Dear Sir / Madam,

I would just like to express my families strong opposition to the proposed cutting of the railway line at Wickham and not letting it continue on to Newcastle.

So many people such as tourists carrying luggage and young people going to the beach will be inconvenienced by stopping and then changing at Wickham railway station. Please keep the railway line and help rebuild Hunter Street and Newcastle's C.B.D. to the way ~~was~~ it was before the 1989 earthquake here.

Yours Sincerely,

Mr P. Johnson.
