Re Rail & Bus Transport, in Newcastle.

Newcastle has high hopes of holding the "Games" there in "2030".

The Centre Point of Newcastle is Broadmeadow. Here you have -

The Newcastle Race Course & Jockey Club.
The Harness Racing
The Football. (The Knights) Plus other sports.

Also, There are (Specialist) at Broadmeadow. Where people come from all directions, By Train & Bus.

The Newcastle Show ground is at Broadmeadow. If the rail stops there, it wouldn't hurt to extend and up-date it. (It's long overdue)

If in doubt, leave your car at home.
Experience Public Transport - First hand.

Time to stop making Newcastle, look like the little House in the back yard.

Looking On.

Re Newcastle Transport.

March. 2013.

Newcastle was a thriving shopping Centre.

I went with my sister quite often, had a day shopping, lunch & a movie. Some days, after shopping, bought lunch, & took it, & had on seats over looking the beach front in the fresh air, just pure heaven.

Although there were shops at Charlestown & Adamstown.

We preferred to have a day out in Newcastle (one Bus in, one bus Out)

Then some (Clever) person decided to put a shopping Centre at Katara, Only 10-15 minutes away from (Charlestown & Adamstown shops).

Newcastle, started going down hill.

Who ever did this, destroyed Newcastle shopping Centre.

People didn't shop in Newcastle any more.

Shops closed & left the area.

We missed it very much. Katara to us means (4 Bus. $\frac{2}{2}$ in) & all day waiting around to make connections. (Never go there -)

We used to go to the Football, at Broadmeadow.

Saturday & Sunday afternoons. A Bus ran from Carnes Beach.

straight to the football. It was there waiting after the game & took us back home - It was wonderful.

Next Thing. Football held Friday Nights. No direct transport.

To get there we had to catch a bus to Broadmeadow. Then walk to the football in the dark, or try to find a bus going through Broadmeadow to take us around near the footy ground.

It was too dangerous to be out like this of a night.

So - No football for us. Any More.

Looking On.

elsewhere needs to be kept. Village Style (Not High Rise)

Rail Area Building - Small shops ground level -

Apartment Above - Car Parking already there -

Office spaces already behind King Street -

Plus Access to the Beach & Parks -

Wanderlust Area - Sorry to lose it

elsewhere - That the Hunter District Major Board

& Electricity - where did the Royalties go -

The Hunter Valley - in a rich Area.

Coal Mines -

New Parks -

Rural Farms

Plus No Storage of Motor

& counted as many as 30 skips outside Newcastle

Harbour, waiting to load coal

There is a lot taken out of Newcastle.

(But) Newcastle ~~that~~ received something in return.
(A nice Big New Domestic Office)
