Please tell us if there are things that concern you in the draft Precinct Plan.

You can say more about these in the space below.

- Staging of rezoning
- The zoning proposed for my land
- Potential effect on Council rates
- Compatibility with surrounding areas
- Infrastructure provision (e.g. sewer and drinking water, electricity)
- Roads and traffic

- Timing of development
- Environment and heritage
- Community facilities/services
- Other (please specify):

Please tell us why you do or don't support the draft Precinct Plan. You may wish to expand on the items you ticked above.

Please attach additional page/s if you need to.

1. Rezoning should not be sequenced. Let us have Rezoning in one go and sequenced development.
2. We are ready to start the development at the earliest. So include the properties right of Heath Rd in the 1st stage.
3. The only local centre in the Leppington precinct has to be included in the 1st stage. Some of the properties including our 125 Eastwood Rd is ready for development at the earliest.
4. It is very close to Leppington Railway Station and City Centre. Only walkable distance. So includes 125 Eastwood Rd in stage 1 development. We are planning to construct 20 Houses at the earliest.
5. The medium density (R3) along the Ingleburn Road should have same height (building height). The R3 in North Leppington has already 12 meter height where as the R-3 which is very close to Leppington Railway station & shopping mall, not to be uniform 12 meter.
