SUBMISSION TO CUDGEGONG ROAD DRAFT PRECINCT PLAN

Date: 24th APRIL 2013Name: JOHN and LINA MURDACAAddress: 69 WORCESTER ROAD ROUSE HILL.Rouse Hill.I bought my land in around 30 years agoThe land was then scrubby, with only a couple of large trees on the boundary which still remainIn all my years living in this area, I have never seen flooding (except for Rouse Rd causeway) or bushfires.My land now is mostly cleared, except for small regrowth trees at the back, and prickly pears which were planted.I want to see Medium or Low Density houses in the area. I do not want an artificial vista from Rouse Hill House to affect planning in the ~~better~~ area.I don't want to see Very Low Density blocks wasting valuable housing land.Final comment: The only wildlife I have seen are rabbits and snakes.Signed: L. Murdaca
