Subject: Do not cut Rail line to Newcastle

Dear Sir/Madam,

I wish to express my objections in the strongest terms to the proposed rail line cut to Newcastle Railway Station. This matter directly effects me:

1. As the owner of a property in Stevenson Place, Newcastle East
2. As an advocate of students who will be using rail to attend lectures in the new University precinct
3. As a citizen concerned about parking problems in the inner city
4. As an opponent of greedy development
5. CBDs need a direct rail link. Cities who have removed them have regretted this decision.
6. As an advocate of a more sustainable mode of transport that limits car use in the East end of Newcastle.

Regards,

Rosalie Bunn.
