Dear Sir/Madam,

RE: North West Rail Link Corridor Strategy – Showground Station Surrounds

The Castle Hill & Hills District Agricultural Society inc would like to submit the following comments on the *North West Rail Link - Showground Station - Draft Structure Plan*.

Figure 20 Mixed Use area.

Part of this area appears to be in conflict with existing buildings and structures in use on the Showground. This is the area designated as B2 in Figure 14. The photograph on page 7 bottom right hand corner, depicts the buildings and area in question.

In light of this, we would recommend that the perimeter of the Showground be continued in line with the indicative boundaries of the proposed North West Rail Link.

The recommended change would support the philosophy on Page 24 of upgrading and protecting the public domain of the Showground.

Thank you for considering our comments.

Yours faithfully,

Lyne Fuller
