Submission on the Draft Structure Plan for the Broader Western Sydney Employment Zone

Hi-Quality Group operates its business from the corner of Elizabeth Drive and Mamre Rd Kemps Creek comprising of Lot 25 and Lot 26 DP 30265 which falls within the employment zone.

The directors of the Company are supportive of the Draft Structure Plan and hope that the plan will increase business opportunities which will result in greater employment within the area.

However, in light of the proposed development and upgrade of Elizabeth Drive, we are hopeful that constructive consideration is given to the existing businesses for access and egress that will not adversely impact their future operations.

Yours Faithfully
Hi-Quality Group

Vijay Chetty
Commercial Manager
