MINISTER BRAD HAZZARD PLANNING & INFRASTRUCTURE
MINISTER ROBYN PARKER ENVIRONMENT
MINISTER DON PAGE LOCAL GOVT

FIRSTLY CONGRATULATIONS ON THE VERY SENSIBLE AND
RESPONSIBLE DECISIONS BEING MADE ON COASTAL HAZARDS.
THE SEPARATION OF ACTUAL DEMONSTRABLE, ~~DATA~~ DATA, USING
HISTORICAL, CURRENT AND CORRECTLY INTERPRETED MODELLING
FROM CLIMATE CHANGE INDUSTRY PREDICTIONS IS A LARGE
DOSE OF REALITY AND TO BE HIGHLY APPLAUDED.
FROM WHERE I AM SITTING NOW WRITING ON COLLAROY BEACH
CLIMATE CHANGE POLITICS WOULD HAVE ME UNDER 2 METRES
OF SURF, WHILST BEHIND ME COLLAROY PLATEAU WAS
COVERED WITH WATER BILLIONS OF YEARS AGO.
WHEN I CHOSE THIS PROPERTY I CONSIDERED MOST CAREFULLY
THE SITUATION - IN LEE OF LONG REEF AND PERSONALLY KNOWN
FACTS ABOUT THE BEACHFRONT. I CONSIDER A "BUYER BEWARE
ATTITUDE" TO OFTEN HYSTERICAL CLAIMS - SEA RISE / SUN AM, ETC
THIS WOULD MAKE THE BUYER / PURCHASER RESPONSIBLE - SAY BY
INSURANCE OR OTHER MEANS FOR THE PURCHASE.
UNFORTUNATELY PERSONAL RESPONSIBILITY THESE DAYS IS VERY MUCH
DIMINISHED.

THE OTHER MEASURES MENTIONED AVAILABLE RECURITE TECHNICAL AND
RELIABLE MODELLING ARE VERY SENSIBLE MOVES
SHOWING COUNCILS AND AUTHORITIES RESPONSIBLE THE WAY FORWARD
IN COASTAL PLANNING AND BACKING THEM UP IS HIGHLY COMMENDED.
KINDLY EXCUSE WRITING I HAVE EYE PROBLEMS.

Yours faithfully
Allan Davy (ALLAN DAVY)
