Dear Ms McGirr,

The Lex Pistol Club Inc would like to thank the Minister, The Honorable Brad Hazard and your Department for its initiative in conducting the workshop to discuss the proposed SEP for shooting ranges.

You are no doubt aware that a number of Pistol Clubs in NSW have faced closure by the Firearms Registry for safety reasons which include problems with the control of 'Fallout Zones' (Range Danger Area). A number of the Clubs involved are unable to conduct zone / State Championships until they are fully operational.

The Lex Pistol Club will support any reasonable measures to overcome the problems with the definition and permissive rights to permit the use of the Clubs 'Fallout Zones' and 'Range Danger Area'

Trusting that your Department may be able to provide policy to overcome the above difficulties.

Yours Faithfully

*Thomas John Roache
Club Captain
