 Hi

My apologies for not advising earlier that I, along with my wife would not be attending the Forum as it will not consider the most cost effective option of retaining the rail line and improving access across it.

As a taxpayer in NSW I find the Minister for Planning's commitment, to spend an obscene amount of money and vandalise an effective public transport system, to be an illogical and flawed decision. In fact I believe his decision has scrapped the fundamental principles of planning.

I urge the Minister to reconsider the decision to abandon the rail line into Newcastle.

Thankyou

Steve Weatherstone
