Dear Newcastle Urban Renewal strategy,

I had a quick skim through the strategy and I like how you are improving some of the shopping area. One of the photos almost looked identical to Armidale CBD and that shopping area works rather well, however I do not like the relocation of Wickham railway. I would prefer the whole in town railway system not moved at all. I know as soon as it is moved big business will grab hold of the land and the Newcastle citizens will be worst off (we will have buses replace trains and no one wants more traffic, we want less). So I am asking that you do all your other positive developments but do not touch the trainline.

Yours sincerely,

Katrina Leis
