Comment: We been living in the Shire since 1969. As I will not be able to attend the meetings next year, I would like to have a say. I have already written to Ken Johns when he was a mayor . We love improvement in the shire, but we don't want high rise building. This LEP is going to turn Sutherland Shire into a getto, as for the entertainment centre the rate payers paid for it, and it should be retained.
