

Glenfield to Macarthur

URBAN RENEWAL CORRIDOR

Help shape
the future
of your
local area
and make
it an even
better
place
to live

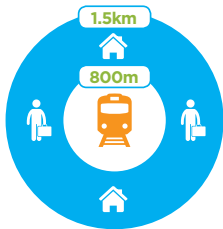

Artist's impression of Queen Street - Campbelltown

The NSW Government is working closely with Campbelltown City Council and the local community to look at opportunities for more homes, jobs, better public spaces, shops and cafes that are within walking distance from the seven train stations between Glenfield and Macarthur.

We would like to thank everyone that has been involved so far by telling us what they value in your area and what you would like to see improved.

You can now join your neighbours in commenting on a draft strategy that will be out for consultation from 27 July to 24 August 2015.

The strategy considers:

Opportunities for more homes and jobs that are walking distance from Glenfield, Macquarie Fields, Ingleburn, Minto, Leumeah, Campbelltown and Macarthur railway stations.

A planning vision for the next 20 years - creating great areas for communities by improving parks and open space, encouraging walking and cycling, and making areas more vibrant and enjoyable.

The type of infrastructure and services that would be required in each area to meet future needs.

How can I get involved?

Community input is an important part of the planning process and we want to hear your feedback to help finalise the investigation work along the Glenfield to Macarthur corridor.

There are a number of ways you can access information and let us know what you think.
