Dear Sir/Madam,

I am a resident of of the Mid North Coast and I live here because I love this area and all of it's wildlife. I am taking this oportunity to strongly urge you to fully protect all of our forests, wetlands and wildlife habitats and all native species endemic to our beautiful nation.

I strongly oppose *any* activity that threatens the safety or wellbeing of our native wildlife including but not limited to koalas, echidnas, fruitbats, dingoes, cockatoos, birds of prey and marine life.

I urge you to place the strongest protections available to save our lands from the demise of logging, mining, overfishing, over development and genetic modifications etc.

Thank you for your time.
Please note that I wish to have my personal details withheld for privacy.

Yours sincerely,
Michele Smith
