

To NSW Dept of Planning & Infrastructure

Dear Sir/Madam

As a ratepayer - 45 Sutherland Road, Jannali NSW , 2226 I strongly object to the LEP for Sutherland Shire and in particular JANNALI.

It is almost impossible to drive from the West side of Jannali to the East over the 1930s bridge over the railway line in peak our and school pick up/drop off times now. The traffic is so dense. Your proposal is ridiculous.

You are promoting overdevelopment and slum like conditions in a wonderful tree lined suburb.

I strongly object to the concept of Accessible Housing in my street and immediate area. This will devalue big time any neighbouring home not wanting to sell up at bargain basement prices to greedy developers.

All your plans will only profit money hungry developers who have no connection to the Shire at all.

Yours Faithfully
John Campbell
