Subject: Newcastle's Urban Renewal Strategy

Good morning

It is with great enthusiasm that I advocate my support for the Urban Renewal Strategy for Newcastle - ABOUT TIME!!

In the past there has been a lot of "talking" and not much "doing". It is a sign of great leadership taken by the Government to make the decision to build a new transport interchange at Wickham - LONG OVERDUE.

I 100% support the cutting of the rail line to allow better traffic flow and accessibility throughout the city.

I agree the potential for Newcastle to be a world-class city could be well on its way to being achieved by the implementation of the Strategy proposed.
