consideration for those using public transport.

What extra public transport requirements will the proposed Inner City University Campus add??
