Dear Sir/Madam

Re: Draft Leppington Precinct Plan - 

I am writing in relation to the above draft Precinct Plan currently on public exhibition.

The above site is currently a . The draft plan shows that the site is set aside for future storm water easement requiring closure of the site.

I confirm this site is strategic to our Network. We are currently in discussions with the owner of the site in relation to a Service Station redevelopment. As such we are opposed to the proposed use of the site for future Stormwater easement.

If there is any further information you require at this stage, please do not hesitate to contact the undersigned.

Yours sincerely

Network Planning Manager – Australia
