To whom it may Concern

I am writing regarding the Draft s117 Direction, which deals with development near Canberra Airport.

As the Federal Member for Eden-Monaro, I am concerned that the proposal to prevent rezonings around the airport inside the ANEF 20 Contour will limit growth and development around Queanbeyan City and Palerang.

I understand the proposal does not affect existing residential development, which I applaud.

However, we also need to ensure that we promote opportunities for development expansion – both residential and commercial. I have been advised by one local developer that the proposed restrictions within an ANEF 20 are unique in terms of national standards.

Thank you for your consideration – I trust you will take these issues into consideration before finalising the legislation.

Yours sincerely
